## FIRST SCHEDULE

### Railway works and works authorised by this Order

The DART+ Coastal North project will involve railway works and all works necessary to enable the construction, operation, maintenance and improvement of the railway between Dublin City Centre and Drogheda (circa 50km).

The works will generally comprise, but are not limited to the following elements which are described within this schedule:

- Extension of existing 1500V DC electrification, which currently terminates at Malahide, as far as Drogheda MacBride Station (approximately 37km);
- the installation of foundations, masts, and overhead wires to supply power to the railway
- upgrades to existing signalling, telecoms, and power supplies to support the planned increase in train services, including the introduction of new electrical substations at key locations alongside the railway line at Drogheda, Bettystown, Gormanston, Balbriggan, Skerries North, Skerries South, Rush & Lusk and Donabate
- an overhead line equipment (OHLE) maintenance compound at Rush and Lusk Station
- undertaking improvements / modifications to bridges spanning the railway arising from track reconfigurations and / or meeting required electrical clearances
- undertaking localised bridge modifications to enable OHLE to be fixed to bridges carrying the railway
- Canopy modifications at Drogheda MacBride Station to accommodate OHLE clearances and modified railway boundary fences to protect the public from contacting the overhead line.
- Infrastructure works to facilitate the increase in service frequency and capacity, in specific areas of intervention including: works around Howth Junction & Donaghmede Station; works around Clongriffin Station; works around Malahide Station & Viaduct; works to the existing user worked level crossing (XB001) south of Donabate; and works around Drogheda MacBride Station.
- Modifications to existing depots at Drogheda and Fairview to support the new train fleet, including the provision of additional train stabling at Drogheda.
- Ancillary civils, utility diversions, drainage, and power work to cater for the changes

This Schedule 1 is intended to be read in conjunction with the Plan of the Railway Works - the referenced Railway Works Drawings (which includes Property Details Drawings, Alignment Details Drawings and Structural Details Drawings) which set out more particularly the railway works and which form part of this Railway Order.

The description of the works is divided into the 23 No. different Railway Order areas for clarity and progresses from the southern end of the scheme at Clontarf Road Station and Surrounds, to the termination of the scheme at Drogheda MacBride Station and surrounds.

## Railway Order - Works Layout Plan No. 1

### Clontarf Road Station and Surrounds

Works No.	Description	Plan No.
1.01	Establish a temporary construction compound to facilitate the construction of minor upgrade works to Fairview Depot Sidings. The compound will be located on existing CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 1
1.02	Establish a temporary construction compound to facilitate the construction of minor upgrade works to Fairview Depot Sidings. The compound will be located on existing CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 1
1.03	Minor works external to Fairview Depot Maintenance Building including new track pans for train cleaning, walkways and low level lighting.	Works Layout Plan No. 1
1.04	Proposed access to temporary construction compounds 1.01 and 1.02 shall be via the existing access from Alfie Byrne Road.	Works Layout Plan No. 1
1.05	Internal modifications to Fairview Depot Maintenance Building including a new localised access platform and water and power services.	Works Layout Plan No. 1
1.06	Installation of a new drainage connection to be provided to suit Fairview Depot Sidings modifications.	Works Layout Plan No. 1
1.07	Minor modifications to Fairview Depot Sidings to improve provisions for drivers and cleaners including localised access platforms, low level lighting and walkways as well as water and power services.	Works Layout Plan No. 1
1.08	Minor works external to Fairview Depot Maintenance Building including new track pans for train cleaning, walkways and low level lighting.	Works Layout Plan No. 1
1.09	Establish a temporary construction compound to facilitate the construction of minor upgrade works to Fairview Depot. The compound will be located on existing CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 1
1.10	Proposed access to temporary construction compound 1.09 shall be via the existing access from Clontarf Road.	Works Layout Plan No. 1
1.11	Lineside cabling works to connect signalling with proposed Signalling Equipment Building along the line.	Works Layout Plan No. 1
1.12	Lineside cabling works to connect signalling with proposed Signalling Equipment Building along the line.	Works Layout Plan No. 1
1.13	Existing Track Access via Collins Avenue East.	Works Layout Plan No. 1

**Harmonstown Station to Kilbarrack Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
2.01	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 2
2.02	Existing Track Access via Howth Road.	Works Layout Plan No. 2
2.03	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 2

**Railway Order - Works Layout Plan No. 3**  
**Howth Junction and Donaghmede Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
3.01	Modifications to Howth Junction and Donaghmede Station Footbridge (OBB17A) to remove the central wall, replace floor finish and installation of a new profiled clad parapet, along with other architectural improvements. Modification to the western ticket hall (Donaghmede side) to simplify access to platforms and footbridge.	Works Layout Plan No. 3
3.02	Proposed access to temporary construction compounds 3.03 shall be via Carndonagh Lawn, adjacent to the station entrance.	Works Layout Plan No. 3
3.03	Establish a temporary construction compound to facilitate station improvement works. The compound is outside of CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 3
3.04	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 3
3.05	Modifications to Howth Junction and Donaghmede Station Footbridge (OBQ0) to remove the central wall, replace floor finish and installation of a new profiled clad parapet, along with other architectural improvements. Modification to the eastern ticket hall (Kilbarrack side) to simplify access to platforms and footbridge.	Works Layout Plan No. 3
3.06	Modification to access from Howth Junction and Donaghmede Station Footbridge (OBB17A & OBQ0) to central platform to improve access and declutter platform. The works will include new lifts, stair and canopy.	Works Layout Plan No. 3
3.07	Proposed access to temporary construction compounds 3.08 shall be via Kilbarrack Way, adjacent to the station entrance.	Works Layout Plan No. 3
3.08	Establish a temporary construction compound to facilitate station improvement works. The compound is outside of CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 3
3.09	Construction of Signalling Equipment Building (SEB), including installation of equipment and cable connections to receiving network.	Works Layout Plan No. 3
3.10	Establish a temporary construction compound to facilitate station improvement, platform extension and turnback works. The compound shall be located on existing CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 3
3.11	Widening of the current platform to achieve sufficient width up to the new section of extension. Includes modification to the stair access to the existing compound and modifications to associated impacted assets such as electrification.	Works Layout Plan No. 3

