Re: Development of Galway Port - Planning Ref: 61.PA.0033

Dear Sirs

We wish to support the proposed development of Galway Harbour.

The Port activities in Galway contribute significantly to the economy of the City and of area. Commercial traffic has been building up, both inwards and outwards. The presence of the Port has generated significant export businesses which would otherwise not exist due to costs of transportation to Ports elsewhere. In addition, the existence of the Port has encouraged the cruise liner trade which benefits tourism.

The existing Port dates back to the 1830's. It is becoming more and more unsuitable for modern shipping. The new developments will facilitate the larger vessels and will also greatly enhance the tourism business, allowing passengers to go directly ashore without needing to use tenders.

We enclose our cheque for €50.00.

I am

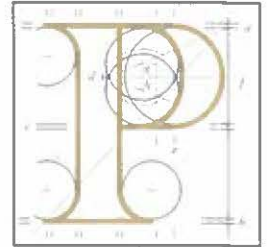

Yours faithfully

John D. Coyle
Chairman
