"Galway Harbour Extension Renmore and Townparks Townlands, Galway"

Ref: 61.PA0033

Dear Sirs,

Irish Water (IW) acknowledges receipt of your letter of 22nd October 2014 and subsequent correspondence from Tobin Consulting Engineers (29th October) on behalf of the Galway Harbour Company enclosing further information in accordance with the provisions of section 37(F) of the Planning and Development Act, 2000 (as amended).

The report furnished now takes into account the concern raised in Galway City Council's initial submission to ABP regarding the Galway City Eastern Environs WWTW ultimate loading and reaches the conclusions that the Harbour Development will not significantly (noticeably) affect the performance of the Mutton Island WWTW Outfall and that the plume characteristics of the Galway City Eastern Environs WWTW will not be impacted.

Based on this conclusion Irish Water has no further observations to make on the proposed development at this stage. However, we would like to reserve the right to make a formal submission to the Oral Hearing process as per your letter of the 2nd December.

Yours sincerely,

John Casey
Asset Strategy and Sustainability Manager