**Railway Order - Works Layout Plan No. 3**  
**Howth Junction and Donaghmede Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
3.12	Proposed emergency escape route from platform 2 with access to existing public footpath.	Works Layout Plan No. 3
3.13	Proposed access to temporary construction compounds 3.10 will be via the existing CIE access from the Baldoyle Industrial Estate (and via compound 3.18 as per 3.17).	Works Layout Plan No. 3
3.14	Extension of the platform to accommodate the new train stopping position, turnback facilities and modifications to associated impacted assets such as electrification. The works shall include provision of escape ramps.	Works Layout Plan No. 3
3.15	Existing Track Access via Howth Junction Business Centre / Kilbarrack Way.	Works Layout Plan No. 3
3.16	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 3
3.17	Proposed access to temporary construction compounds 3.18 shall be via Grange Way.	Works Layout Plan No. 3
3.18	Establish a temporary construction compound to facilitate station improvement, platform extension and turnback works. The compound shall be located outside of current CIE lands on an existing car park within the Baldoyle Industrial Estate. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 3

**Railway Order - Works Layout Plan No. 4**  
**Bayside Station to Sutton Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
4.01	Proposed track works - includes track works to facilitate turnback of trains by installing a new crossover and modifications to associated impacted assets such as electrification.	Works Layout Plan No. 4
4.02	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 4
4.03	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 4

**Railway Order - Works Layout Plan No. 5**  
**Burrow Road to Howth Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
5.01	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 5
5.02	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 5
5.03	Existing Track Access via Howth Demesne / Howth Road.	Works Layout Plan No. 5

**Railway Order - Works Layout Plan No. 6**  
**South of Clongriffin Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
6.01	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 6
6.02	Installation of a new underground medium voltage power line as a diversion to facilitate the removal of existing as per 6.03, to accommodate construction of new Signalling Equipment Building (SEB) as per 6.04.	Works Layout Plan No. 6
6.03	Decommissioning and removal of existing underground medium voltage power line, with diversion as per 6.02.	Works Layout Plan No. 6
6.04	Construction of Signalling Equipment Building (SEB), including installation of equipment and cable connections to receiving network. Permanent access to SEB shall be via Myrtle Avenue.	Works Layout Plan No. 6
6.05	Proposed track works - includes track works to facilitate access to new platform by installing a new turnout and modifications to associated impacted assets such as electrification.	Works Layout Plan No. 6
6.06	Establish a temporary construction compound to facilitate construction of a new SEB, station improvement, platform extension, turnback works and retaining wall. The compound is located outside of current CIE lands. Access shall be via the R123. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works. (Similar to 7.01 and 8.01). Access via compound 8.01 as per 8.04.	Works Layout Plan No. 6
6.07	Construction of new embankment to support the proposed track works as per 6.05.	Works Layout Plan No. 6

**Railway Order - Works Layout Plan No. 7**  
**Clongriffin Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
7.01	Establish a temporary construction compound to facilitate station improvement, platform extension, turnback works and retaining wall. The compound is located outside of current CIE lands. Access shall be via the R123. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works. (Similar to 6.06 and 8.01). Access via compound 8.01 as per 8.04.	Works Layout Plan No. 7
7.02	Existing access to Platform 0/1 to be maintained throughout construction.	Works Layout Plan No. 7
7.03	Existing Track Access via Station Way.	Works Layout Plan No. 7
7.04	Decommissioning and removal of existing underground surface water pipe, with diversion as per 7.05.	Works Layout Plan No. 7
7.05	Installation of a new underground surface water pipe as a diversion to facilitate the removal of existing as per 7.04, to accommodate construction of new retaining wall as per 7.09.	Works Layout Plan No. 7
7.06	Decommissioning and removal of existing underground foul sewer, with diversion as per 7.07.	Works Layout Plan No. 7
7.07	Installation of a new underground foul sewer as a diversion to facilitate the removal of existing as per 7.06, to accommodate construction of new retaining wall as per 7.09.	Works Layout Plan No. 7
7.08	Construction of Telecommunication Equipment Room (TER), including installation of telecommunication equipment and associated network connectivity works.	Works Layout Plan No. 7
7.09	Construction of retaining wall to support trackwork serving new platform. It will be approximately 150m long and up to 2.5m high. Temporary acquisition of 3rd party lands and short term temporary diversions for pedestrians is required to facilitate its construction.	Works Layout Plan No. 7
7.10	Construction of new embankment to raise the ground level by approximately 1m to facilitate the construction of the new retaining wall as per 7.09.	Works Layout Plan No. 7
7.11	Proposed track works - includes track works to facilitate access to new platform by installing new turnouts and modifications to associated impacted assets such as electrification.	Works Layout Plan No. 7
7.12	Construction of new embankment to support the new track works as per 7.11. (Similar to 8.02).	Works Layout Plan No. 7
7.13	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 7
7.14	Construction of culvert extension to existing UBB18B to support trackwork as per 7.11.	Works Layout Plan No. 7

**Railway Order - Works Layout Plan No. 7**  
**Clongriffin Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
7.15	Construction of new single span arch bridge carrying new trackwork as per 7.11. The new bridge will be constructed adjacent to existing UBB19/19A.	Works Layout Plan No. 7

