Dear Sirs/Mesdames

I wish to support the planned extension of Galway Harbour.

This proposed improvement is long overdue to this essential piece of Galway's infrastructure.

As far as I am aware no expansion of this facility has occurred since the 19<sup>th</sup> Century and I am certain that the modern extension envisaged will be more efficient, far more environmentally friendly and more visually attractive.

I understand I have to support my view with a payment of €50 and I enclose my cheque in this sum.

Yours faithfully

Seán O'houghlin.
