Observation details

5. Grounds

Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below. There is **no word** limit as the box expands to fit what you write. You can also insert photographs or images in this box.

(See part 6 – Supporting materials for more information.)

The scale of the plans is completely out of proportion to what Dundrum can accommodate. Traffic is already a problem, especially under the Luas bridge and the Dundrum bypass. Regarding the Luas, it is my experience that the Luas is full in the morning by the time the trams reach Dundrum (lockdown temporarily changed that).

The design of this development is not in keeping with what was envisaged by the locals for this area. I am all in favour of more housing for Dundrum but this design is offensive and its scale is oppressive, totally out of proportion, lacking light and sufficient community and civic spaces.

Supporting materials

6. If you wish, you can include supporting materials with your observation.

Supporting materials include:

- photographs,
- plans,
- surveys,
- drawings,
- digital videos or DVDs,
- technical guidance, or
- other supporting materials.

If your supporting materials are physical objects, **you must send** them together with your observation by post or deliver it in person to our office. You cannot use the online uploader facility.

Remember: You can insert photographs and similar items in part 5 of this form – Observation details