**Railway Order - Works Layout Plan No. 8**  
**Portmarnock Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
8.01	Establish a temporary construction compound to facilitate station improvement, platform extension and turnback works. The compound is located outside of current CIE lands. Access shall be via the R123. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works. (Similar to 6.06 and 7.01)	Works Layout Plan No. 8
8.02	Construction of new embankment to support the new track works as per 7.11. (Similar to 7.12).	Works Layout Plan No. 8
8.03	Proposed track works - includes track works to facilitate access to new platform by installing new turnouts and modifications to associated impacted assets such as electrification.	Works Layout Plan No. 8
8.04	Proposed access to temporary construction compound 8.01 will be from Mayne Road (R123).	Works Layout Plan No. 8
8.05	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 8
8.06	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 8

**Railway Order - Works Layout Plan No. 9**  
**South Malahide and Surrounds**

Works No.	Description	Plan No.
9.01	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 9

**Railway Order - Works Layout Plan No. 10**  
**Malahide Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
10.01	Construction of Signalling Equipment Building (SEB), including installation of equipment and cable connections to receiving network.	Works Layout Plan No. 10
10.02	Proposed access to temporary construction compounds 10.03 shall be via Strand Court.	Works Layout Plan No. 10
10.03	Establish a temporary construction compound to facilitate turnback and retaining wall works. The compound is located outside of CIE lands. Works will include fencing / hoarding and may also include storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 10
10.04	Temporary decommissioning of existing electrification north of Malahide Station to enable the construction of track and OHLE works on the line. To be reinstated as per 10.09.	Works Layout Plan No. 10
10.05	Construction of modular reinforced earth wall to support alterations to trackwork. It will be approximately 400m long and up to 3m high, with a 1 in 2 slope embankment on top.	Works Layout Plan No. 10
10.06	Establish a temporary construction compound to facilitate modular reinforced earth wall works. The compound is located outside of CIE lands. Works will include fencing / hoarding and include storage of construction materials required to carry out the works. This compound will have a seasonal restriction, operating only between the May to Spetember period.	Works Layout Plan No. 10
10.07	Proposed access to temporary construction compounds 10.06 shall be via Sea Road.	Works Layout Plan No. 10
10.08	Proposed access to temporary construction compounds 10.10 shall be via Bissets Strand.	Works Layout Plan No. 10
10.09	Proposed track work including installation of new turnback and associated points and crossings. The turnback shall include a new friction buffer stop and a new raised lit walkway for drivers.	Works Layout Plan No. 10
10.10	Establish a temporary construction compound to facilitate modular reinforced earth wall works. Works will include fencing / hoarding and include storage of certain construction plant and equipment required to carry out the works and to facilitate plant and vehicle movements.	Works Layout Plan No. 10
10.11	Temporary acquisition of the proposed Broadmeadow Way greenway is expected to be required to facilitate its construction.	Works Layout Plan No. 10
10.12	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment	Works Layout Plan No. 10
10.13	Lineside cabling works to connect signalling with proposed Signalling Equipment Buildings along the line.	Works Layout Plan No. 10
10.14	Establish a temporary construction compound to facilitate turnback and SET works. The compound is located outside of CIE lands. Access will be via The Malahide WWTP Access Road. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 10

**Railway Order - Works Layout Plan No. 10**  
**Malahide Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
10.15	Proposed access to temporary construction compounds 10.14 shall be via The Malahide WWTP Access Road.	Works Layout Plan No. 10
10.16	Proposed access to temporary construction compounds 10.18 shall be via The Marina Road.	Works Layout Plan No. 10
10.17	Proposed track work including realignment of the existing Down Main track to facilitate introduction of the new turnback as described in 10.09.	Works Layout Plan No. 10
10.18	Establish a temporary construction compound to facilitate Malahide Viaduct (UBB30) and turnback works. The compound is located outside of CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works. (Similar to 11.01)	Works Layout Plan No. 10

## Railway Order - Works Layout Plan No. 11

### Malahide Viaduct and Surrounds

Works No.	Description	Plan No.
11.01	Establish a temporary construction compound to facilitate Malahide Viaduct (UBB30) and turnback works. The compound is located outside of CIE lands. Access will be via Marina Village Road. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works. (Similar to 10.18)	Works Layout Plan No. 11
11.02	Works to Malahide Viaduct (UBB30) to provide supports for new overhead electrification equipment. Masts will likely be installed on masts supported on concrete pad foundations placed within the ballast layer under the tracks.	Works Layout Plan No. 11
11.03	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 11
11.04	Removal of access to lands to facilitate closure of User Worked Level Crossing South of Donabate (XB001) 11.06.	Works Layout Plan No. 11
11.05	Proposed biodiversity enhancement works as a result of removal of access to land in 11.04.	Works Layout Plan No. 11
11.06	Closure of the user worked level crossing south of Donabate (XB001). Removal of existing gates, rubber mats and signage. Installation of permanent fence and signage advising of the permanent closure.	Works Layout Plan No. 11
11.07	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 11
11.08	Proposed access to temporary construction compounds 11.09 and permanent substation compound shall be via Corballis Back Road (R126).	Works Layout Plan No. 11
11.09	Establish a temporary construction compound to facilitate the construction of a traction substation and linewise works compound including track access point to support adjacent electrification works. The compound is outside of current CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 11
11.10	Construction of Donabate Traction Substation and permanent compound to enable electrification of the line. It will be located within a dedicated compound accessed via Corballis Back Road (R126) (as described in 11.08). The compound will include a track access point to maintain track and electrification assets.	Works Layout Plan No. 11
11.11	Proposed Track Access via Donabate Traction Substation as per 11.09 and 11.10.	Works Layout Plan No. 11
11.12	Modifications to the overbridge carrying the Donabate Distributor Road (OBB32A) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 11

