Application Form for Permission / Approval in respect of a Strategic Infrastructure Development

1.

Please specify the statutory provision under which your application is being made:	Section 37E of the Planning and Development Act 2000 (as amended).
--	--

2. **Applicant:**

Name of Applicant:	Futureenergy Glenard Designated Activity Company
Address:	Riverside One Sir John Rogerson's Quay Dublin 2
Telephone No:	016698565
Email Address (if any):	info@futureenergyireland.ie

3. Where Applicant is a company (registered under the Companies Acts):

Name(s) of company director(s):	Peter Lynch & Jim Caplis
Registered Address (of company)	Riverside One Sir John Rogerson's Quay Dublin 2
Company Registration No.	694526
Telephone No.	016698565
Email Address (if any)	info@futureenergyireland.ie

4. Person / Agent acting on behalf of the Applicant (if any):

Name:	Meabhann Crowe (MKO)
Address:	MKO, Tuam Road, Galway H91 VW84
Telephone No.	091735611
Mobile No. (if any)	N/A
Email address (if any)	mcrowe@mkoireland.ie

Should all correspondence be sent to the above address? (Please tick appropriate box)

(Please note that if the answer is “No”, all correspondence will be sent to the Applicant’s address)

Yes: [] No:[]

Contact Name and Contact Details (Phone number) for arranging entry on site if required / appropriate:

Meabhann Crowe (MKO)

MKO, Tuam Road, Galway

091 735611

5. Person responsible for preparation of Drawings and Plans:

Name:	J. O’Brien (MKO); G. Dabrowska (HES); P. O’Reilly (FTC); D. Browne (TLI)
Firm / Company:	MKO Hydro Environmental Services (HES) Fehily Timoney & Company (FTC) TLI Group
Address:	MKO, Tuam Road, Galway HES, 22 Lower Main Street, Dungarvan, Waterford FTC, 35 Plaza, North Park Business Park, North Road, Dublin 11 TLI, Beenreigh, Abbeydorney, Tralee, Co. Kerry
Telephone No:	091735611 (MKO) 05844122 (HES) 016583500 (FTC) 0667135710 (TLI)
Mobile No:	N/A
Email Address (if any):	info@mkoireland.ie info@ftco.ie info@hydroenvironmental.ie info@tli.ie

Details all plans / drawings submitted – title of drawings / plans, scale and no. of copies submitted.

Please refer to Addendum 1 – 3 no. hard copies and 7 no. electronic copies, as requested by the Board.

6. Site:

Site Address / Location of the Proposed Development (as may best identify the land or structure in question)	In the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.	
Ordnance Survey Map Ref No. (and the Grid Reference where available)	OS: OS2242, OS2442 Grid Reference: 0085, 0086, 0087, 0088, 0106, 0107, 0108, 0109, 0127, 0128, 0129, 0130, 0148, 0149, 0150, 0151	
Where available, please provide the application site boundary, as shown in the submitted plans / drawings, as an ESRI shapefile in the Irish Transverse Mercator (ITM IRENET95) co-ordinate reference system. Alternatively, a CAD file in .dwg format, with all geometry referenced to ITM, may be provided.		
Area of site to which the application relates in hectares	786.5.1ha	
Site zoning in current Development Plan for the area:	Site is in the open countryside and is not subject to any specific zoning	
Existing use of the site & proposed use of the site:	Existing use of the site and proposed use of the site: Existing –commercial forestry and existing roads/tracks Proposed – identified land-uses will continue in conjunction with the operation and decommissioning of the proposed wind farm and associated works.	
Name of the Planning Authority(s) in whose functional area the site is situated:	Donegal County Council	

7. Legal Interest of Applicant in respect of the site the subject of the application:

Please tick appropriate box to show applicant's legal interest in the land or structure:	Owner ✓	Occupier
	Other ✓	
Where legal interest is "Other", please expand further on your interest in the land or structure.		
<p>The proposed development site is under the ownership of Coillte and third parties. Where 'Coillte (or an associated company)' is referenced, this relates to Futureenergy Ireland.</p> <p>In relation to works along the public roads the provisions Article 22(2)(g)(ii) of the Planning Regulations applies - Confirmation letter submitted.</p>		
<p>If you are not the legal owner, please state the name and address of the owner and supply a letter from the owner of consent to make the application as listed in the accompanying documentation.</p>		
<ul style="list-style-type: none"> • Coillte, Dublin Road, Newtownmountkennedy, Co. Wicklow • Patrick Grant • John Doherty, Middle Illies, Bunrana, Co. Donegal • John Kelly Bradley, 6 Upper Malvarn, Belfast, BT8 7TN • Owen Kelly, Illies, Bunrana, Co. Donegal • Denis Doherty, 9A St Columbas Avenue, Bunrana, Co. Donegal • Hugh Constantine Doherty, 9A St Columbas Avenue, Bunrana, Co. Donegal • Kathleen Coogan, 9A St Columbas Avenue, Bunrana, Co. Donegal • Finbar Porter, Magherinture, Bunrana, Co. Donegal • Eamon Doherty, Lisona, Bunrana, Co. Donegal • James Doherty, St Columbas Avenue, Bunrana, Co. Donegal • Hugh Grant and Sadie Grant, Middle Illies, Bunrana, Co. Donegal • John McCarron, Bogstown, Quigleys Point, Lifford, Co. Donegal • Mary Grant, Meenaharnish, Ballymagan, Lifford, Co. Donegal • Patrick Grant, Middle Illies, Bunrana, Co. Donegal <p>Where 'Coillte' is referenced, this relates to Futureenergy Ireland. Letters of consent are included as part of the planning pack at Addendum 2.</p>		
<p>Does the applicant own or have a beneficial interest in adjoining, abutting or adjacent lands? If so, identify the lands and state the interest.</p>		
<p>Yes, please refer to drawing MKO 190114-02</p>		

