21st August 2020

**Re: Application for Substitute Consent pursuant to Notice issued under
Section 177B of the Planning and Development Act, 2000 (as amended) in
relation to Derrybrien Windfarm, Co. Galway**

Applicant: Gort Windfarms Limited

A Chara,

Further to receipt of a notice under Section 177B of the Planning and Development Act, 2000 (as amended) [Notice attached as **Attachment 1**] find enclosed an application for Substitute Consent in relation to Derrybrien Wind Farm and associated development, in County Galway.

I refer to previous correspondence with An Bord Pleanála (ABP). By way of an email dated 10th August 2020 (**Attachment 2**) ABP reviewed specific application details and advised as follows:

- The wording of the draft public notices submitted by email appear to be adequate
- Proposed arrangements in relation to notices (site notices and newspaper notices) appeared to be in order;
- The applicable fee was €38,000;
- the Applicant would provide the Board with Board require 6 hard copies and 10 electronic copies of the application with additional copies provided if required;
- Proposals in relation to drawing scales are agreeable.

The application includes the following documents:

1. This Cover Letter;
2. Application form (see **Volume 1** of this pack);
3. Cheque made payable to An Bord Pleanála in the amount of €38,000 (**Attachment 3** to this letter);
4. EIA portal confirmation notice (**Attachment 4** to this letter);

5. Site notice as erected on site at various locations on 21st August 2020 (see **Volume 1** of this pack);
6. Newspaper notice as published in the Irish Independent and Connacht Tribune (see **Volume 1** of this pack);
7. Planning Report x 6 hard and 10 electronic copies (see **Volume 1** of this pack);
8. Plans and Drawings x 6 hard and 10 electronic copies (see **Volume 2** of this pack);
9. Remedial Environmental Impact Assessment Report x 6 hard and 10 electronic copies (see **Volume 2** of this pack);
10. Remedial Natura Impact Statement x 6 hard and 10 electronic copies (see **Volume 2** of this pack).

In relation to drawings, please note that in order to facilitate the review of the drawing pack we enclose:

- Within **Volume 1**, a clearly labelled folder containing not-to-scale prints of all application drawings printed at A3– which are also provided at the appropriate scales,
- Within **Volume 2**, a folder providing all of the rEIAR figures at A3, noting those figures are provided within the rEIAR at A4.

It is the intention of the Applicant to secure, in due course, all other consents to regularise the status of this development, including Waste Licences, if and where applicable.

I trust all application details are in order, if you have any queries please contact me on 087 2802944.

Is mise le meas,

WHEREAS:

- A. Galway County Council, being the Planning Authority for the County of Galway (hereinafter referred to as "the Council") has become aware in relation to the development described in Schedule 1 hereto (the "Development") within the Council's administrative area for which the several Permissions set out in Schedule 2 were granted by the Council and/or An Bord Pleanála ("the Board") and for which an Environmental Impact Assessment ("EIA") was required and that a final judgment of the Court of Justice of the European Union in the case of Commission of the European Communities -v- Ireland (case C-215/06) has been made on the 3rd July 2008 that the permissions in Schedule 2, or certain of same, were in breach of law, invalid and/or otherwise defective for the reasons set out in the said Judgement and in particular were in breach of the provisions of European Directive 85/337/EEC (and as amended by European Directive 97/11) by reason of the omission from the application for permission of an Environmental Impact Statement in respect of those parts of the development for which permission was granted without an Environmental Impact Statement having been submitted as set forth in the Second Schedule hereto.
- B. You are the person who carried out the development and/or the owner and occupier of the land on which the development is situate.

TAKE NOTICE as follows:

1. You are hereby informed of the proceedings referred to in Paragraph A above and the findings of same and a copy of the judgment in the said proceedings referred to in that paragraph (Case C- 215/06) is appended hereto.
2. You are hereby directed to apply to the Board for substitute consent, within the meaning thereby assigned by the Planning and Development Act, 2000 as amended, in respect of the Development no later than 12 weeks from the date of this Notice.
3. You are directed to furnish with the application to the Board a Remedial Environmental Impact Assessment Report.
4. You should also ensure that the application complies with all relevant legislation (including the Planning and Development Acts, 2000 to 2019 and the Planning and

Development Regulations, 2001 to 2020 and may require a Remedial Natura Impact Statement to be furnished with the application.