**Railway Order - Works Layout Plan No. 11**  
**Malahide Viaduct and Surrounds**

Works No.	Description	Plan No.
11.13	Installation of a new underground medium voltage power line as a diversion to facilitate the removal of existing as per 11.14.	Works Layout Plan No. 11
11.14	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 11.07, with diversion as per 11.13.	Works Layout Plan No. 11
11.15	Installation of a new underground 600mm diameter pipe to facilitate Otter Crossing underneath the track. Otter proof fencing provided on both sides of the railway extending 100m north and south of the proposed crossing.	Works Layout Plan No. 11

**Railway Order - Works Layout Plan No. 12**  
**Donabate Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
12.01	Installation of a new underground new telecommunications cable on Turvey Avenue as a diversion to facilitate the removal of existing as per 12.02.	Works Layout Plan No. 12
12.02	Decommissioning and removal of existing overhead telecommunications cable to accommodate the electrification works as per 12.12, with diversion as per 12.01.	Works Layout Plan No. 12
12.03	Modifications to Donabate Station Footbridge (OBB33A) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 12
12.04	Proposed access to temporary construction compounds 12.05 and permanent substation compound shall be via. Donabate Station car park.	Works Layout Plan No. 12
12.05	Establish a linewide works compound to support electrification works. The compound will be within CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 12
12.06	Existing Track Access via. Donabate Station car park.	Works Layout Plan No. 12
12.07	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 12
12.08	Installation of a new underground new telecommunications cable on Turvey Avenue as a diversion to facilitate the removal of existing as per 12.02.	Works Layout Plan No. 12
12.09	Decommissioning and removal of existing overhead telecommunications cable to accommodate the electrification works as per 12.12, with diversion as per 12.01.	Works Layout Plan No. 12
12.10	Modifications to overbridge Access to Beaverstown Golf Club (OBB35) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 12
12.11	Works to Rogerstown Viaduct (UBB36) to provide supports for new overhead electrification equipment.	Works Layout Plan No. 12
12.12	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 12

### Railway Order - Works Layout Plan No. 13 Rush and Lusk Station and Surrounds

Works No.	Description	Plan No.
13.01	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 13
13.02	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 13.01, with diversion as per 13.06.	Works Layout Plan No. 13
13.03	Modifications to overbridge (OBB38) carrying Rogerstown Lane parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 13
13.04	Decommissioning and removal of existing overhead telecommunications cable adjacent overbridge (OBB38) carrying Rogerstown Lane to accommodate the electrification works as per 13.01, with diversion as per 13.05.	Works Layout Plan No. 13
13.05	Installation of a new underground telecommunications cable on overbridge (OBB38) carrying Rogerstown Lane as a diversion to facilitate the removal of existing as per 13.05.	Works Layout Plan No. 13
13.06	Installation of a new overhead medium voltage power line on overbridge (OBB38) carrying Rogerstown Lane as a diversion to facilitate the removal of existing as per 13.02.	Works Layout Plan No. 13
13.07	Proposed Track Access via. Rush and Lusk compounds as per 13.08 and 13.09.	Works Layout Plan No. 13
13.08	Construction of Rush and Lusk Traction Substation to enable electrification of the line. It will located within a dedicated compound accessed via R128 Station Road (as described in 13.12). The compound will retain the existing track access point to maintain track and electrification assets.	Works Layout Plan No. 13
13.09	Construction of Rush and Lusk OHLE Maintenance Compound to enable maintenance of the electrification of the line. It will located within a dedicated compound accessed via R128 Station Road (as described in 13.12).	Works Layout Plan No. 13
13.10	Establish a temporary construction compound to facilitate the construction of a traction substation, OHLE maintenance compound, station access junction improvements and lineworks compound including track access point to support adjacent electrification works. The compound is within CIE lands, however a portion of land outside of CIE ownership is required to upgrade the station access via Station Road (improving vehicle sightlines). Temporary acquisition of 3rd party lands is required to facilitate the access to the compounds during construction. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 13
13.11	Modifications to Rush and Lusk Station Footbridge (OBB38A) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 13
13.12	Proposed access to temporary construction compound 13.10 and permanent substation and OHLE maintenance compound shall be via. Station Road (R128) and Rush and Lusk Station car park.	Works Layout Plan No. 13

**Railway Order - Works Layout Plan No. 13**  
**Rush and Lusk Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
13.13	Installation of a new underground low voltage power line to facilitate the removal of existing residential connection as part of 13.14.	Works Layout Plan No. 13
13.14	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 13.01, with associated diversion as per 13.13.	Works Layout Plan No. 13
13.15	Trackworks under overbridge (OBB39) carrying Station Road (R128) including lowering of tracks to provide sufficient vertical clearance to install overhead line electrification as per 13.01.	Works Layout Plan No. 13
13.16	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 13.01, with associated diversion as per 13.17, 13.18, 13.19.	Works Layout Plan No. 13
13.17	Installation of a new underground medium voltage power line as a diversion to facilitate the removal of existing as per 13.16.	Works Layout Plan No. 13
13.18	Construction of Under Track Crossing (UTX) to accommodate diversion as per 13.17.	Works Layout Plan No. 13
13.19	Installation of a new overhead medium voltage power line as a diversion to facilitate the removal of existing as per 13.16.	Works Layout Plan No. 13
13.20	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Access shall be via the local road adjacent to the overbridge carrying local road in Rathartan (OBB41). Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 13
13.21	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Access shall be via Station Road (R128). Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 13
13.22	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 13.01, with associated diversion as per 13.23.	Works Layout Plan No. 13
13.23	Installation of a new overhead medium voltage power line as a diversion to facilitate the removal of existing as per 13.22.	Works Layout Plan No. 13
13.24	Decommissioning and removal of existing overhead low/medium voltage power line to accommodate the electrification works as per 13.01, with associated diversion as per 13.25.	Works Layout Plan No. 13
13.25	Installation of a new overhead low/medium voltage power line as a diversion to facilitate the removal of existing as per 13.24.	Works Layout Plan No. 13

