LA Ref: 10361 - Grant, Conditional	Dowling Quarries Ltd	carry out open cut extraction of 300,000m3 of sand and gravel and all ancillary works over an area of 1.72ha. An EIS will be submitted to the Planning Authority in connection with the application	07/07/2010	Full permission 10 years

Meath Planning History Search Results

Reference	Applicant	Description of Development	Date Lodged	Type of Application
LA Ref: TA181090 - Granted, Conditional	Davin Plant Hire Ltd	the development will consist of a (a) importation of inert excavation spoil comprising natural materials of clay, silt, sand, gravel or stone for the purposes of restoration of a previously extracted area (QY1) to restore the site to a beneficial agricultural and ecological afteruse (5 hectares) (b) Construction and Demolition Waste Recycling facility, (c) Wheel Wash, (d) Weighbridge, (e) Office, and (f) all ancillary site development infrastructure. The application is accompanied by an Environmental Impact Statement (Environmental Impact Assessment Report), Natura Impact Statement and associated documents. The application relates to a restoration development for the purpose of an activity requiring a Waste Licence to be issued by the Environmental Protection Agency.	20/09/2018	Full permission
LA Ref: TA191072 - Granted ABP Ref: PL17 .305831 Financial Appeal by Applicant	Rossmore Civils Limited	the development will consist / consists of: 1) Phased restoration of a worked out authorised quarry back to its original topographical profile and agricultural use. 2) Associated ancillary temporary works and items including: inspection & quarantine area; refuelling area; storm water ditch; silt fences; portable staff canteen & welfare unit; portable WC & handwashing unit; and a parking area 3) Continuation of uses of existing previously authorised infrastructure including; site access; internal access roads; wheelwash; and sprinkler system for the duration of the development. The application site boundary encloses c. 7.5862 Ha. which is comprised of 6.2926 Ha of quarry to be restored and 1.2936 Ha of site access; internal access roads; wheelwash; and sprinkler system. The restoration works will comprise of the phased backfilling of the existing quarry void of c. 209,535 m3 with clean subsoil and topsoil followed by grass seeding and cultivation for agricultural use. The subsoil and topsoil will come from clean natural imported soil and from existing stockpiles of soil stored onsite. The application is accompanied by an Environmental Impact Assessment Report (EIAR) and a Natura Impact Statement (NIS) A waste facility permit and / or waste licence will be required in relation to the development	15/08/2019	Full permission

Reference	Applicant	Description of Development	Date Lodged	Type of Application
LA Ref: TA190652 - Granted, Conditional	Foxbrook Farms Ltd	the construction of a free range poultry house and a detached manure/general purpose storage shed. Permission is also sought for all ancillary site works (to include meal storage bins and soiled water tank(s) and services. An Environmental Impact Assessment Report (E.I.A.R) and Natura Impact Statement (N.I.S.) will be submitted with this planning application. Significant further information/revised plans submitted on this application	24/05/2019	Full permission
LA Ref: TA160678 - Granted, Conditional ABP Ref:PL17 .247792 (3rd Party Appeal) Granted	Shannon Valley Plant Hire	Importation of subsoil and topsoil for land reclamation. Importation, recovery and recycling of concrete and brick materials for re-use and ancillary site works.	24/06/2016 Appeal lodged 30/12/2016	Full permission
LA Ref: RA170127 Granted, Conditional ABP Ref:PL17 .248391 - Granted with revised conditions (3rd party appeal)	Kilsaran Concrete	Restoration of quarry to original state, importation of 5,600,000 tonnes of soil, stones and inert materials and construction of a community centre. An EIS was lodged with the planning application.	10/02/2017 Appeal lodged 26/04/2017	Full permission
ABP Ref:PL17 .QD0013 - Granted	Kilsaran Concrete Trading As Kilsaran Build	Further quarry development comprising continued use of the existing site and ancillary facilities	14/01/2016	Quarry Application
LA Ref: AA181504 Granted, Conditional	Mr Ivan Reynolds	to construct 2 No. Poultry houses (1 No. Free Range and 1 No. Barn Type House), together with all ancillary structures (to include 6 No. Meal Bins and 1 No. Soiled water tank) and associated site works arising from the above development at Gerrardstown, Garlow Cross, Navan, Co. Meath. The above proposed development is in lieu of that previously approved under planning REF: NA901936 and AA150004) This application relates to a development, which is for the purposes of an activity requiring a Licence under part IV of the Environmental Protection Agency (Licensing) Regulations 1994 to 2013. An Environmental Impact Assessment Report (E.I.A.R.) will be submitted with this planning application	14/12/2018	Full permission
LA Ref: LB180300 Granted, Conditional	Dunbia (Slane)	the development consists of the construction of extension to an existing waste water treatment plant to include: - a) Coarse & fine screen, Balance tank, Sludge tank, Sludge press, Anoxic tank, Aeration tank, Clarifier, Sand Filter, Treated effluent pump sump, Coagulant storage tank, Odour Scrubber Unit, Control building and relocation of existing DAF unit. b) Associated site development works, including earth berm to perimeter of extended treatment plant and landscaping,.	23/03/2018	Full permission

