SID Planning Application Ref. 61.PA.0033**

Dear Sir,

We refer to the above SID Planning Application Ref. 61.PA.0033 and yours of 9/9/16 with attachments.

The Applicant is most eager that we maintain progress on foot of those documents provided by you. We therefore confirm that the Applicant and design team will make ourselves available for the Tripartite meeting(s) that are required from 20/9/16 and onwards with whatever notice that you deem appropriate for the other parties and for you to issue the agenda etc.

Your correspondences of 9/9/16 and previous of 29/9/15 contain within them the issues of concern and for the Agenda. We will be glad to see those listed in your agenda format as soon as possible with your proposed meeting date. We will then confirm our attendees who we presently expect to number approximately 5 to 8 with the additional being ecologists who may be relevant to specific Agenda items as may be proposed by you.

The items of initial greatest interest from those stated are:

Timing, (timeframe of process),

Timing, nature and extent of compensatory measures,

Capacity for interaction with relevant DAHG specialists through a nominated DAHG co-ordinator "to facilitate a joint and co-ordinated approach to the issue of the provision of the compensatory measures considered necessary in this case".

The Applicant is eager to undertake what is required to advance the compensatory measures proposals to the most appropriate Phase 2 extent and detail required, so that the process required to allow the provision of that compensation can commence.

Yours faithfully,

  
John P. Kelly  
Project Director