8. Site History:

Details regarding site history (if known):

Has the site in question ever, to your knowledge, been flooded?

Yes: [] No: [✓]

If yes, please give details e.g. year, extent:

Are you aware of previous uses of the site e.g. dumping or quarrying?

Yes: [] No:[✓]

If yes, please give details:

Are you aware of any valid planning applications previously made in respect of this land / structure?

Yes: [] No: []

If yes, please state planning register reference number(s) of same if known and details of applications

Reg. Ref. No:	Nature of Proposed Development	Nature of Final Decision of Application Grant of Refusal by Planning Authority / An Bord Pleanála
20/51328	Retention of an existing lattice meteorological mast (80m in height) and associated instrumentation and works.	Granted by Donegal County Council on the 13/05/2021

If a valid planning application has been made in respect of this land or structure in the 6 months prior to the submission of this application, then any required site notice must be on a yellow background in accordance with Article 19(4) of the Planning and Development regulations 2001 as amended.

Is the site of the proposal subject to a current appeal to An Bord Pleanála in respect of a similar development?

Yes: [] No:[]

If yes please specify

An Bord Pleanála Reference No.: _____

9. Description of the Proposed Development:

<p>Brief description of nature and extent of development</p>	<ul style="list-style-type: none">• Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:<ul style="list-style-type: none">○ a total tip height in the range of 162 metres minimum to 173 metres maximum,○ hub height in the range of 96 metres minimum to 107 metres maximum, and○ rotor diameter in the range of 132 metres minimum to 140 metres maximum• 1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;• All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;• All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;• 1 no. Meteorological Mast of 104 metres in height;• Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);• 1 no. borrow pit;• 1 no. permanent peat and spoil repository area;• Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;• 2 no. temporary construction compounds;• Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;• All temporary works associated with the facilitation of turbine component and abnormal load delivery;• Construction of a permanent link road between the R240 Regional Road and the L1731 local
--	---

	<p>road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;</p> <ul style="list-style-type: none"> • Site Drainage; • Site Signage; • Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and • All associated site development works. <p>The application is seeking a ten-year planning permission and 35 year turbine operational period from the date of overall commissioning. An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompany this planning application.</p>
--	---

10. In the case of mixed development (e.g. residential, commercial, industrial, etc), please provide breakdown of the different classes of development and a breakdown of the gross floor area of each class of development:

Class of Development:	Gross Floor Area in m ²
N/A	N/A

11. Where the application relates to a building or buildings:

Gross floor space of any existing buildings(s) in m ²	N/A
Gross floor space of proposed works in m ²	Substation1 = 216 m ² Substation 2 = 450m ²
Gross floor space of work to be retained in m ² (if appropriate)	N/A
Gross floor space of any demolition in m ² (if appropriate)	N/A

12. In the case of residential development please provide breakdown of residential mix:

Number of	Studio	1 Bed	2 Bed	3 Bed	4 Bed	4 + Bed	Total
Houses	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Apartments	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Number of car-parking spaces to be provided		Existing:	Proposed:			Total: N/A	

13. Social Housing: N/A

Please tick appropriate box:	Yes	No
<i>Is the application an application for permission for development to which Part V of the Planning and Development Act 2000 applies?</i>		✓
<p>If the answer to the above question is “yes” and the development is not exempt (see below), you must provide, as part of your application, details as to how you propose to comply with section 96 of Part V of the Act.</p> <p>If the answer to the above question is “yes” but you consider the development to be exempt by virtue of section 97 of the Planning and Development Act 2000, a copy of the Certificate of Exemption under section 97 must be submitted (or, where an application for a certificate of exemption has been made but has not yet been decided, a copy of the application should be submitted).</p> <p>If the answer to the above question is “no” by virtue of section 96 (13) of the Planning and Development Act 2000, details indicating the basis on which section 96 (13) is considered to apply to the development should be submitted.</p>		

14. Where the application refers to a material change of use of any land or structure or the retention of such a material change of use:

Existing use (or previous use where retention permission is sought)
The land uses within the proposed development site include commercial forestry and existing roads/tracks
Proposed use (or use it is proposed to retain)
A renewable energy development, associated works and infrastructure including 110 kV substation and recreational amenities Existing land-uses will continue in conjunction with the operation and decommissioning of the proposed wind farm and associated works.
Nature and extent of any such proposed use (or use it is proposed to retain).
The development of a renewable energy development including associated works and amenity uses.

