**Re: Section 37E of the Planning and Development Act 2000 (as amended) - Planning Application to An Bord Pleanála for a wind farm development in the townlands of Laurclavagh, Cahermorris, Cluidrevagh, Kilcurriv Eighter, Bunnahevelly More, Pollacossaun Eighter, Pollacossaun Oughter, Kilcurrivard, Ballynacreg North.**

Dear Sir/Madam,

On behalf of our client, Laurclavagh Ltd, (Lissarda Business Park, Lissarda, Co. Cork) please find enclosed a planning application relating to the proposed construction of a renewable energy development which will comprise 8 no. wind turbines and associated infrastructure in Laurclavagh and adjacent townlands, County Galway.

### Background

This application is being made directly to An Bord Pleanála as Strategic Infrastructure Development (SID) under the provisions of Section 37E of the Planning and Development Act 2000, as amended ('the Act'). This position was confirmed by An Bord Pleanála to the applicant in correspondence dated the 16<sup>th</sup> November 2023 following pre-application consultations with the Board (Ref. ABP-315469). A copy of that correspondence is included as an appendix to the SID Application Form.

The proposed development as set out in the public notices is as follows:

*The proposed development will consist of the provision of the following:*

- i. 8 no. wind turbines with an overall turbine tip height of 185 metres; a rotor blade diameter of 163 metres; and hub height of 103.5 metres, and associated foundations, hard-standing and assembly areas;*
- ii. A thirty-year operational life of the wind farm from the date of full commissioning of the wind farm and subsequent decommissioning;*
- iii. Underground electrical cabling (33kV) and communications cabling;*
- iv. A temporary construction compound;*
- v. A temporary security cabin;*

- vi. *A meteorological mast with a height of 30 metres and associated foundation and hard-standing area;*
- vii. *A new gated site entrance on the L61461;*
- viii. *Junction accommodation works and a new temporary access road off the N83 to the L61461, to facilitate turbine delivery and construction access to the site;*
- ix. *Upgrade of existing site tracks/ roads and provision of new site access roads, junctions and hardstand areas.*
- x. *Upgrade of the existing L61461;*
- xi. *Spoil Management;*
- xii. *Site Drainage;*
- xiii. *Tree and hedgerow removal;*
- xiv. *Biodiversity Enhancement measures (including the planting of natural woodland, hedgerows and species rich grassland for new habitat);*
- xv. *Operational stage site signage; and*
- xvi. *All ancillary works and apparatus.*

*A ten-year planning permission is sought.*

The Proposed Grid Connection (subject of a separate application under Section 182A of the Act) includes a permanent 110kV on-site substation compound, a temporary construction compound and c. 14.3km of underground electrical cabling connecting into the existing 110kV Cloon substation in the townland of Cloonascragh.

### **Overview of Planning Policy**

The Proposed Wind Farm is strongly supported in principle by EU and national policy and legislation relating to increasing the delivery of renewable energy and reducing carbon emissions. At EU level, the Proposed Wind Farm is supported by, *inter alia*, the EU Renewable Energy Directive and REPowerEU. At national level, the Proposed Wind Farm garners support from the National Planning Framework, Climate Action Plan 2024, and the National Energy Security Framework. In this regard, it is also imperative to note the legal obligations required by public bodies by the Climate Action and Low Carbon Development Act 2015 (as amended) in their assessment of applications for renewable energy development. Public bodies shall, in so far as practicable, perform their functions in a manner consistent with *inter alia*, the most recent approved climate action plan (Climate Action Plan 2024), the most recent approved national long term climate action strategy (the National Energy & Climate Plan 2021 – 2030) the furtherance of the national climate objective, and the objective of mitigating greenhouse gas emissions.

At the local level, the Local Authority’s Renewable Energy Strategy (LARES) outlines the lands classified for the provision of renewable energy development. The subject site was previously classified as being “Open to Consideration” under the County Galway Wind Energy Strategy 2015-2021. In the current LARES, the site’s wind energy classification has changed to “Generally to be Discouraged”. However, as set out in the accompanying Planning Report, it is not clear why this change has occurred. Notwithstanding this, a robust analysis of the Proposed Wind Farm against all relevant wind energy constraints, guidance and development management standards was completed as part of the accompanying Planning Report which demonstrates that the proposed site has the potential to facilitate a wind energy development such as the one proposed.