**Railway Order - Works Layout Plan No. 13**  
**Rush and Lusk Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
13.26	Decommissioning and removal of existing overhead telecommunications cable adjacent overbridge (OBB41) carrying Local Road in Rathartan to accommodate the electrification works as per 13.01, with diversion as per 13.27.	Works Layout Plan No. 13
13.27	Installation of a new underground telecommunications cable on overbridge (OBB41) carrying Local Road in Rathartan as a diversion to facilitate the removal of existing as per 13.26.	Works Layout Plan No. 13
13.28	Modifications to overbridge carrying Local Road in Rathartan (OBB41) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 13
13.29	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 13
13.30	Trackworks under overbridge carrying Local Road in Tyrrelstown Big (OBB44) including lowering of tracks to provide sufficient vertical clearance to install overhead line electrification.	Works Layout Plan No. 13
13.31	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 13.29, with associated diversion as per 13.32.	Works Layout Plan No. 13
13.32	Installation of a new overhead medium voltage power line as a diversion to facilitate the removal of existing as per 13.31.	Works Layout Plan No. 13
13.33	Proposed access to temporary construction compound 13.34 shall be via. Tyrrelstown Road.	Works Layout Plan No. 13
13.34	Establish a temporary construction compound to facilitate track lowering works and UTX diversion. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 13
13.35	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 13.29, with associated diversion as per 13.36.	Works Layout Plan No. 13
13.36	Installation of a new overhead medium voltage power line as a diversion to facilitate the removal of existing as per 13.35.	Works Layout Plan No. 13
13.37	Decommissioning and removal of existing overhead 38kV power line to accommodate the electrification works as per 13.29, with associated diversion as per 13.38.	Works Layout Plan No. 13
13.38	Installation of a new underground 38kV power line as a diversion to facilitate the removal of existing as per 13.37.	Works Layout Plan No. 13
13.39	Construction of Under Track Crossing (UTX) to accommodate diversion as per 13.38.	Works Layout Plan No. 13

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
14.01	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 14
14.02	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 14.01, with associated diversion as per 14.03.	Works Layout Plan No. 14
14.03	Installation of a new overhead medium voltage power line as a diversion to facilitate the removal of existing as per 14.02.	Works Layout Plan No. 14
14.04	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 14.01, with associated diversion as per 14.05 and 14.06.	Works Layout Plan No. 14
14.05	Installation of a new underground medium voltage power line as a diversion to facilitate the removal of existing as per 14.04.	Works Layout Plan No. 14
14.06	Installation of a new overground medium voltage power line as a diversion to facilitate the removal of existing as per 14.04.	Works Layout Plan No. 14
14.07	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 14.01, with associated diversion as per 14.08.	Works Layout Plan No. 14
14.08	Installation of a new overhead medium voltage power line as a diversion to facilitate the removal of existing as per 14.07.	Works Layout Plan No. 14
14.09	Existing Track Access via. Rush and Lusk as per 11.09 and 11.10.	Works Layout Plan No. 14
14.10	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 14.01, with associated diversion as per 14.11.	Works Layout Plan No. 14
14.11	Installation of a new underground medium voltage power line as a diversion to facilitate the removal of existing as per 14.10. (Similar to 14.17).	Works Layout Plan No. 14
14.12	Decommissioning and removal of existing overhead low voltage power line to accommodate the electrification works as per 14.01, with associated diversion as per 14.13.	Works Layout Plan No. 14
14.13	Installation of a new underground low voltage power line as a diversion to facilitate the removal of existing as per 14.12.	Works Layout Plan No. 14
14.14	Modifications to overbridge carrying L1285 / Baldongan Close (OBB46) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 14
14.15	Proposed access to temporary construction compound 14.20 shall be via. Baldongan Close (L1285).	Works Layout Plan No. 14
14.16	Proposed access to temporary construction compound 14.19 shall be via. Baldongan Close (L1285).	Works Layout Plan No. 14
14.17	Installation of a new underground medium voltage power line as a diversion to facilitate the removal of existing as per 14.21.	Works Layout Plan No. 14