15. Development Details:

Please tick appropriate box:	If answer is yes please give details	YES	NO
Does the proposed development involve the demolition of a Protected Structure(s), in whole or in part?			✓
Does the proposed development consist of work to a protected structure and / or its curtilage or proposed protected structure and / or its curtilage?			✓
Does the proposed development consist of work to the exterior of a structure which is located within an architectural conservation area (ACA)?			✓
Does the application relate to development which affects or is close to a monument or place recorded under section 12 of the National Monuments (Amendment) Act, 1994.			✓
Does the application relate to work within or close to a European Site or a Natural Heritage Area?			✓
Does the development require the preparation of a Natura Impact Statement?		✓	
Does the proposed development require the preparation of an Environmental Impact Assessment Report?		✓	
Do you consider that the proposed development is likely to have significant effects on the environment in a transboundary state?		✓	
Does the application relate to a development which comprises or is for the purpose of an activity requiring an integrated pollution prevention and control license			✓
Does the application relate to a development which comprises or is for the purpose of an activity requiring a waste license?			✓
Do the Major Accident Regulations apply to the proposed development?			✓
Does the application relate to a development in a Strategic Development Zone?			✓
Does the proposed development involve the demolition of any habitable house?			✓

16. Services:

Proposed Source of Water Supply:
Existing connection: <input type="checkbox"/> New Connection: <input type="checkbox"/> Public Mains: <input type="checkbox"/> Group Water Scheme: <input type="checkbox"/> Private Well: <input checked="" type="checkbox"/> Other (please specify): Please refer to Chapter 4 of the EIAR Name of Group Water Scheme (where applicable): N/A It is proposed to either harvest rainwater from roofs of the buildings or, alternatively, install a groundwater well adjacent to the substation. The well will be flush to the ground and covered with a standard manhole. A pump house is not required as an in-well pump will direct water to water tank within the roof space of the control building.
Proposed Wastewater Management / Treatment:
Existing: <input type="checkbox"/> New: <input type="checkbox"/> Public Sewer: <input type="checkbox"/> Conventional septic tank system: <input type="checkbox"/> Other on site treatment system: <input checked="" type="checkbox"/> Please Specify: Please refer to Chapter 4 of the EIAR It is not proposed to treat wastewater on site. Wastewater from the staff welfare facilities in the control buildings will be managed by means of a sealed storage tank, with all wastewater being tankered off site by a permitted waste collector to a wastewater treatment plant.
Proposed Surface Water Disposal:
Public Sewer / Drain: <input type="checkbox"/> Soakpit: <input type="checkbox"/> Watercourse: <input type="checkbox"/> Other: <input checked="" type="checkbox"/> Please specify: Refer to Chapter 4 of the EIAR Drainage water from any works areas of the site will not be directed to any natural watercourses within the site. Two distinct methods will be employed to manage drainage water within the site. The first method involves keeping clean water clean by avoiding disturbance to natural drainage features, minimising any works in or around artificial drainage features, and diverting clean surface water flow around excavations and construction areas. The second method involves collecting any drainage waters from works areas within the site that might carry silt or sediment, to allow attenuation and settlement prior to controlled diffuse release.

17. Notices:

Details of public newspaper notice – paper(s) and date of publication
National Paper -Irish Times: Published 4 th February 2022 Local Paper – Derry Journal, Published 4 th February 2022 Copy of page(s) of relevant newspaper enclosed Yes: [<input checked="" type="checkbox"/>] No:[<input type="checkbox"/>]
Details of site notice, if any, - location and date of erection
Date of erection of Site Notices: 4 th February 2022 Copy of site notice enclosed Yes: [<input checked="" type="checkbox"/>] No:[<input type="checkbox"/>] For location of site notices, please refer to drawing MKO 190114-02
Details of other forms of public notification, if appropriate e.g. website
All documentation is available to view on the dedicated project website: www.glenardplanning.ie Covid-19 restrictions prevented an in-person public consultation event, however an informative online project exhibition was developed with the assistance of Innovision, a virtual platform specialist. This Virtual Tour went live in January 2022 and is accessible from the project website homepage, www.glenardwindfarm.ie . A Community Report which details the public consultation effort and outcomes is included as Appendix 2-2 of the EIAR.

18. Pre-application Consultation:

Date(s) of statutory pre-application consultations with An Bord Pleanála
Schedule of any other pre application consultations –name of person / body and date of consultation to be provided as appropriate and also details of any general public consultations i.e. methods, dates, venues etc. This can be submitted as a separate schedule with the application form. Enclosed: Refer to Addendum 3 of the planning form Yes: [<input checked="" type="checkbox"/>] No:[<input type="checkbox"/>]

Schedule of prescribed bodies to whom notification of the making of the application has been sent and a sample copy of such notification.

Enclosed: Refer to Addendum 4 of the planning form

Yes: [] No:[]

19. Confirmation Notice:

Copy of Confirmation Notice

Attach a copy of the confirmation notice in relation to the EIA Portal where an EIAR accompanies the application.

