Re: Planning Application for a 110kV substation and a 110kV grid connection route to facilitate Lissinagroagh Wind Farm, located in various townlands across counties Leitrim and Sligo. (<https://lissinagroaghgridplanning.ie/>).

Dear Sir / Madam,

An Coimisiún Pleanála has received an application for permission under section 182A of the Planning and Development Act, 2000, as amended for the above-mentioned development.

The Commission is of the opinion that the proposed development to which the application for permission relates would be likely to have significant effects on the environment in a transboundary State.

The Commission notified the Minister for Housing, Local Government and Heritage in the Republic of Ireland regarding the above-mentioned application for permission. (copy of correspondence enclosed).

The Commission is now initiating contact with you to enter into consultations in accordance with Article 126 of the Planning and Development Regulations, 2001, as amended.

In this regard, please note the following details:

- (a) Description of the proposed development: 110kV substation and a 110kV grid connection route to facilitate Lissinagroagh Wind Farm, located in various townlands across counties Leitrim and Sligo.
- (b) An environmental impact assessment report has been submitted with the application.
- (c) An Coimisiún Pleanála is the competent authority responsible for making the decision.
- (d) The Commission may in respect of an application for permission decide to:
 - i. Grant permission for the proposed development,
 - ii. Make modifications to the proposed development,
 - iii. Grant permission in part only the proposed development (with or without modifications),
