Subject: Fw: BLT WSU - Notification of Site Notice Location Update

Caution: This is an **External Email** and may have malicious content. Please take care when clicking links or opening attachments. When in doubt, contact the ICT Helpdesk.

Hi Muirin,

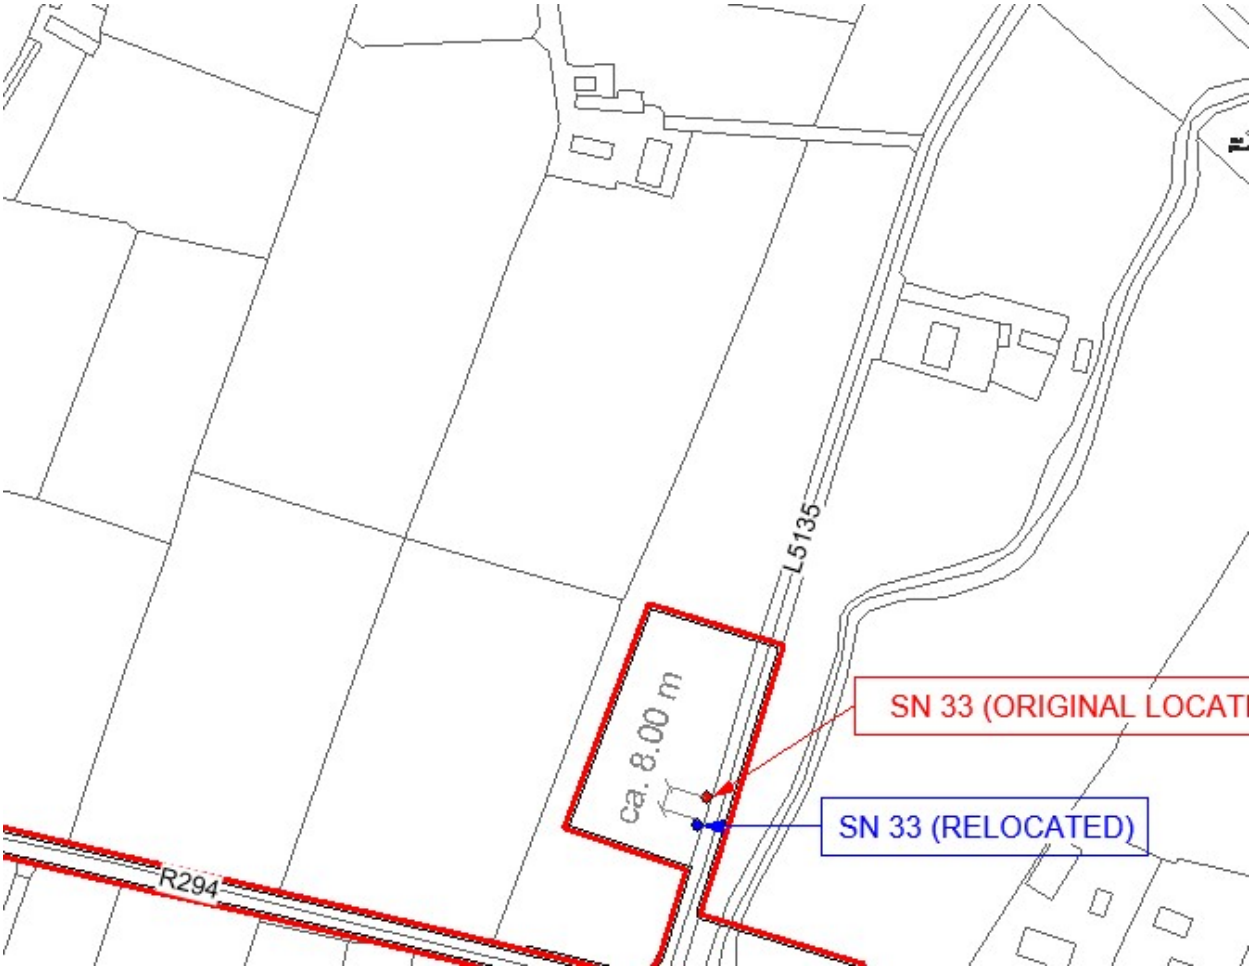

Following up on our call earlier, we wish to advise that one of the site notices was moved after it was erected on the 27th Oct 2026.

Site notice number SN 33 was erected on 27/10/2026 on L5135, to indicate site entrance to the Proposed Bonniconlon BPS, Carrownlabaun, near Bonniconlon, was relocated by parties outside the project team, circa. 8m towards the R294.

The new location of SN 33 is on the same side of the road (L5135) as was originally placed and is within the redline boundary. We have reviewed the new site notice location as part of our bi-weekly monitoring programme and are satisfied the new location is adequate.

Please consider this email as to officially notify of this change. As there is no material impact on our site notice drawings we do not propose to amend the planning submission pack.

Please see the snip below for reference.

Kind regards

Tom Murphy C. Eng