A copy of the notice is attached and the EIA Portal ID is **2022009**

20. Application Fee:

Fee Payable

€100,000.00 (Paid by EFT on 1st February 2022, copy of payment receipt enclosed)

I hereby declare that, to the best of my knowledge and belief, the information given in this form is correct and accurate and that the application documents being deposited at the planning authority offices, and any other location specified by the Board in pre application consultations, including a website (if any) will be identical to the application documents being deposited with the Board.

Signed:
(Applicant or Agent as appropriate)

Meabhann Crowe, MKO Planning (AGENT), Tuam Road, Galway

Date:

4th February 2022

General Guidance Note:

The range and format of material required to be compiled / submitted with any application in respect of a proposed strategic infrastructure development shall generally accord with the requirements for a planning application as set out in the Planning and Development Regulations, 2001 to 2018 and those Regulations should therefore be consulted prior to submission of any application.

Re: Letter of consent regarding the Planning Application by Futureenergy Glenard Designated Activity Company for the Glenard Wind Farm as it relates to Coillte property in Co. Donegal

Dear Sirs,

Coillte Cuideachta Ghníomhaíochta Ainmnithe (“Coillte CGA”) is the owner or the party entitled to be registered as owner of the property known as Glenard, County Donegal which is outlined in blue on the indicative map (“Map 1”) attached hereto (hereinafter called “the Property”).

We refer to the proposal by Futureenergy Glenard Designated Activity Company to locate 12 turbines, associated roading and cabling requirements, a borrow pit, a peat storage area, a metrological mast, a temporary construction compound and a substation on the Property as part of the Glenard Wind Farm. The proposed locations of the above as it concerns the Property are shown on Map 1 attached hereto. We wish to advise that we have no objection in principle to the submission of a planning application which solely relates to the proposal to locate 12 turbines, associated roading and cabling requirements, a borrow pit, a peat storage area, a metrological mast, a temporary construction compound and a substation on the Property in the manner illustrated in Map 1 and hereby furnish this letter for the purposes of consent only to the submission of this application by Futureenergy Glenard Designated Activity Company.

Please note that I have no authority to bind Coillte and no binding agreement shall exist or be deemed to exist until such a time as a formal contract has been agreed between all parties, executed and exchanged and all sums due there-under paid in full. Please note that this letter is not and shall not constitute a note or memorandum in writing for the purposes of Section 51 of the Land and Conveyancing Law Reform Act, 2009.

