Good afternoon Brendan,

The Board are prepared to allow a time extension in this instance.

Can you please revert with an official request for time extension, and proposed timeline as soon as possible after your meeting and prior to the 18th November.

Kind regards,
Niamh

Dear Niamh,

Thank you for the confirmation below.

We have been in contact with NPWS and we are hoping to meet them next week and arrangements are being made for same.

We are progressing with the preparation of our response which will be further informed by the meeting with NPWS. Our initial thoughts are that the 18 November date will be too tight for a comprehensive response.

The level of detail / studies required is also subject to the NPWS meeting.

We would be very grateful if you could confirm if ABP would be prepared to extend the 18 November deadline?

We will return with an expected timeframe as soon as possible after the meeting with NPWS when we are further informed.

I am available on mobile 087-6989364 if you wish to discuss.

Thank you,
Brendan

Dear Brendan,

There is no procedural issue to stop you from contacting the NPWS in order to inform your response to the Board.

Kind regards,

Niamh

Dear Eimear, Niamh, Kieran,
Thank you again for the copy of the letter.
In a number of places in the correspondence the NPWS invite / request interactions.
We trust that it is in order for us to contact them directly in that regard, as it is very important that they are involved in the sign off of the studies / measures, in any case.
If there is any (procedural) reason why we shouldn't contact NPWS directly on the relevant points, we would be very grateful if you would be able to let us know same by return and at your earliest possible convenience, as we would need to make contact with the NPWS today / tomorrow in order to meet the deadline for the response.
My mobile number is 087-6989364.
Thank you,
Brendan
