The diagram is a detailed site lighting layout plan for a residential development. It shows five main building blocks: BLOCK A COMMUNITY SPACE, BLOCK B, BLOCK C, BLOCK D, and BLOCK E. There are also areas labeled DUPLEX UNITS and several PUBLIC OPEN SPACES. The plan includes numerous trees and landscaping elements. Blue lines represent the lighting ducting system, connecting various lighting fixtures. The fixtures are marked with symbols corresponding to the legend: 'X' for streetlights, 'X1' for amenity lights, 'X2' for bollards, and 'X3' for wall-mounted lights. The ducting paths are shown as blue lines with arrows indicating the direction of flow. The entire site is enclosed within a red boundary line.