Yours faithfully,

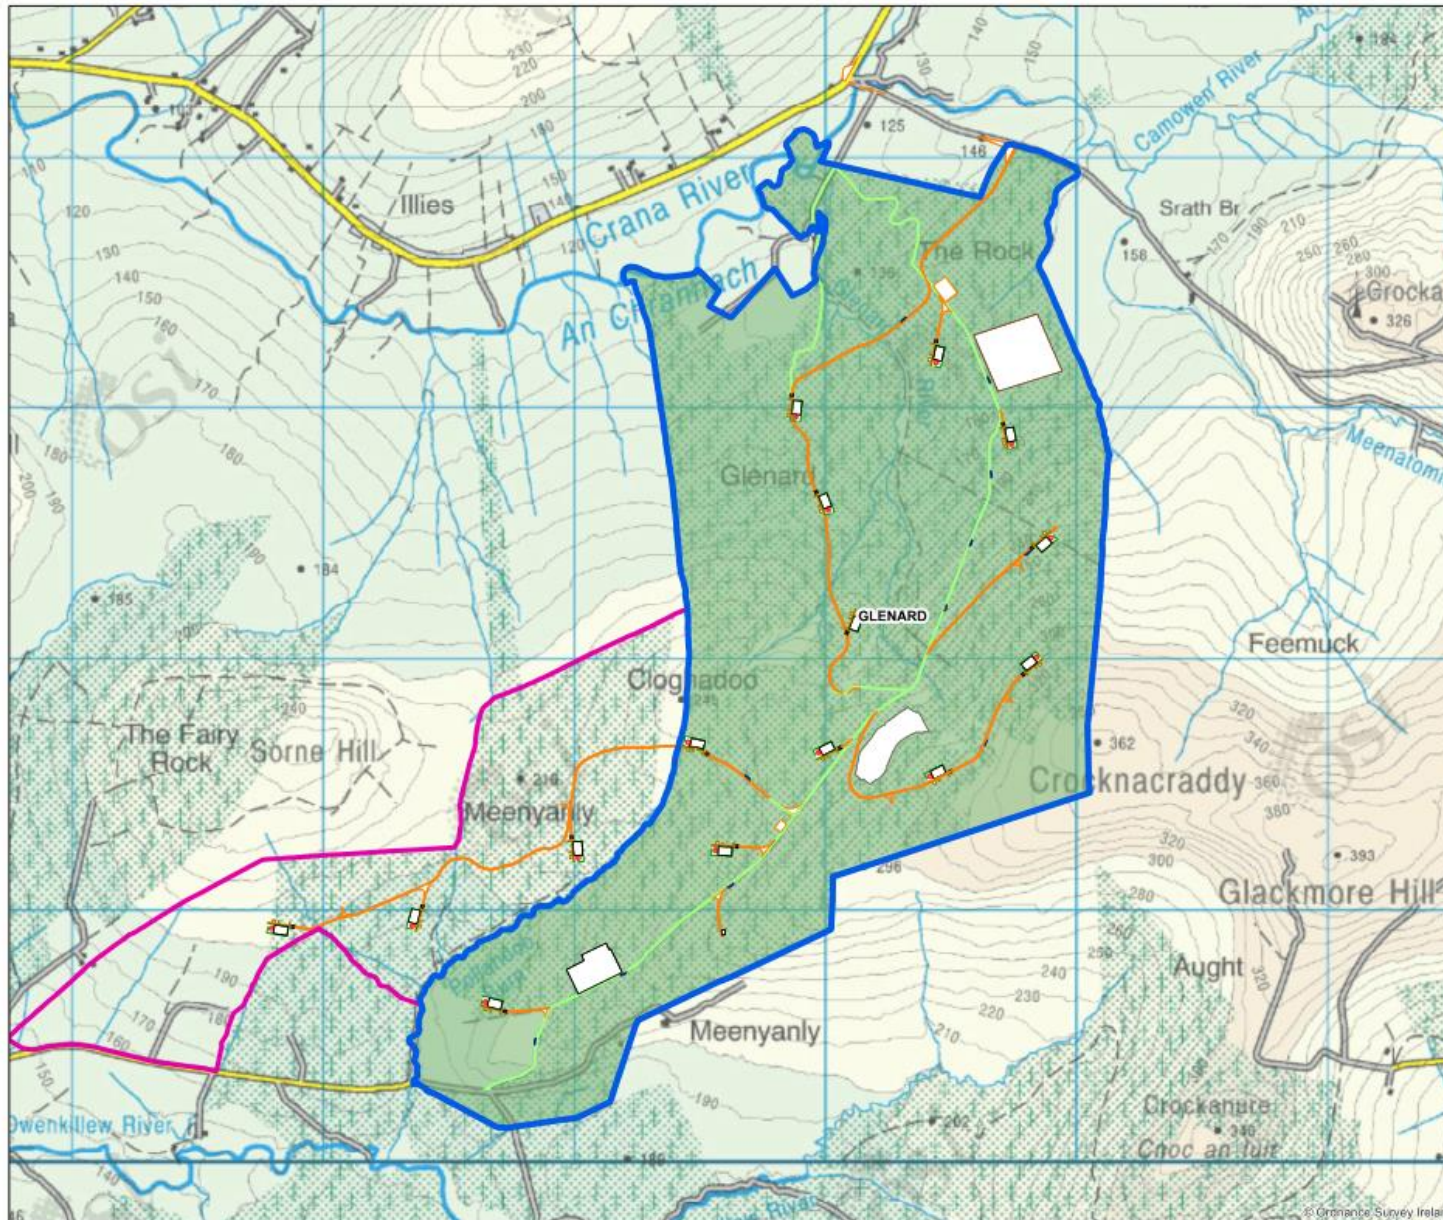

Brenda Molloy

Addendum 3- Pre-Application Schedule

Donegal County Council

In 2015, MKO had submitted a pre-planning enquiry to Donegal County Council with regards to the proposed Glenard Wind Farm development, the pre-planning enquiry was assigned the reference PP4516. With regards to the pre-planning enquiry Donegal County Council, provided their preplanning feedback by email in lieu of a meeting, the email was dated the 9th of September 2015, a copy of which has been included under Appendix 2-4 of the EIAR. It was the consideration of the Planning Authority that the site at that time and under the provisions of the then current County Development Plan 2012- 2018 was located within an area which was designated as open to consideration for a wind farm development, it was noted in relation to the proposed development that “accordingly the principle of the development is acceptable”. It was also the consideration of Donegal County Council that the “*subject site is one generally considered by the Planning Authority to have potential in principle for further wind farm development*” it was noted that this was due to the robust nature of the landscape, low density of rural dwellings, proximity to infrastructure and separation from designated sites. The Planning Authority in their correspondence, provided under Appendix 2-4 provide further advice which has been considered in the preparation of this application which has been followed in the design and reporting on the current proposed development.

MKO submitted a pre-planning enquiry to Donegal County Council in October 2019 in respect to the proposed development. Correspondence from the Council dated the 25th of November 2019 advised that ‘having regard to the extent of the lacuna in policy in relation to this matter, proposals that may be brought forward to the Planning Authority would be considered premature pending the completion of the variation process’. As such the project team was unable to carry out further pre-application consultations with Donegal County Council. A copy of Donegal County Councils response is included under Appendix 2-5 of the EIAR.

An Bord Pleanála SID Meeting

On the 26th of May 2021, the applicant sought a determination, from the Board, in relation to the Strategic Infrastructure Development (SID) status or otherwise, of the proposed development, namely a 15 no. turbine wind farm development at Glenard, Inishowen, County Donegal (ABP-310369-29).