Reference	Applicant	Description of Development	Date Lodged	Type of Application
		This planning application is accompanied by an Environmental Impact Assessment Report (EIAR). This application relates to a development which operates the activity 7.4.1 of Schedule 1 of the EPA Acts 2003 to 2013, under an Industrial Emissions Licence (formerly Integrated Pollution Prevention and Control Licence)		
ABP Ref: PL17 .PA0050 - Grant Perm. w Conditions	Irish Cement Limited	10 year permission to facilitate further replacement of fossil fuels with alternative fuels and allow for the introduction of alternative raw materials in the manufacturing of cement at Platin Cement Works	04/08/2017	Private Development - Application
LA Ref: NA171232 Granted, Conditional	Boliden Tara Mines DAC	the development works will consist of the resumption of underground mining in the Nevinstown orebody. The Nevinstown orebody being the closest section of the Navan orebody to surface. Previously planning permission was granted by An Bord Pleanala, ref PL17.204034, in January 2004; said permission has expired. Ore reserves will be mined sequentially over the lifetime of the operation. The resultant tailings waste will be accommodated in the existing tailings facility. Mining will follow a cyclic pattern resulting in the removal of ore from underground, hoisting to surface for processing followed by the filling of the extraction voids using cemented backfill. The surface characteristics and features of the Nevinstown townland will not be altered by mining activity. There will be no additional above ground structure/infrastructure associated with the development. An Environmental Impact Statement (EIS) for the development will be submitted to Planning Authority with the planning application. A Natura Impact Statement (NIS) for the development has been prepared and will be submitted to the Planning Authority with the planning application. The proposal will be within the scope of Industrial Emissions License (IEL) (P0516-03); currently under review by the Environmental Protection Agency. Significant further information/ revised plans submitted on this application	20/10/2017	Full permission
ABP Ref:PL17 .247707 Grant permission with revised conditions	Boliden Tara Mines Limited	The lateral extension to the existing tailings storage facility and construction of an Integrated Constructed Wetlands. The application was accompanied by an E.I.S and N.I.S.	08/12/2016	Full permission