It should be noted that the LARES does not specifically restrict applications for wind energy within the “Generally to be Discouraged” areas, but rather, they are assessed on their merits on the principles of proper planning and sustainable development in accordance with the LARES. The policy associated

with the relevant classification in the LARES states; “wind energy development proposals in areas that are identified as ‘Generally to be Discouraged’ for wind energy development will be considered in accordance with the LARES and the proper planning and sustainable development of the area.” As such, and as set out in the accompanying Planning Report, it is considered that the Proposed Wind Farm is consistent with the policies and objectives of the LARES and the County Development Plan, the principal of development is acceptable and therefore it should be assessed on its merits by An Bord Pleanála.

### **Environmental Impact Assessment & Appropriate Assessment**

An Environmental Impact Assessment Report (EIAR) and Natura Impact Statement (NIS) have been prepared in relation to the Proposed Project and accompany this planning application.

As outlined in detail in the accompanying documentation, all elements of the Proposed Project, i.e. the Proposed Wind Farm (subject of this Section 37E application) and the Proposed Grid Connection (subject of a separate application under S182A of the Act), have been assessed as part of the EIAR and NIS lodged. As the project requires an EIAR, the application has been notified to the EIA Portal. The EIA Portal ID is 2024045 and the project details have been uploaded to the EIA Portal.

### **Contents of Application**

The following documents are included in the application pack:

- Planning Application Documentation
  - Planning Application Form;
  - Letters of consent from relevant landowners – appended to this cover letter;
  - Copies of cover letters issued to Prescribed Bodies;
  - Site Notice (copy, as erected on site on the 15<sup>th</sup> March 2024);
  - Newspaper Notices – Local Publication: *The Connacht Tribune*, and National Publication: *The Irish Independent* (both publications dated 15<sup>th</sup> March 2024);
  - EIA Portal Confirmation (ID: 2024045).
- Planning Report;
- Planning Application Drawings (Drawing Schedule included with the planning application form);
- Red Line Boundary in CAD and shapefile format;
- Environmental Impact Assessment Report (EIAR);
  - Volume 1 – Non-Technical Summary (NTS) and Main Report
  - Volume 2 – Photomontage Booklet
  - Volume 3 – EIAR Appendices including confidential Appendices.
- Natura Impact Statement (NIS)

8 no. electronic copies of the planning application pack and 2 no. hard copies as outlined above are enclosed with this letter, as agreed with An Bord Pleanála. Galway County Council have received 2 no. hard copies and 2 no. electronic copies of the application pack. All prescribed bodies as set out in the Board’s SID confirmation letter, dated the 16<sup>th</sup> November 2023, have received a copy of the application.

All documentation associated with the application as lodged can also be found at the dedicated project website: [www.laurclavaghplanning.com](http://www.laurclavaghplanning.com).

All planning drawings are provided at scales which have previously been agreed with An Bord Pleanála by email on 29/01/2024.

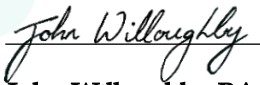

The planning application fee of €100,000 has been paid via Electronic Funds Transfer (EFT) on the 13/03/2024 with the following details:

- > Sender's name – Ghrian Energy
- > Sender's Reference - Re Laurclavagh Ltd
- > Payment Reference – 0LCG4ELM1A9ER7RC

Proof of payment is included as Appendix 1 of this cover letter.

I trust that the enclosed information is sufficient for your requirements, and that the planning application can be progressed accordingly, however, if you have any queries or wish to discuss any matter in relation to the subject application, please do not hesitate to contact me.

Yours faithfully,

**John Willoughby BA, MSc, MIPI**  
**Project Planner, MKO**

To the relevant authority,

**Laurclavagh Renewable Energy Development ("the Development")**

Dear Sir/Madam,

I, Martin Costello, am the registered owner of the lands contained in folio GY104112F, in the townland of Cluidrevagh, County Galway ("the Property").

I understand that Laurclavagh Limited ("the Company") will apply for planning permission for the Development, which will be partially located on the Property.

I hereby consent to the Company making all applications relating to the Development on the Property.

Additionally, I consent to the relevant Authority displaying all the information contained in this letter on the public Planning File.