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
15.01	Proposed Track Access via. South Skerries substation compound as per 15.02.	Works Layout Plan No. 15
15.02	Construction of Skerries South electrical substation compound to enable electrification of the line. It will located within a dedicated compound accessed via Skerries Golf Link Road (as described in 15.04).	Works Layout Plan No. 15
15.03	Establish a temporary construction compound to facilitate the construction of a permanent substation compound and new access road. The compound is outside of current CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 15
15.04	Proposed access to permanent substation compound 15.02 shall be via Skerries Golf Link Road.	Works Layout Plan No. 15
15.05	Proposed access to temporary construction compound 15.03 shall be via. Private access road off Skerries Golf Link Road.	Works Layout Plan No. 15
15.06	Proposed access to temporary construction compound 15.12 shall be via. Skerries Golf Link Road.	Works Layout Plan No. 15
15.07	Proposed access to temporary construction compound 15.13 shall be via. Skerries Golf Link Road.	Works Layout Plan No. 15
15.08	Modifications to overbridge carrying Golf Links Road (OBB49) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 15
15.09	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 15.16, with associated diversion as per 15.10.	Works Layout Plan No. 15
15.10	Installation of a new underground medium voltage power line as a diversion to facilitate the removal of existing as per 15.09.	Works Layout Plan No. 15
15.11	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 15.16, with associated diversion as per 15.14.	Works Layout Plan No. 15
15.12	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works. 16.01	Proposed access to utility diversions 16.07 and 16.08 shall be via private road off Barnageeragh Road (L1270).	Works Layout Plan No. 16
16.02	Establish a temporary construction compound to facilitate the construction of a permanent substation compound and new access road. The compound is outside of current CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 16
16.03	Construction of Skerries North electrical substation to enable electrification of the line. It will located within a dedicated compound accessed via private road off Barnageeragh Road (L1270). (as described in 16.05).	Works Layout Plan No. 16
16.04	Proposed Track Access via. North Skerries substation compound as per 16.03.	Works Layout Plan No. 16
16.05	Proposed access to permanent substation compound 16.03 shall be via private road off Barnageeragh Road (L1270).	Works Layout Plan No. 16
16.06	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 16.11, with associated diversion as per 16.08.	Works Layout Plan No. 16
16.07	Installation of a new overhead medium voltage power line as a diversion to facilitate the removal of existing as per 16.09.	Works Layout Plan No. 16
16.08	Installation of new underground medium voltage power line through underbridge Barnageeragh Road to R127 (UBB53) as a diversion to facilitate removal of existing lines in 16.06.	Works Layout Plan No. 16
16.09	Decommissioning and removal of existing overhead low voltage power line to accommodate the electrification works as per 16.11, with associated diversion as per 16.06.	Works Layout Plan No. 16
16.10	Existing Track Access via. Skerries Road ( R127).	Works Layout Plan No. 16
16.11	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 16
16.12	Modifications to overbridge The Ladies Stairs (OBB54) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 16
16.13	Existing Track Access via. Skerries Road ( R127).	Works Layout Plan No. 16
16.14	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 16
16.15	Decommissioning and removal of existing overhead medium voltage power line to accommodate the electrification works as per 16.14, with associated diversion as per 16.17 and 16.19.	Works Layout Plan No. 16

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
17.17	Establish a temporary construction compound to facilitate viaduct OHLE support works. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 17
17.18	Works to Balbriggan Viaduct (UBB56) to provide supports for new overhead electrification equipment. Masts will likely be supported on the walkway which shall be modified locally to suit. Public walkways across the viaduct will be impacted during the works.	Works Layout Plan No. 17
17.19	Modifications to Balbriggan Station Footbridge (OBB57A) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 17
17.20	Decommissioning and removal of existing overhead low voltage power lines to accommodate the electrification works as per 17.09, with associated diversion as per 17.21.	Works Layout Plan No. 17
17.21	Installation of a new underground low voltage power line as a diversion to facilitate the removal of existing as per 17.20.	Works Layout Plan No. 17
17.22	Existing Track Access via. Bath Road.	Works Layout Plan No. 17
17.23	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 17
17.24	Proposed temporary and permanent access to substation compound 17.25 and 17.27 shall be via R132.	Works Layout Plan No. 17
17.25	Construction of Balbriggan electrical substation to enable electrification of the line. It will located within a dedicated compound accessed via R132 (as described in 17.27). The compound will include a new track access point to maintain track and electrification assets.	Works Layout Plan No. 17
17.26	Proposed Track Access via. Balbriggan substation compound as per 17.25.	Works Layout Plan No. 17
17.27	Establish a temporary construction compound to facilitate the construction of a traction substation, new access road and linework compound including track access point to support adjacent electrification works. The compound is outside of current CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 17

**Gormanston Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
18.01	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 18
18.02	Decommissioning and removal of existing overhead medium voltage power lines to accommodate the electrification works as per 18.01, with associated diversion as per 18.03.	Works Layout Plan No. 18
18.03	Installation of new overhead medium voltage power line on overbridge carrying local access off the R132 / Knocknagin (OBB63) as a diversion to facilitate the removal of lines in 18.02.	Works Layout Plan No. 18
18.04	Decommissioning and removal of existing overhead low voltage power lines to accommodate the electrification works as per 18.01, with associated diversion as per 18.05.	Works Layout Plan No. 18
18.05	Installation of a new overhead low voltage power line as a diversion to facilitate the removal of existing as per 18.04.	Works Layout Plan No. 18
18.06	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 18
18.07	Construction of Under Track Crossing (UTX) to accommodate diversion as per 18.09.	Works Layout Plan No. 18
18.08	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 18
18.09	Installation of new underground low voltage power line as a diversion to facilitate the removal of lines in 18.10.	Works Layout Plan No. 18
18.10	Decommissioning and removal of existing overhead low voltage power lines to accommodate the electrification works as per 18.01, with associated diversion as per 18.09.	Works Layout Plan No. 18
18.11	Proposed access to temporary UTX compound 18.06 shall be via Station Road.	Works Layout Plan No. 18
18.12	Proposed access to temporary UTX compound 18.08 shall be via Station Road.	Works Layout Plan No. 18
18.13	Decommissioning and removal of existing overhead telecommunication lines to accommodate the electrification works as per 18.01, with associated diversion as per 18.14.	Works Layout Plan No. 18
18.14	Installation of a new underground telecommunication line as a diversion to facilitate the removal of existing as per 18.13.	Works Layout Plan No. 18

**Gormanston Station and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
18.15	Establish a lineworks compound to support electrification works. The compound is not within current CIE lands. Access shall be via Gormanston Station car park. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 18
18.16	Proposed access to construction compound 18.15 shall be via Gormanston Station car park off Station Road.	Works Layout Plan No. 18
18.17	Existing Track Access via Gormanston Station car park off Station Road.	Works Layout Plan No. 18
18.18	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 18
18.19	Establish a permanent electrical substation compound that will also be used as a temporary construction compound. The compound is outside of current CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 18
18.20	Construction of Gormanston electrical substation to enable electrification of the line. It will be located within a dedicated compound accessed via a local road adjacent Gormanston Camp, off the R132 (as described in 18.21).	Works Layout Plan No. 18
18.21	Proposed access to construction compound 18.19 and 18.20 shall be via a local road adjacent Gormanston Camp, off the R132.	Works Layout Plan No. 18
18.22	Proposed Track Access via Gormanston substation compound as per 18.20.	Works Layout Plan No. 18
18.23	Modifications to overbridge Local Access Adjacent Gormanston Camp (OBB68) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 18