A pre-application consultation meeting between the Board representatives of the applicant and MKO, in relation to the proposed 15-turbine development took place on the 10th of September 2021. At the meeting MKO presented the various background information with regards to the proposed development, development site and the evolution of the development layout. Discussions were also had with regards to the policy context of the site and the scope of the EIAR..

This formal closure request was made on the 12th of November 2021 and the Board issued a notice to the applicant indicating its determination that the proposed development is SID on the 18th January 2022 and, accordingly, an application for permission should be made directly to the Board in accordance with Section 37A of the Act. This SID determination is attached here for ease.

Re: Windfarm development comprising of 15 wind turbines, 1 no. 110kV electrical substation and all associated development works
Glenard (and other townlands), County Donegal

Dear Sir / Madam,

Please be advised that following consultations under section 37B of the Planning and Development Act, 2000 as amended, the Board hereby serves notice under section 37B(4)(a) that it is of the opinion that the proposed development falls within the scope of paragraphs 37A(2)(a) and (b) of the Act. Accordingly, the Board has decided that the proposed development would be strategic infrastructure within the meaning of section 37A of the Planning and Development Act, 2000, as amended. Any application for permission for the proposed development must therefore be made directly to An Bord Pleanála under section 37E of the Act.

Please also be informed that the Board considers that the pre-application consultation process in respect of this proposed development is now closed.

Attached is a list of prescribed bodies to be notified of the application for the proposed development.

In accordance with section 146(5) of the Planning and Development Act, 2000 as amended, the Board will make available for inspection and purchase at its offices the documents relating to the decision within 3 working days following its decision. This information is normally made available on the list of decided cases on the website on the Wednesday following the week in which the decision is made.

The attachment contains information in relation to challenges to the validity of a decision of An Bord Pleanála under the provisions of the Planning and Development Act, 2000, as amended.

If you have any queries in relation to the matter please contact the undersigned officer of the Board.

Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Prescribed bodies

The following is a list of prescribed bodies considered relevant for the purposes of Section 37E (3) (c) of the Act.

- Minister for Housing, Local Government and Heritage
- Minister for Culture, Heritage and the Gaeltacht (Development Applications Unit)
- Minister for Agriculture, Food and the Marine
- Minister for Communications, Climate Action and Environment
- Minister for Transport, Tourism and Sport
- Donegal County Council
- Irish Water
- Inland Fisheries Ireland
- Transport Infrastructure Ireland
- Environmental Protection Agency
- The Heritage Council
- An Taisce
- An Chomhairle Ealaíon
- Fáilte Ireland
- Irish Aviation Authority
- Department of Defence
- Office of Public Works
- Loughs Agency
- Strategic Planning Directorate – Department for Infrastructure Northern Ireland
- Derry City & Strabane District Council

Further notifications should also be made, where deemed appropriate.

Note : The prospective applicant should be advised to submit a standalone document (which may form part of the EIAR) with the planning application, which outlines the mitigation measures, in the interest of convenience and ease of reference.

Addendum 4- List of Prescribed Bodies

Notification of the application has been forward to the following prescribed bodies:

- Minister for Housing, Planning and Local Government,
- Minister for Culture, Heritage and the Gaeltacht (DAU),
- Minister for Agriculture, Food and the Marine,
- Minister for Communications, Climate Action and Environment,
- Minister for Transport, Tourism and Sport,
- Donegal County Council,
- Irish Water,
- Inland Fisheries Ireland,
- Transport Infrastructure Ireland,
- Environmental Protection Agency,

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Sir, Madam

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*

- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*
- › *Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);*
- › *1 no. borrow pit;*
- › *1 permanent no. peat and spoil repository area;*
- › *Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;*

- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult the Heritage Council as a prescribed body. As such we enclose 1 USB copy of the submitted documentation as previous contact with your office has indicated that this was your preference. All documentation can also be found at www.glenardplanning.ie. The USB contains the following information:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of application form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS)
 - Volume 2- Photomontage Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

The planning application, Environmental Impact Assessment Report and Natura Impact Statement may be inspected free of charge or purchased on payment of a specified fee (which shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of seven weeks commencing on the 11th February 2022 at the following locations:

- › The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902
- › The Offices of Donegal County Council, County House, The Diamond, Lifford, Co. Donegal, F93 Y622
- › The Office of Donegal County Council, Main Road, Carndonagh, Co. Donegal, F93 YV1N

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
- (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
- (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Yours sincerely,

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Sir/Madam

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*
- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*
- › *Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);*
- › *1 no. borrow pit;*

- › 1 permanent no. peat and spoil repository area;
- › Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;
- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult Loughs Agency as a prescribed body. As such we have sent an electronic link of the submitted documentation as previous contact with your office has indicated that this was your preference. All documentation can also be found at www.glenardplanning.ie. The electronic link contains the following information:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of application form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS) and Main Report
 - Volume 2- Photomontages Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

