An observation on the Hammerson Allianz Plans for Dundrum Village.

Reference Number:313220.

I have lived in this area for over fifty years and during this time I have endured the traffic through Dundrum village. While the bypass was a great help for a number of years, increased volumes have significantly reduced its benefit. Adding such a development as proposed by Hammerson Allianz will only add to the congestion.

In addition, the proposed developments at the Central Mental hospital and at Gort Muire will only add to the traffic on roads that are not able to cope with the increased volumes.

I would ask that some members of An Board Pleanála come to Dundrum bypass to observe the traffic in the mornings and evenings. A wet Friday evening from 4 pm to 7 pm should give an indication what chaos will be caused by adding almost 2500 apartments/houses in the village and north and south of the village.

Yours Sincerely

Senan Scanlan.