## Railway Order - Works Layout Plan No. 19 Mosney and Surrounds

Works No.	Description	Plan No.
19.01	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 19
19.02	Existing Track Access via Mosney Accommodation Road off R132.	Works Layout Plan No. 19
19.03	Proposed railway electrification - includes railway signalling and communications infrastructure as well as installation of overhead electrification equipment.	Works Layout Plan No. 19
19.04	Decommissioning and removal of existing overhead medium voltage power lines to accommodate the electrification works as per 19.03, with associated diversion as per 19.05 and 19.07.	Works Layout Plan No. 19
19.05	Installation of new underground medium voltage power line as a diversion to facilitate the removal of lines in 19.04.	Works Layout Plan No. 19
19.06	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 19
19.07	Proposed access to temporary UTX compound 19.06 shall be via local roads off the R132.	Works Layout Plan No. 19
19.08	Diversion underground of an existing overhead power line which crosses the track at approx. chainage 44+300. Including receiving zones for directional drilling as well as erection of poles and supports local to the crossing point. Areas impacted by the works will be reinstated accordingly.	Works Layout Plan No. 19
19.09	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 19
19.10	Proposed access to temporary UTX compound 19.09 shall be via local roads off the R132.	Works Layout Plan No. 19
19.11	Establish a temporary construction compound to facilitate viaduct OHLE support works. The compound is outside of current CIE lands. Access shall be via Coastview Cottages. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 19
19.12	Decommissioning and removal of existing overhead low voltage power lines to accommodate the electrification works as per 19.03, with associated diversion as per 19.09.	Works Layout Plan No. 19
19.13	Decommissioning and removal of existing overhead low voltage power lines to accommodate the electrification works as per 19.03, with associated diversion as per 19.14.	Works Layout Plan No. 19

**Mosney and Surrounds**

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
19.14	Installation of new overhead low voltage power line as a diversion to facilitate the removal of lines in 19.13.	Works Layout Plan No. 19
19.15	Proposed access to construction compound 19.16 shall be via Coastview Cottages off the R132.	Works Layout Plan No. 19
19.16	Establish a temporary construction compound to facilitate viaduct OHLE support works. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 19
19.17	Works to Laytown Viaduct (UBB72) to provide supports for new overhead electrification equipment. Masts will likely be supported on additional steelwork attached to the bridge at the outer pier locations. (Similar to 20.01)	Works Layout Plan No. 19
19.18	Establish a temporary construction compound to facilitate viaduct OHLE support works. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works. (Similar to 20.02)	Works Layout Plan No. 19
19.19	Modification to existing junction on Camp Road to improve sightlines to facilitate access to temporary compound 18.19 and permanent compound 18.20.	Works Layout Plan No. 19

### Laytown Station and Surrounds

Works No.	Description	Plan No.
20.01	Works to Laytown Viaduct (UBB72) to provide supports for new overhead electrification equipment. Masts will likely be supported on additional steelwork attached to the bridge at the outer pier locations. (Similar to 19.17)	Works Layout Plan No. 20
20.02	Establish a temporary construction compound to facilitate viaduct OHLE support works. The compound is outside of current CIE lands. Access shall be via R150. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 20
20.03	Proposed access to construction compound 20.02 shall be via R150.	Works Layout Plan No. 20
20.04	Modifications to Laytown Station Footbridge (OBB74A) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 20
20.05	Proposed access to temporary UTX compound 20.06 shall be via the station car park.	Works Layout Plan No. 20
20.06	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 20
20.07	Diversion underground of an existing overhead power line which crosses the track at approx. chainage 44+940. Including receiving zones for directional drilling as well as erection of poles and supports local to the crossing point. Areas impacted by the works will be reinstated accordingly.	Works Layout Plan No. 20
20.08	Establish a temporary construction compound to facilitate UTX diversion and linewide works. The compound is outside of current CIE lands. Access shall be via local roads off the R150. Works will include fencing / hoarding, site offices, parking, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 20
20.09	Installation of new underground medium voltage power line as a diversion to facilitate the removal of lines in 20.12.	Works Layout Plan No. 20
20.10	Existing Track Access via the station car park.	Works Layout Plan No. 20
20.11	Installation of new overhead medium voltage power line as a diversion to facilitate the removal of lines in 20.12.	Works Layout Plan No. 20
20.12	Decommissioning and removal of existing overhead medium voltage power lines to accommodate the electrification works as per 20.13, with associated diversion as per 20.07 and 20.09 and 20.11.	Works Layout Plan No. 20