Reference	Applicant	Description of Development	Date Lodged	Type of Application
LA Ref: KA171177 Granted, Conditional ABP Ref:PL17 .301742 Grant permission with revised conditions (3rd party appeal)	Taghart Energy Limited	the development will consist of: the installation of approximately 4km of underground electricity transmission cable	09/10/2017 Appeal lodged 30/05/2018	Full permission
LA Ref: AA170267 Granted, Conditional ABP Ref:PL17 .301384-Granted with conditions (3rd party appeal)	Shane Reynolds	Construct 4 no. poultry houses, 1 no. office, together with all ancillary structures (to include meal bin(s), soiled water tank(s), and ancillary stores) and associated site works (to include upgrading the existing agricultural site entrance) associated with the above development. This application relates to a development which is for the purpose of an activity requiring a Licence under IV of the Environmental Protection Agency Acts 1994 to 2013. An Environmental Impact Statement (E.I.S.) will be submitted with this application. Significant further information/revised plans submitted on this application	16/03/2017 Appeal lodged 10/04/2018	Full permission
LA Ref: DA100697 Granted Conditional ABP Ref:PL17 .239375 Granted with conditions	Czar Construction Ltd	The proposed infrastructural works form part of a comprehensive overall coordinated design for the delivery of a distributor road, associated services, a new signalled controlled junction to the R125 and flood mitigation works which are included as objectives in the Kilcock Environs Local Area Plan (LAP) 2009-2015. The overall distributor road will link the R148 (Maynooth-Kilcock Regional Road) to the southeast with the existing roundabout on the R158 (Summerhill Road) to the northwest. The portion included in this application is located on the applicant's lands to the west of the R125.	22/06/2010 lodged 08/08/2011	Full permission
LA Ref: DA100834 - Granted, Conditional ABP Ref:PL 17.239523 Granted with revised conditions	Blackhall Green Homes Ltd	a distributor road (part of) and services infrastructure including flood mitigation works as part of the coordinated delivery of a distributor road of 2.7km from the R148 Maynooth Road at Branganstown to the R158 Summerhill Road at Dolanstown and flood mitigation works associated with the Rye Water River within Kilcock Environs. The alignment of the distributor road and the flood mitigation works are consistent with the objectives in the Kilcock Environs Local Area Plan 2009-2015 and will integrate with proposals under separate planning applications to Meath and Kildare County Councils by adjoining land owners to the north and east/south.	23/07/2010	Full permission

Reference	Applicant	Description of Development	Date Lodged	Type of Application
LA Ref: DA101044 Granted, Conditional ABP Ref:PL 17.239211 3rd Party Appeal - Granted with conditions	Dorville Homes	10 year permission infrastructural works are part of a comprehensive overall co-ordinated design for delivery of a distributor road service and flood mitigation works.	13/09/2010	Full permission
LA Ref: DA101175 Granted, Conditional ABP Ref:PL 17.239040 - Contribution appeal by applicant	Sean Doyle	construct 2 No. new pig finishing houses and to construct extensions to, 1 No. existing weaner house, 1 No. existing farrowing house, and 1 No. existing dry sow house to comply with incoming Animal Welfare Regulations, together with all ancillary structures (to include feed storage bins, soiled water tanks, rain water collection tank, ect.) and all associated site works, (to include an upgrading of the existing site entrance, new proprietary mechanical wastewater treatment system and percolation area, etc.) on the site of existing pig farm. This application relates to a development which is for the purposes of an activity requiring an Integrated Pollution Prevention and Control (I.P.P.C.) Licence under part IV of the Environment Protection Agency (Licensing) Regulations 1994 to 2008. An Environmental Impact Statement (E.I.S.) will be submitted with this planning application.	14/10/2010	Full permission
LA Ref: KA120679 Granted, Conditional	SSE Renewables Ireland Ltd.	five wind turbines of up to 80m hub height and up to 82.5m rotor diameter with a total tip height not exceeding 121.25m, a transformer and crane handstand area at each turbine, underground electrical and communication cables linking the turbines, internal site tracks, a permanent meteorological mast 80m high, drainage works, a substation and associated equipment and control building with a wastewater treatment system and associated works.	31/07/2012	Full permission
LA Ref: KA140633 ABP Ref:PL.17.245132(3rd party appeal) Granted with revised conditions	Energybia Ltd	revisions to previous planning permissions NA50074 (PL 17.213657), NA/801610 & NA/130510 namely: Permission is sought for the introduction of 2 no. digester processing systems into existing composting process, each digester unit will have 1 no. digester vessel (20.96m high), 1 no. post digester vessel (9.76m high), 1 no. Auger, 1 no. steel container - combined heat and power plant (CHP) and 1 no. covered skip area. Permission is sought for change of waste for composting from that granted under previous permissions, namely from "sludge, wood chip and green waste" at a ratio of 1:1:1 to "sludge, greenwaste and sugar beet", at a ratio of 2:1:1 -	21/07/2014	Full permission

