Application for Railway Order

DART+ South West Electrified Heavy Railway Order 2023

Dear Sir/Madam,

Córas Iompair Éireann (CIÉ) hereby applies to An Bord Pleanála under Section 37(1) of the Transport (Railway Infrastructure) Act 2001 (as amended and substituted) for the DART+ South West Railway Order. The consent of the National Transport Authority for making the DART+ South West Railway Order application is included in the enclosures attached to this letter. The DART+ South West Railway Order application relates to a railway that is designated as a heavy railway.

The Railway Order will, if granted, authorise the railway works necessary to enable CIÉ to significantly increase rail capacity on the Cork Mainline between Hazelhatch & Celbridge Station to Heuston Station and Heuston Station to Glasnevin, via the Phoenix Park Tunnel Branch Line. This will be achieved by electrifying the rail line, providing for high-capacity DART trains, four-tracking the railway between Le Fanu Road and Heuston Station and increasing the frequency of trains.

This Application is made following conclusion of the pre-application consultations with An Bord Pleanála (pre-application consultation Ref.: ABP-308826-20). The pre-application consultations were formally concluded by letter from An Bord Pleanála dated 2nd November 2022 (enclosed as part of this correspondence).

The statutory application fee of €100,000 for making a Railway Order application has been paid to An Bord Pleanála by electronic transfer. Confirmation of payment to An Bord Pleanála is enclosed in Annex 3.

The format in which this Application documentation has been compiled provides a set of reports which is readily accessible to and legible by the public. As previously discussed and agreed with An

Bord Pleanála, we now enclose two paper copies and three electronic copies of the Railway Order documentation, containing identical information and comprising:

- A draft of the proposed DART+ South West Railway Order, entitled “DART+ South West Electrified Heavy Railway Order [2023]”;
- The associated Railway Order Plan, identifying the proposed railway works and identifying the owners and occupiers of lands listed in the Schedules;
- The associated Book of Reference & Schedules to the Railway Order, describing the works and listing owners and occupiers of lands;
- An Environmental Impact Assessment Report (EIAR), providing a systematic analysis and assessment of the significant effects of the proposed project on the receiving environment;
- The Appropriate Assessment Screening Report and the Natura Impact Statement for the project;
- The Site Specific Flood Risk Assessment for the project; and
- The Planning Report for the project.

We certify that the Railway Order application documentation presented to An Bord Pleanála, Prescribed Bodies, Local Authorities in paper copy, in electronic format and presented on the standalone website (www.dartsouthwestrailwayorder.ie) is generated from a single data source and is identical.

An electronic editable version of the draft Railway Order document is included, to assist in consideration of the Railway Order application.

In accordance with the requirements of Section 40 of the of the Transport (Railway Infrastructure) Act 2001 (as amended and substituted), CIÉ has undertaken the following:

An over-riding objective of the DART+ South West project has been to consider all environmental aspects of the project in a holistic manner and to design the scheme, in such a manner, as to have the least overall residual impact on the environment during construction and operation. In this regard, DART+ South West has been the subject of extensive optioneering and constraint studies, design assessments and environmental appraisals. Feedback from extensive stakeholder and public consultations has also informed the design of the scheme. The engineering design and the construction methodologies for DART+ South West, presented in the Environmental Impact Assessment Report, are considered to strike the best balance between technical and engineering constraints, environmental issues and local community concerns.

I trust that this Railway Order Application is in order and look forward to hearing from you.

Please do not hesitate to contact the project team if you require anything further.

Yours sincerely,

Dated

22nd March 2023

Re: DART+ SouthWest Electrified Heavy Railway Order

Dear Colm,

As you aware the Cabinet approved the updated DART+ Programme Preliminary Business Case covering the DART+ SouthWest element of the programme on the 7th March 2023. In this regard, please find attached a copy of the letter received from the Department of Transport confirming the Government approval.

I now want to confirm that, to the extent required, the Authority consents for the purposes of Section 37(1) of the Transport (Railway Infrastructure) Act 2001 as amended by the Planning and Development (Strategic Infrastructure) Act 2006 to the making of the intended application by Coras Iompair Éireann of a Railway Order application to An Bord Pleanála in respect of the DART+ SouthWest Electrified Heavy Railway Order.

As you know, the Project concerns railway infrastructure other than metro or light railway for the purposes of section 44(2), Dublin Transport Authority Act 2008 (the 2008 Act) in the Greater Dublin Area (as defined in the 2008 Act) (the Project infrastructure). Accordingly, the Authority confirms that Iarnród Éireann - Irish Rail is performing, in accordance with section 44(2), 2008 Act, to the extent relating to such Project infrastructure the Authority's functions under section 44(1), the 2008 Act.

Yours sincerely,

Re. Approval by Government of DART+ South West at Decision Gate 1

Dear Hugh,

I refer to the updated DART+ Preliminary Business Case (PBC) prepared by Iarnród Éireann (IÉ) and submitted to the Department of Transport by the National Transport Authority (NTA) in relation to the DART+ South West (SW) project. The Department and the Government have considered the updated PBC in line with the requirements of the Public Spending Code, specifically at Decision Gate 1, as outlined in this letter.

Government Approval

At the Cabinet meeting of 7th March 2023, the Government approved the updated DART+ PBC in respect of the DART+ SW project. The Cabinet also agreed to issue Public Spending Code Decision Gate 1 approval to the NTA in respect of the DART+ SW project, to enable a planning application for the project to be lodged by Córas Iompair Éireann (CIÉ) to An Bord Pleanála.

Governance Arrangements

The NTA is the Approving Authority and IÉ is the Sponsoring Agency in relation to the overall DART+ Programme, including the DART+ SW project. The governance arrangements established by the Department of Transport for large sustainable mobility projects will continue to apply throughout the delivery of the DART+ Programme, involving, for example, the Major Projects Governance Oversight Group (MPGOG). In this context and in line with the Public Spending Code, the Department will advise the Minister for Transport throughout the development of the DART+ Programme, including DART+ SW.

Future Considerations

The updated PBC in respect of DART+ SW was reviewed by JASPERS and by the Department's Strategic Research and Analysis Division (SRAD). The reviews by JASPERS and SRAD as previously shared with the NTA are appended to this letter.

The JASPERS review of the updated PBC was broadly positive. However, they noted a number of areas that they felt ought to be reviewed in future, including as part of a revised Business Case, covering issues such as:

- Giving more weight to the positive synergy effects of the DART+ Programme;

- Providing greater clarity on the reasons for cost escalation and the resulting impact on the risk premium; and
- An analysis of possible phased delivery of the project, including risks.

In this context, as the project is developed, the Department expects that relevant JASPERS and SRAD recommendations are considered in a future iteration of the project Business Case, prior to final review by the Government ahead of Decision Gate 3.

I look forward to continued engagement with the NTA and IÉ on this project and am available to discuss any issues in relation to this letter.

Yours sincerely,

Andrew Ebrill