Yours Sincerely,

Martin Costello

LAND REGISTRY

COUNTY GALWAY

FOLIO GY22660

OPTION AGREEMENT

AGREEMENT made the 24 day of February 2020

BETWEEN

- (1) **MARY FORDE** of Cahermorris, Corrandulla in the County of Galway (hereinafter called "**the Grantor**" which expression shall where the context so admits or requires include her heirs, executors, administrators and assigns) of the One Part and;
- (2) **ENERCO ENERGY LIMITED** having its registered office at Lissarda Business Park, Lissarda in the County of Cork (hereinafter called "**the Grantee**" which expression shall where the context so admits or requires include its successors, nominees, licensees or assigns) of the Other Part.

WHEREAS

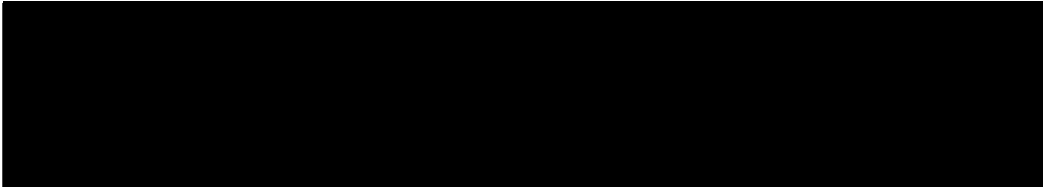

1.

2.

The Grantee is involved in the production of electricity from renewable energy sources and wishes to complete its investigations into the possibility of using the Optioned Lands to develop a wind farm at Laurclavagh, County Galway ("**the Development**").

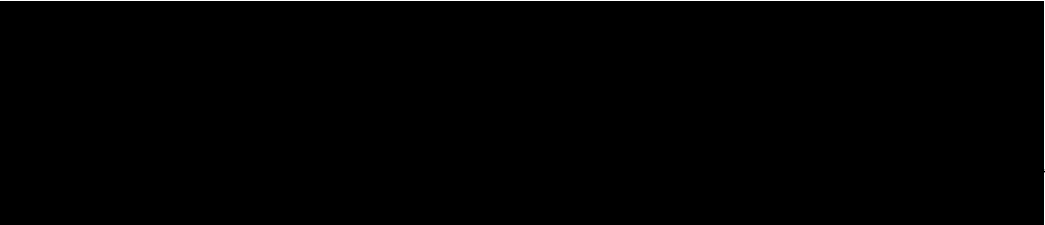

3.

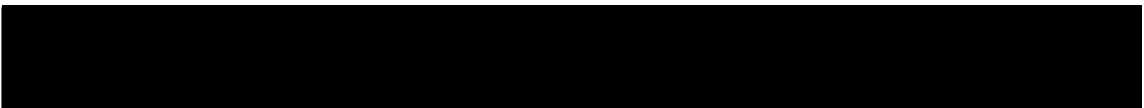

4.

a.

b.

5.

[REDACTED]

**NOW THIS INDENTURE WITNESSETH**

[REDACTED]

the Grantor hereby grants to the Grantee the following option and ancillary rights for a period [REDACTED]

1.

[REDACTED]

1.1.

[REDACTED]

[REDACTED]

1.2.

[REDACTED]

1.3.

[REDACTED]

5.

[REDACTED]

6. [REDACTED]

7. [REDACTED]

8. The right during the Option Period to apply for planning permission and all other relevant permits, consents, or authorisations for the generation and transportation of electricity on inter alia the Optioned Lands ("**the Planning Application**"). The Grantee agrees to show the relevant Planning Application in respect of the Optioned Lands to the Grantor when requested. The Grantor shall have a period of fourteen days from receipt of the Planning Application to make her observations to the Grantee in relation thereto. The Grantee shall consider the Grantor's observations or requests but shall not be bound to accept same. At the request of the Grantee the Grantor shall sign any documentation or take any steps in support of, or as may be required for the Planning Application, as expeditiously as possible. The Grantor shall not object to or concur with any other person in objecting to the Planning Application.

During the period of this agreement the Grantor shall be entitled to use the Optioned Lands for farming, forestry, turf cutting and sporting activities and other normal rural and domestic uses, provided such uses or activities do not prejudicially affect the Grantee's rights under this agreement or under the relevant Project Document to be granted pursuant to the options referred to in clause 1 hereof.
