

Objection to An Bord Pleanala on the Hammerson-Allianz SHD plans for Dundrum Village. Reference Number 313220.

I have several objections to this development.

It contravenes the current Dun Laoghaire Rathdown Development Plan

It will completely destroy the character of the village.

The number of apartments is not balanced with sufficient retail and civic space

A huge number of utilities will be needed for the proposed number of apartments

Has the increased amount of traffic been considered.
