An Coimisiún Pleanála,

I refer to correspondence received from An Coimisiún Pleanála ('ACP' or 'the Commission') dated the 18th of September 2026, requesting the Applicant, Cunlaghfadda Green Energy Limited to respond to the submissions made on the Strategic Infrastructure Development planning application for a 110kV onsite electrical substation, loop-in grid connection, and associated infrastructure and works, located in Co. Mayo (ACP-324429-26).

The Commission initially stipulated a deadline of receipt of the response to submissions by the 16th of October 2026. However, the Applicant subsequently sought an extension to the initial deadline of 4 weeks from the original date of the 16th of October 2026, with a new proposed deadline of the 13th of November 2026. The extension request was sought due to the quantity and nature of the submissions made on the Strategic Infrastructure Development planning application. Email correspondence from the Commission dated the 13th of October 2026, confirmed that the extension was acceptable to the Commission and that the revised deadline of receipt of the response to submissions is the 13th of November 2026.

The Commission confirmed over telephone correspondence on 13th November 2026 that the Commission will accept 1 no. paper copy and 1 no. electronic (USB) copy of the response to submissions. As such, 1 no. paper copy and 1 no. electronic (USB) copy of the response to submissions has been submitted to the Commission on the 13th of November 2026.

If you have any queries, please do not hesitate to get in touch.

Is mise le meas,
Mike.
