SITE MANAGEMENT & CONTROL

Bord na Móna Energy Limited is committed to an ongoing improvements programme within the Derrygreenagh Group and the continuous improvement requirement of the IPC process is fully embraced by the management team. To this end it is proposed to install an Environmental Management System (EMS) within the company which will incorporate a training and awareness programme, improvement and review procedures, and measurement and reporting methods. The EMS will enable continuous, structured and quantifiable improvement in the environmental performance of Bord na Móna Energy Limited. This commitment is expressed in the company's Environmental Management Policy, which is currently under review (presented overleaf).

The organisational structure within the Derrygreenagh Group is presented in the flow charts attached.