Reference	Applicant	Description of Development	Date Lodged	Type of Application
		Digester 1 and "sugar beet and greenwaste" at a ratio of 9:1 - Digester 2. The total intake of waste is not to exceed 25,000 tonnes per annum as previously granted. Permission is sought for 24 no. polytunnels (each 270sqm - 3.25m high) for the production of vegetables. Heat and power from CHP to be used to feed the polytunnels. With all associated ancillary and site works. Environmental Impact Statement submitted on this application. Significant further information/revised plans submitted on this application		
LA Ref: KA141129 Granted, Conditional ABP Ref:PL.17.245257 Grant with revised conditions (3rd party appeal)	BD Flood Ltd	the development will consist of: Extension of the existing sand & gravel pit (Quarry Ref: QY24) to include: an extraction area of c.23.9 hectares; perimeter landscaped screening berms; all other associated site works/ancillary activities; and restoration to a beneficial agricultural & ecological after-use within an overall planning application area of c.28.5 hectares. This planning application will be accompanied by an Environmental Impact Statement (EIS). Significant further information/revised plans submitted on this application	17/12/2014 Appeal lodged 31/07/2015	Full permission
LA Ref: KA150987 Granted, Conditional	Bernard Harton Carnaross Sand & Gravel	the development (Phase 3) will consist of the extension of the existing development site by 1.52 hectares (that was previously granted Planning Permission under KA/101307 and KA/40263) and will involve the extraction of sand and gravel, hauling it through the existing permitted development and then hauling by road approximately 700 metres to the existing Plant at Pottlereagh for processing. This application will be accompanied by an Environmental Impact Statement	18/09/2015	Full permission
LA Ref: KA160786 Granted, Conditional	College Proteins	the application site comprises an area of c.1.47 hectares. Permission is sought for the construction of a biodiesel manufacturing facility producing up to 25,000 tonnes of biodiesel per annum. The facility comprises: a process building (maximum height of c. 23m) of c. 3,284 sqm Gross Floor Area (GFA) and associated tank farm (consisting of 12 No. external storage tanks, cooling unit, fertiliser silo, loading/uploading station); weigh bridge; security building (c. 33 sqm GFA); 22 No. car parking spaces; 5 No. HGV parking spaces; overground pipe racks linking to the existing rendering plant and wastewater treatment plant; a pipe bridge linking the process building and tank farm; and all ancillary site development, landscaping and	21/07/2016	Full permission

Reference	Applicant	Description of Development	Date Lodged	Type of Application
		boundary treatment works above and below ground. The maximum height of the proposed development is the c. 25 m stack adjoining the column tower of the process building. The application relates to development which comprises or is for the purposes of an activity requiring an Industrial Pollution Prevention and Control Licence (now replaced by an Industrial Emissions Licence). An Environmental Impact Statement (EIS) will be submitted to the Planning Authority with the application		
LA Ref: KA161358 Granted, Conditional	Raragh Developments Limited	the development will consist of laying an underground 20kV electricity cable and associated ducting, installation of cable joint bays, link box chambers, cable marker posts and cable marker plates, to facilitate the connection of the permitted Raragh Wind Farm within the townland of Raragh and Corrishigo, Co. Cavan (Cavan Co. Co. Planning Ref. 09/270) and An Bord Pleanala Planning Ref. PL02. 236608) to the national electricity grid via the existing Kingscourt 38kV ESB substation in the townland of Raloaghan, Co. Meath.	08/12/2016	Full permission
