CASE NUMBER: 324561

My name is Ruby Philogene and my husband is Mr. Seán Doran who live at the above address. We would like to submit a formal observation regarding commissioning & decommissioning of wind turbines close within our area that has been brought to our attention by neighbours.

We bought our property, F91W4C0 Templeboy Doonbeacon, in August 2025 from the previous owners Mr. Jason Ellis and Ms Rachel Moss. Mr Ellis had kindly written on our behalf for any future correspondence to be sent to ourselves at this Doonbeacon address concerning the future plans of Wind turbines commission, to be sent to Mr Doran's email sdoranbrowne@gmail.com, but in this past year we have not received further information by email or post. We understand there is to be a planning permission brought forward for decommissioning some wind turbines in our neighbouring fields as well as that of commissioning other turbines which are bigger & higher than the previous.

Given our property is within a one kilometre radius we would greatly appreciate information on what this would all entail as well as what would be the impact of such commissioning on our property and daily living.

Kind regards

Mr Seán Doran
and
