

Barnesmore Windfarm Repowering

Volume IV – Technical Appendices

December 2019

Table of contents

Appendix Number	Appendix Name
TA1.1	Author Qualifications
TA1.2	Cumulative Windfarm Sites
TA1.3	Scoping Opinion
TA1.4	Glossary of Common Acronyms
TA2.1	Outline CEMP
TA2.2	TLI Technical Note 1
TA2.3	Outline Surface Water Management Plan
TA6.1	Statement of Authority
TA6.2	Reptile Survey Results
TA6.3	Scoping Responses - Biodiversity
TA6.4	Further Details on Bat Survey Methodology
TA6.5	Freshwater Pearl Mussel Survey Report
TA6.6	Relevé Surveys 2019
TA6.7	Draft Habitat Management Plan
TA6.8	Habitat and Relevé Plates
TA7.1	Ornithology Surveys 2017 - 2019
TA7.2	Data Review
TA7.3	Collision Risk Modelling (CRM)
TA7.4	Operational Phase Bird Monitoring Plan
TA7.5	Data Review (CONFIDENTIAL)
TA8.1	Photographs
TA8.2	Mapped Bedrock, Mapped Subsoils
TA8.3	Peat & Slope Stability Risk Assessment
TA8.4	Constraints / Mapped Impacts
TA9.1	Photographs
TA9.2	Surface Water Network
TA9.3	Surface Water Bodies includes significant drainage features
TA9.4	Surface Water Systems and Associated Sensitive Protected Areas
TA9.5	Surface Water Baseline Sampling
TA9.6	Surface Water Database & Discharge Calculations
TA9.7	Groundwater Database - Piezo Water Levels
TA9.8	Laboratory Certificates
TA9.9	Constraints
TA10.1	Photos of noise monitors in-situ
TA10.2	Wind speed calculations for Hub Height
TA10.3	Calibration certificates of noise instruments
TA10.4	Noise Survey Data

Appendix Number	Appendix Name
TA10.5	Candidate turbine manufacturer's noise emission data
TA11.1	Visual Impact Assessments at VPs
TA12.1	IAA ASSET Evaluation
TA12.2	Shadow Flicker Assessment Output
TA13.1	Records of Cultural Heritage Assets
TA15.1	Summary of Mitigation Measures
