METROLINK

Public Consultation - Preferred Route

MetroLink is the proposed north-south, high-capacity, high-frequency rail line for Dublin.

In March/April 2018, Transport Infrastructure Ireland and the National Transport Authority published details of the Emerging Preferred Route. We received thousands of submissions about the proposal. We've listened and made several significant changes.

You can learn all about the new route on www.metrolink.ie from 5pm on Tuesday 24 March 2019.

Public Consultation Events will take place at the following venues in the coming weeks when you can meet with our MetroLink team.
