Memorandum ACP-324564-26

To: Ciara Kellett, Director of Planning
From: Lauren Griffin, Executive Officer
Re: EIS Direction Request - Residential Development at Harbour Road,
Mullingar, Co. Westmeath
Date: 3rd September 2026

I refer to the attached EIA determination request which was made by Catherine & Mary Kelly on 7th July 2026.

The part 8 development was advertised by the local authority on 18th July 2026, and the public were given 4 weeks to make an EIA determination request to the Commission.

All requests were received within these 4 weeks; however, the requests did not include the class of development. A request for both was issued to Catherine & Mary Kelly on 11th August 2026.

A response to this request was not received.

Director of Planning to advise if sufficient information has been received for the Commission to proceed to consider the EIA determination request, and if the local authority should be informed and Schedule 7A information requested.

File forwarded for review / comments.

*Noted & agreed.