TAKE FURTHER NOTICE as follows:

5. You may make submissions or observations in writing to the Council no later than 4 weeks from the date of this Notice
6. Not later than 8 weeks from the date of this Notice, the Council shall:
 - (a) Where no submissions or observations are made to the Council, confirm or amend this Notice, or
 - (b) Where submissions or observations are made to the Council under Section 177B(2)(d), confirm, amend or withdraw this Notice.

A copy of Section 177B of the Planning and Development Act, 2000 as amended, is also attached to this Notice.

SCHEDULE ONE

The Development of a windfarm, including ancillary development which includes service roadways, control house, transformer compounds and anemometer mast and associated development of a Grid Connection at Derrybrien West, Derrybrien East, Derrybrien North, Toormacnevin., Bohaboy, Caheranearl and Boleyneendorrish, all in the County of Galway, more particular described in the grants of planning permission as set out in Schedule Two below.

SCHEDULE TWO

Council planning reference	Applicant	Location of development	Nature of development permitted by the permission and indication of whether an Environmental Impact Statement (EIS) was submitted as part of the planning application in question
<u>973470</u>	Saorgus Energy Ltd	Derrybrien West & Boleyneendorrish	for a) wind farm of 23 wind turbines; b) service roadways; c) control house; d) anemometer mast - EIS submitted. Permission issued by An Bord Pleanála PL 07.106290
<u>973652</u>	Saorgus Energy Ltd	Derrybrien North	for a. wind farm of 23 wind turbines, b. service roadways, c. a control house, d. anemometer mast at Caheranearl, Derrybrien - EIS submitted. Permission issued by An Bord Pleanála PL 07.106292

<u>992377</u>	Saorgus Energy Ltd	Derrybrien North and East	for the installation of a 110kV electricity transmission line between wind farm at Derrybrien North and 110kV ESB transmission line at Loughatorick North. Permission issued by Galway County Council
<u>004581</u>	Saorgus Energy Ltd	Derrybrien	Development of Derrybrien wind farm consisting of 25 wind turbines, service roadways, transformer compounds and anemometry mast (see newspaper notice) at Toormacnevin, Bohaboy and Derrybrien North. Permission issued by An Bord Pleanála PL 07.122803
<u>023560</u>	Saorgus Energy Ltd	Toormacnevin/ Derrybrien	for change of turbine type from 25 Vestas V47 turbines to 25 Vestas V52 turbines. This involves a reduction in hub height of 3m and an increase in blade length of 3m, giving same max. height as the permitted turbines of 73m. Permission granted by Galway County Council
<u>035642</u>	Gort Windfarms Ltd	Boleyneendorrish Derrybrien West	Extension of appropriate period for development of (a) windfarm of 23 wind turbines (b) service roadways (c) control house (d) anemometer mast 97/3470 refers. Permission issued by Galway County Council
<u>035637</u>	Gort Windfarms Ltd	Derrybrien North	Extension of appropriate period for development of a wind farm of 23 wind turbines, b. service roadways, c. a control house, d. anemometer mast - 97/3652 refers. Permission issued by Galway County Council
<u>05317</u>	Gort Windfarm Ltd	Derrybrien North	Extension of appropriate period for development of wind farm of 23 wind turbines. Permission issued by Galway County Council
<u>05316</u>	Gort Windfarms Ltd	Derrybrien West	Extension of appropriate period for development of wind farm of 23 wind turbines. Permission issued by Galway County Council

Dated this 9th day of June 2020.

Signed: 

Annotations**Amendments:**

F240 Inserted (21.09.2011) by *Planning and Development (Amendment) Act 2010* (30/2010), s. 57, S.I. No. 475 of 2011.

F241 [Application to apply for substitute consent where notice served by planning authority.]

