To whom it may concern:

We are writing this letter in support of the Galway Harbour Company in its planning application to extend the Galway Harbour.

This extension is a key development for Galway City and the West of Ireland in providing an infrastructure fit for the 21st Century. This can only benefit business growth for the city. As an importer of furniture directly having access to a port is of utmost importance for our business.

In conclusion, we are fully in support of this extension and look forward to a modern, multi-modal seaport servicing Galway city and the wider region.

Yours sincerely
