Dear Richard,

In order for the Agency to make a determination on the type of authorisation required we would advise that you submit your request using the online Article 11 request form. Details in relation to Article 11 declarations and the link to the online request form can be found at the following link: [Declaration on waste authorisations \(Art. 11\) | Environmental Protection Agency \(epa.ie\)](#)

Regards,

Environmental Licensing Programme

Subject: RE: Stakeholder Consultation for Development Application

Hi Marian,

Richard Deeney here of Fehily Timoney. I was responsible for arranging for the dispatch of the scoping letter for the proposed development below to you. See letter attached again for your convenience.

As detailed already, the proposed development will consist of a Material Recovery Facility based in Derryakin, County Offaly. Oxigen Environmental intends to apply for planning permission to develop a Material Recovery Facility which will accept 90,000 tonnes of waste per annum on-site. The facility will accept the following waste types on-site for processing; municipal solid waste, construction and demolition waste, mixed dry recyclable waste and commercial and industrial waste.
