Re : Galway Harbour Extension – your planning ref 61.PA.0033

Dear Sir ,

6th Feb 2014

We write to you in connection with the above . We act as shipbrokers arranging bulk and break bulk shipments to and from the PORT of GALWAY and have done so for many years . We are very enthused by GALWAY HARBOUR s plans to extend the Port thereby offering greater facilities in terms of vessels type and size that can be accommodated together with greater flexibility .

Efficient modern Regional Ports are in keeping with the European initiatives such as Short Sea Shipping and Motorways of the Sea which are methods of reducing heavy traffic from our Cities, towns and roads onto the sea of our Island nation . Ship sizes even in the North European Coastal trade continue to increase and we would be of the opinion that within the next half a decade it will become a challenge to locate sufficient tonnage / vessels to cater for Galway s existing parameters therefore the extension is of timely importance .

Bulk shipping of certain commodities offers economies of scale and this eventually feeds down the supply chain to the ordinary consumer , this may not be obvious but studies have proved it to be a fact . Galway City has also a rich maritime history and as in all matters if you don't grow you die .

We look forward to a successful outcome in the process.

Yours faithfully

John Dundon
Mang. Director
