

Notes:  
 Do not scale from this drawing. Use figured dimensions in all cases. Vary dimensions on site and report any discrepancies to the architect immediately. This drawing is the final in conjunction with the architect's specification, Fire Certificate, etc. Other considerations should be based on drawings and reports. Contractor is responsible for:  
 1. All dimensions, quantities and performance requirements to be confirmed on site.  
 2. All information that pertains solely to the fabrication processes or to the techniques of construction.  
 3. All coordination of the work of all trades.  
 4. Assuming consistency with the contract documents.
