Knockaunakill,
Mayo Abbey,

Clare Morris

Co: Mayo. F12V6PO
27: 09: 2026.

I wish to make a submission to
An Coimisiún Pleanála, 64 Marlborough St. Dublin 1, D01 V902.
Re: Submission / Observation on case reference.

VA16.324420 ~ proposed 110KV Electrical Substation,
Loop-in Grid Connection and Associated Infrastructure and works,
Townland of Cloonbaul Co: Mayo.

Applicant: Cundaghfadha Green Energy Limited.
To whom it may concern.

We ask An Coimisiún Pleanála to uphold Mayo County
Council's refusal of the proposed Cundaghfadha Substation.

My personal objection is as follows.

If the proposed Substation is granted it will put
both myself and my son in an automatic disadvantaged
position of not being able to build or have a home on
my father's Land as a site that would be available would
only be approximately 300 metres from the Substation.

This will not only affect me in my Life Time but
also my son in his Life and any opportunity

To have a home on his Grandfathers Land.
 Our Family have lived in Knockaunakill Through
 so many generations but this development will have
 a huge impact for us as a Family, Like so
 many more in this area.

It is a sad reality for my Father and for
 others in the Community that this proposed Development
 will restrict so many from having their own
 families live with or close to them due to
 the fact that planning for homes or extensions
 will not be a possibility from here on end.

Like all others in Knockaunakill I have the
 same ongoing concerns regards
 Wildlife, Flooding, future planning, valuation of property
 being decreased, excess Traffic on rural roads.

Yours Sincerely

Jacinta Corcoran

JACINTA CORCORAN