The planning application, Environmental Impact Assessment Report and Natura Impact Statement may be inspected free of charge or purchased on payment of a specified fee (which shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of seven weeks commencing on the 11th February 2022 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902
- The Offices of Donegal County Council, County House, The Diamond, Lifford, Co. Donegal, F93 Y622

- The Office of Donegal County Council, Main Road, Carndonagh, Co. Donegal, F93 YV1N

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
 - (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
 - (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Minister

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*
- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*
- › *Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);*
- › *1 no. borrow pit;*

- › 1 permanent no. peat and spoil repository area;
- › Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;
- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult the Minister for Agriculture, Food and the Marine as a prescribed body. As such we have attached 1 USB copy of the submitted documentation. All documentation can also be found at www.glenardplanning.ie. The USB contains the following information:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of application form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS) and Main Report
 - Volume 2- Photomontages Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

The planning application, Environmental Impact Assessment Report and Natura Impact Statement may be inspected free of charge or purchased on payment of a specified fee (which shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of seven weeks commencing on the 11th February 2022 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902
- The Offices of Donegal County Council, County House, The Diamond, Lifford, Co. Donegal, F93 Y622

- The Office of Donegal County Council, Main Road, Carndonagh, Co. Donegal, F93 YV1N

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
 - (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
 - (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Yours sincerely,

Meabhann Crowe, MRTPI

Our Ref: 190114

4th February 2022

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Minister

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*
- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*
- › *Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);*
- › *1 no. borrow pit;*

- › 1 permanent no. peat and spoil repository area;
- › Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;
- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult the Minister for Culture, Heritage and the Gaeltacht (Development Applications Unit) as a prescribed body. As such we have enclosed 1 USB copy of the submitted documentation. All documentation can also be found at www.glenardplanning.ie. The USB contains the following information:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of application form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS) and Main Report
 - Volume 2- Photomontages Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
- (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
- (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or

(b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Yours sincerely,

Meabhann Crowe, MRTPI

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult the Failte Ireland as a prescribed body. As such we have sent you a link to the application documentation via email, as previous contact with your office has indicated that this was your preference. All documentation can also be found at www.glenardplanning.ie. The link contains the following information:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of application form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS) and Main Report
 - Volume 2- Photomontages Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

The planning application, Environmental Impact Assessment Report and Natura Impact Statement may be inspected free of charge or purchased on payment of a specified fee (which shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of seven weeks commencing on the 11th February 2022 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902
- The Offices of Donegal County Council, County House, The Diamond, Lifford, Co. Donegal, F93 Y622

- The Office of Donegal County Council, Main Road, Carndonagh, Co. Donegal, F93 YV1N

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
 - (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
 - (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely significant effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Yours sincerely,

Meabhann P. Crowe

4th February 2022

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Sir/Madam

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*

- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*
- › *Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);*
- › *1 no. borrow pit;*
- › *1 permanent no. peat and spoil repository area;*
- › *Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;*

- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult the Irish Aviation Authority as a prescribed body. As such we have enclosed 1 USB copy of the submitted documentation as previous contact with your office has indicated that this was your preference. All documentation can also be found at www.glenardplanning.ie. The USB contains the following information:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of application form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS) and Main Report
 - Volume 2- Photomontage Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

The planning application, Environmental Impact Assessment Report and Natura Impact Statement may be inspected free of charge or purchased on payment of a specified fee (which shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of seven weeks commencing on the 11th February 2022 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902
- The Offices of Donegal County Council, County House, The Diamond, Lifford, Co. Donegal, F93 Y622
- The Office of Donegal County Council, Main Road, Carndonagh, Co. Donegal, F93 YV1N

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
 - (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
 - (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Sir, Madam

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*
- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*
- › *Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);*
- › *1 no. borrow pit;*

- › 1 permanent no. peat and spoil repository area;
- › Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;
- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult the Minister for Housing, Local Government and Heritage as a prescribed body. As such we have transferred files by file transfer to your office, as previous contact with your office has indicated that this was your preference. All documentation can also be found at www.glenardplanning.ie. The link contains the following information:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of Application Form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS) and Main Report
 - Volume 2- Photomontages Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

The planning application, Environmental Impact Assessment Report and Natura Impact Statement may be inspected free of charge or purchased on payment of a specified fee (which shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of seven weeks commencing on the 11th February 2022 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902
- The Offices of Donegal County Council, County House, The Diamond, Lifford, Co. Donegal, F93 Y622

- The Office of Donegal County Council, Main Road, Carndonagh, Co. Donegal, F93 YV1N

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
 - (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
 - (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Yours sincerely,

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Sir, Madam

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*
- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*

- › Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);
- › 1 no. borrow pit;
- › 1 permanent no. peat and spoil repository area;
- › Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;
- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

Re: Section 37E Application to An Bord Pleanála for a Wind Farm Development & Associated Works, at Glenard and other townlands, County Donegal.

Dear Sir, Madam

On behalf of our client, Futureenergy Glenard Designated Activity Company please find enclosed a copy of the planning application for the proposed construction of wind energy development (and all associated infrastructure) in the townlands of Glenard, Carrowmore or Glentogher, Meenyanly, Illies, Sorne, Carnamoyle, Owenkillew and Barnahone, Meenakeeragh, Tullydush Upper, Annaslee and Ballynahone, Co. Donegal.

