5. Grounds

(See part 6 – Supporting materials for more information.)

The existing shopping centre should be retained for shopping units and the car parking more so now with all the recent residential development and future proposed development. Retail is very badly needed in Dundrum. Any of the development should be on the basis of building over the shop. These properties should have their own parking as we found in our development this is very much needed despite what the developers say.

With regard to the existing buildings, which are part of the character of the village, they should be retained and included in any development.

We need community services in the area and to retain the post office.

There should be a hotel and some type of community centre.

Dundrum is a village and public toilets are needed.

There should be a public square or plaza at the heart of the village

Despite the promises that the original shopping centre would have all the requirements a village would need it has an overabundance of clothing shops and lacking in services.

The development as proposed is more suited to a greenfield site to which the local authorities would have to provide suitable services and infrastructure.

This development is totally out of proportion for the area in which it is proposed and should not even be considered.
