

**Location:** Viewpoint 5  
 Distance to Site Boundary: 500m  
 Horizontal Angle of View: 90 Degrees

Panoramic View

Viewpoint 5 East from Knockmaa.

View East towards subject site from lands to the eastern side of Knockmaa. Whilst this location is not frequented by the public, it presents an open elevated view of the subject site. All other viewpoints on Knockmaa are well screened by existing woodland cover. Operational areas of both quarries are clearly visible from this viewpoint, however although elevated there is no visibility of unauthorised development.