The development description as set out in the public notices is as follows:

- › *Construction of 15 No. wind turbines and associated hardstand areas with the following parameters:*
 - *a total tip height in the range of 162 metres minimum to 173 metres maximum,*
 - *hub height in the range of 96 metres minimum to 107 metres maximum, and*
 - *rotor diameter in the range of 132 metres minimum to 140 metres maximum*
- › *1 no. 110kV permanent electrical substation including a control building with welfare facilities, all associated electrical plant and equipment, security fencing, all associated underground cabling, wastewater holding tank and all ancillary structures and works;*
- › *All works associated with the permanent 110kV connection from the proposed substation to the national electricity grid, via underground cabling within permanent cable ducts in the townlands of Meenyanly, Carnamoyle, Sorne, Owenkillew and Barnahone, Meenakeeragh Tullydush Upper, Annaslee and Ballynahone to the existing Trillick 110kV substation in the townland of Ballynahone;*
- › *All associated underground electrical and communications cabling connecting the turbines to the proposed wind farm substation;*
- › *1 no. Meteorological Mast of 104 metres in height;*
- › *Upgrade of existing tracks and roads, provision of new permanent site access roads including a new site entrance (in the townland of Glenard);*
- › *1 no. borrow pit;*
- › *1 permanent no. peat and spoil repository area;*

- › Permanent placement of peat and spoil along sections of site access roads as part of the peat and spoil management plan for the site;
- › 2 no. temporary construction compounds;
- › Permanent recreation and amenity works, including marked trails, seating areas, amenity car park, and associated amenity signage;
- › All temporary works associated with the facilitation of turbine component and abnormal load delivery;
- › Construction of a permanent link road between the R240 Regional Road and the L1731 local road; construction of a second permanent link road on the L1731; permanent road widening at three locations along the L1731 (in the townlands of Carrowmore or Glentogher and Illies) all of which will facilitate the delivery of abnormal loads to the site during the construction period and may be used during the operational period if necessary or to facilitate the decommissioning of the wind farm. Following the construction period, access to the link roads will be closed off;
- › Site Drainage;
- › Site Signage;
- › Ancillary Forestry Felling to facilitate construction and operation of the proposed development; and
- › All associated site development works.

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the project and accompanies this planning application.”

This application is being made directly to An Bord Pleanála as ‘Strategic Infrastructure Development’ (SID) under the provisions of Section 37E the Planning and Development Act 2000 (as amended). An Bord Pleanála have required that we directly consult the Minister for Housing, Local Government and Heritage as a prescribed body. As such we have issued you with 6no. paper copies and 1no. USB copy of the information, as previous contact with your office has indicated that this was your preference. All documentation can also be found at www.glenardplanning.ie. The following information is provided:

- › Planning Application Documentation
- › Planning Application Drawings (See schedule of application form)
- › Environmental Impact Assessment Report (EIAR)
 - Volume 1- EIAR Text including Non-Technical Summary (NTS) and Main Report
 - Volume 2- Photomontages Booklet
 - Volume 3- EIAR Appendices
- › Natura Impact Statement (NIS)

The planning application, Environmental Impact Assessment Report and Natura Impact Statement may be inspected free of charge or purchased on payment of a specified fee (which shall not exceed the reasonable cost of making such a copy) during public opening hours for a period of seven weeks commencing on the 11th February 2022 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902
- The Offices of Donegal County Council, County House, The Diamond, Lifford, Co. Donegal, F93 Y622

- The Office of Donegal County Council, Main Road, Carndonagh, Co. Donegal, F93 YV1N

You are advised that the Board may in respect of an application for permission decide to:

- (a) (i) grant the permission, or
 - (ii) make such modifications to the proposed development as it specifies in its decision and grant permission in respect of the proposed development as so modified, or
 - (iii) grant permission in respect of part of the proposed development (with or without specified modifications of the foregoing kind), and any of the above decisions may be subject to or without conditions, or
- (b) Refuse to grant the permission

Submissions or Observations may be made only to An Bord Pleanála, 64 Marlborough Street, Dublin 1 relating to:

- i. The implications of the proposed development for proper planning and sustainable development, and
- ii. The likely effects on the environment of the proposed development, and
- iii. The likely effects of the proposed development on a European site, if carried out.

Any submission/observation must be made to An Bord Pleanála during the period commencing 11th February for a period of 7 weeks. Any such submissions/observations must be received by the Board no later than 5.30 p.m. on the 1st April 2022. Such submissions/observations must also include the following information:

- › The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating the application should be sent,
- › The subject matter of the submission or observation, and
- › The reasons, consideration and arguments on which the submission or observation is based in full (Article 217 of the Planning and Development Regulations 2001, as amended, refers)

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

I trust that you have all the information you require to progress the application. If, however, you have any queries or require to discuss any matter in more detail, please do not hesitate to contact me.

Yours sincerely,