177B.— (1) Where a planning authority becomes aware in relation to a development in its administrative area for which permission was granted by the planning authority or the Board, and for which—

- (a) an environmental impact assessment,
- (b) a determination in relation to whether an environmental impact assessment is required, or
- (c) an appropriate assessment,

was or is required, that a final judgment of a court of competent jurisdiction in the State or the Court of Justice of the European Union has been made that the permission was in breach of law, invalid or otherwise defective in a material respect because of—

- (i) any matter contained in or omitted from the application for permission including omission of an environmental impact statement or a Natura impact statement or both of those statements, as the case may be, or inadequacy of an environmental impact statement or a Natura impact statement or both of those statements, as the case may be, or
- (ii) any error of fact or law or procedural error,

it shall give a notice in writing to the person who carried out the development or the owner or occupier of the land as appropriate.

(2) The notice referred to in subsection (1) shall—

- (a) inform the person to whom it is given of the proceedings and findings referred to in subsection (1),
- (b) direct the person concerned to apply to the Board for substitute consent no later than 12 weeks from the date of the notice,
- (c) direct the person concerned to furnish with his or her application a remedial environmental impact statement or remedial Natura impact statement or both of those statements, as the case may be,
- (d) advise the person concerned that he or she may make submissions or observations in writing to the planning authority no later than 4 weeks from the date of the notice.

(3) Not later than 8 weeks after the giving of the notice under subsection (1) the planning authority shall—

- (a) where no submissions or observations are made to the authority under subsection (2)(d), **F242**[confirm or amend the notice], or
- (b) where submissions or observations are made to it **F242**[under subsection (2)(d), confirm, amend or withdraw the notice].

(4) **F243**[...]

Confirmation of Agreement of Application Details with An Bord Pleanála

O'Keeffe. Helen (Engineering and Major Projects)

From: Muiriosa Cassells <M.Cassells@pleanala.ie>
Sent: Monday 10 August 2020 18:22
To: O'Keeffe. Helen (Engineering and Major Projects)
Cc: Mary Holohan
Subject: RE: Substitute Consent Application: Derrybrien Wind Farm, Co. Galway

Hi Helen

As discussed. The notices and documentation seem satisfactory and will be further reviewed when application received by the Inspectorate.

Regards

Muiriosa Cassells

From: Helen O'Keeffe [mailto:helen.okeeffe@esb.ie]
Sent: Thursday 30 July 2020 21:25
To: Muiriosa Cassells
Subject: Substitute Consent Application: Derrybrien Wind Farm, Co. Galway
Importance: High

Dear Muiríosa,

Further to receipt of a Notice from Galway County Council issued under Section 177B of the Planning and Development Act, 2000 (as amended) [attached as **Attachment 1**] Gort Windfarms Ltd. is are in the final stages of compiling the application documents in relation to a Substitute Consent application for the **Derrybrien Wind Farm Project in County Galway**. I will be acting as Agent for Gort Windfarms Limited on this application.

In advance of the submission, I wish to please confirm the following with the Board:

1. Wording of the Public Notices

I attach a draft Site Notice and Newspaper Ad – **Attachments 2 and 3**. You will note I have left a space for a register reference number – pending clarification whether ABP will assign a reference number for this file in advance of the submission being made.

Can you please confirm that the wording of the notices is to the satisfaction of the Board?

2. Location of Site Notices

The application site extends over some 514 Ha. Significant parts of the site are remote from public roads. Furthermore there are a significant number of access routes to various parts of the site.

Given the extensive nature of the site, we have identified 17 No. locations where site notices may be required, identified on the attached map [**Attachment 4**]. In identifying this requirement, we note that - pursuant to Article 17(3) of the Planning and Development Regulations there is no requirement to erect a site notice for a development consisting of an overhead transmission line, but have taken a precautionary approach to ensure that the public are aware that this application is being made and erected notices at all reasonable locations.

Can you please confirm that this approach is to the satisfaction of the Board?

3. Newspaper Ads

We propose to publish two newspaper ads - one in a National Newspaper (the Irish Independent) and one in a Regional Newspaper (Connacht Tribune), in compliance with the requirements under the Act and Regulations. These publication is approved by Galway County Council for planning ads in its functional area.

Can you please confirm this approach is to the satisfaction of the Board?

