Observation details

5. Grounds

Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below. There is **no word** limit as the box expands to fit what you write.

You can also insert photographs or images in this box. (See part 6 – Supporting materials for more information).

1. The closure of the road network during the development will add an abnormal amount of travel time to our normal farming activities, travelling to and from work, and other normal daily activities.
2. We will incur large additional costs in fuel and labour due to the development of the site.
3. The project will raise the groundwater level and will have a hugely detrimental effect on floodplain lands.
4. The completed project will greatly increase the risk of flooding directly into our home.
5. The development and the completed project will have a serious adverse effect on local wildlife.
6. My access to Derrylea bog will be severely restricted, limiting the availability of my winter fuel supply.
