Subject: RE: Stakeholder Consultation for Development Application

Dear Jennifer,

Thank you for your email and the information included in it.

The Local Authority Waters Programme (LAWPRO) is a national shared service for local authorities. LAWPRO is not a statutory body and therefore not a statutory consultee. We do not make submissions or comment on planning applications and EIAs, unless requested to by a local authority.

We recommend that you refer to Offaly County Council with this consultation.

Regards,
Alan