4. Application Fee

The application fee has been calculated as follows, based on the inclusion of three classes of development:

Class	Relevant Area	Applicable Fee	Calculation
Class 4. The provision of buildings other than buildings coming within class 1, 2 or 3.	Substation buildings, storage containers = 455.72 sq. m.	€80 for each building, or €3.60 for each square metre of gross floor space to be provided, whichever is the greater.	= 3.60 x 455.72 = €1,640.59
Class 10 The provision of overhead transmission or distribution lines for conducting electricity, or overhead telecommunications lines	7.8km OHL	€80, or €50 for each 1,000 metres length, or part thereof, whichever is the greater.	=50 x 8 = €400
Class 13. Development not coming within any of the foregoing classes.	All other development (includes roadways, verges, foundation bas areas, crane hardstandings, substation compounds) over the 514 Ha site	€80, or €10 for each 0.1 hectare of site area, whichever is the greater.	=(514 / 0.1) * 10 = €51,400

On the basis of the above the application fee is €53,440.59.

However, per Paragraph 4, Section 3 of Schedule 9 'Maximum and minimum fees for planning applications', the maximum fee payable to a planning authority by an applicant in respect of any planning application other than an application mentioned in paragraph 1 (application for outline permission), 2 (application for or 3 (application for retention of unauthorised development) shall be €38,000.

Can the Board please confirm its calculation of the application fee as above and that the applicable fee is €38,000?

5. Number of Copies of Documentation to be Submitted and Format of Same

The Substitute Consent application pack comprises 2 volumes of documents – Statutory application documents (including c.65 drawings) and Planning Report, Environmental Documents – the rEIAR and rNIS. We propose to provide the Board with 6 No. (printed) hard copies of the application pack and 10 No. CDs containing the files in a readable and searchable (PDF) format. Additional copies can, of course, be provided as required. It is noted that the applicant proposes to post the application documents on a project website – www.derrybrienwindfarm.ie thereby ensuring it is available to members of the public.

Can the Board please confirm this is agreeable – or specify alternative number of copies for both hard and soft copies?

6. Drawing Scales

In the context of the extensive site subject of this application, and having regard to the requirements of the Planning and Development Act, as amended and Regulations, we propose to submit drawings at the most meaningful scale possible. This will facilitate the review of the application pack for all readers.

Having regard to the provision under the Regulations where an Applicant may agree alternative scales for drawings with the Planning Authority, prior to the submission of the application, agreement on the following is requested:

- **Site Location Map** – the typical requirement is for a site location map not less than 1:1,000 in a built-up area and 1:2,500 in all other areas. For ease of site identification and inspection – whereby the entire site can be seen in context, a ‘Strategic Site Location Map, is provided at 1:50,000 (to facilitate site identification) 1:15,000 and 1:10,000 with varying levels of detail. Collectively these drawings will provide all information required under the Regulations – including details such as distances of structures from boundaries. More detailed site location / layout maps at 1:2,500 are then provided – noting that there are 17 such sheets required to cover the entire site.
- **Other Plans, Elevations and Sections** – The planning pack comprises drawings of existing structures. Given the large-scale of many of these features, these are shown at the most relevant scales - typically at 1:500 and 1:200, though there may be a deviation from the standard where necessary to capture and display all details.

In addition to scaled drawings we propose to print two copies of the drawings within an A3 folder. We propose clearly label that these drawings are not to scale, noting that they are provided for ease of review.

A similar approach will be taken to the Figures set out in the EIAR – which will be printed at A4 within the body of the documents with a separate folder containing all at A3 – again for the ease of review.

Can you please confirm that this approach is to the satisfaction of the Board?

7. Timeframe for Submission - You will note that an initial notice was issued by Galway County Council on 9th June and that notice was confirmed on 23rd July. The Notice requires Gort Windfarm Limited to submit an application to An Bord Pleanála within 12 weeks i.e. by 31st August 2020. As permitted under S.177E(4) of the Act, Gort Windfarms Ltd. requests that the Board extends this deadline by a further 2 weeks i.e. until 14th September 2020, to facilitate this substantial submission within a reasonable timeframe.

Many thanks for your consideration of these items. I am out of the office next week but – given the timeframes involved, will be available on email or the below number should any queries arise or if the Board would like to discuss any other issues in advance of this submission being made.

Kind regards
Helen