### Railway Order - Works Layout Plan No. 23 Drogheda MacBride Station and Surrounds

Works No.	Description	Plan No.
23.01	Proposed access to construction compound 23.02 shall be via R150.	Works Layout Plan No. 23
23.02	Establish a lineworks compound to support electrification, station, depot, substation, bridge rebuild and UTX works. The compound is not currently within CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 23
23.03	Establish a temporary construction compound to facilitate UTX diversion. The compound is outside of current CIE lands. Access shall be via Wheaton Hall. Works will include fencing / hoarding and may also include site offices, welfare facilities, storage facilities and workshops as well as storage of certain construction plant and equipment required to carry out the works.	Works Layout Plan No. 23
23.04	Diversion underground of an existing overhead power line which crosses the track at approx. chainage 51+700. Including receiving zones for directional drilling as well as erection of poles and supports local to the crossing point. Areas impacted by the works will be reinstated accordingly.	Works Layout Plan No. 23
23.05	Decommissioning and removal of existing overhead medium voltage power lines to accommodate the electrification works as per 23.40, with associated diversion as per 23.03.	Works Layout Plan No. 23
23.06	Realignment of McGrath's Lane (north of overbridge) to suit overbridge replacement works (see 23.18), including all necessary civils works. Temporary access to properties shall be via an access road from the R150, as per 23.01.	Works Layout Plan No. 23
23.07	Proposed track work and overhead electrification including installation of new stabling siding and realignment of an existing siding, along with associated points and crossings. The new siding shall include a new friction buffer stop. Both sidings shall include provisions for drivers and cleaners including localised access platforms, low level lighting and walkways as well as water and power services and nose end cleaning positions.	Works Layout Plan No. 23
23.08	Installation of a new screen at the under frame cleaning facility to protect workers from spraying water directly onto proposed electrification, providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 23
23.09	Proposed railway electrification of existing sidings - includes railway installation of overhead electrification equipment and associated infrastructure.	Works Layout Plan No. 23
23.10	Excavation and regrading of existing earthwork bund to facilitate the new sidings and enhanced driver/cleaner provisions as discussed in 23.05.	Works Layout Plan No. 23
23.11	Construction of Drogheda electrical substation to enable electrification of the line. It will be located within a dedicated compound accessed through Drogheda Depot.	Works Layout Plan No. 23

### Railway Order - Works Layout Plan No. 23 Drogheda MacBride Station and Surrounds

Works No.	Description	Plan No.
23.12	Establish a permanent electrical substation compound that will also be used as a temporary construction compound. The compound is outside of current CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 23
23.13	Modifications to Drogheda Depot Footbridge Access (OBB81C) parapets providing compliance with OHLE infrastructure safety requirements.	Works Layout Plan No. 23
23.14	Proposed railway electrification of existing sidings - includes railway installation of overhead electrification equipment and associated infrastructure.	Works Layout Plan No. 23
23.15	Minor modifications to Drogheda Depot Sidings to improve provisions for drivers and cleaners including localised access platforms, low level lighting and walkways as well as water and power services.	Works Layout Plan No. 23
23.16	Proposed access to construction compound 23.11 and 23.12 shall be through Drogheda Depot.	
23.17	Construction of Traction Paralleling Hut, including installation of equipment and associated cable connections.	Works Layout Plan No. 23
23.18	Replacement of overbridge carrying Railway Terrace (OBB80/80A/80B) to provide sufficient vertical clearance to install overhead line electrification.	Works Layout Plan No. 23
23.19	Realignment of McGrath's Lane (south of overbridge) to suit overbridge replacement works (see 23.18), including all necessary civils works.	Works Layout Plan No. 23
23.20	Construction of Signalling Equipment Building (SEB), including installation of equipment and cable connections to receiving network.	Works Layout Plan No. 23
23.21	Establish a temporary construction compound to facilitate overbridge replacement works and SEB construction works. The compound will serve as a permanent compound for the Drogheda Signalling Equipment Building, albeit with likely a reduced footprint. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 23
23.22	Proposed access to construction compound 23.21 shall be via Railway Terrace/McGrath's Lane.	Works Layout Plan No. 23
23.23	Construction of access ramp up to new Platform 4 concourse level.	Works Layout Plan No. 23
23.24	Construction of new concourse area between existing Platform 1 and proposed Platform 4. Includes ticketing gates, passenger information systems, CCTV and fencing	Works Layout Plan No. 23
23.25	Proposed new entrance to Platform 1.	Works Layout Plan No. 23

<b>Works No.</b>	<b>Description</b>	<b>Plan No.</b>
23.26	Diversion of existing telecommunication ducts.	Works Layout Plan No. 23
23.27	Construction of Telecommunication Equipment Room (TER), including installation of telecommunication equipment and associated network connectivity works.	Works Layout Plan No. 23
23.28	Construction of new Platform 4 including platform furniture, fencing, lighting, CCTV, passenger information systems and shelters	Works Layout Plan No. 23
23.29	Rearrangement of parking to provide new pedestrian pavement area including bike shelters, CCTV and passenger information systems	Works Layout Plan No. 23
23.30	Alterations of Dublin Road underbridge (UBK01) to facilitate widening for installation of Platform 4. Includes widening of existing abutments as well as deck replacement.	Works Layout Plan No. 23
23.31	Proposed track work and overhead electrification including realignment of track for turnback facility, mast and overhead line electrification installation and modifications to associated signalling and rail systems.	Works Layout Plan No. 23
23.32	Construction of emergency egress to existing public footpath on St Mary's Villas including ramp, walkway and fencing.	Works Layout Plan No. 23
23.33	Establish a temporary construction compound to facilitate depot, bridge and station works. The compound is within current CIE lands. The compound will be accessed via Drogheda MacBride Station car park. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 23
23.34	Replacement of Drogheda MacBride Station Footbridge span (OBB81) to provide sufficient vertical clearance to install overhead line electrification.	Works Layout Plan No. 23
23.35	Modification to Drogheda Platform 1 station canopy to provide sufficient clearance to install overhead line electrification.	Works Layout Plan No. 23
23.36	Proposed access to construction compound 23.38 shall be via Drogheda MacBride Station car park.	Works Layout Plan No. 23
23.37	Existing Track Access via Drogheda MacBride Station car park.	Works Layout Plan No. 23
23.38	Establish a temporary construction compound to facilitate bridge and station works. The compound is within current CIE lands. Works will include fencing / hoarding, site offices, welfare facilities, storage facilities, workshops, parking and storage of certain construction plant and equipment storage required to carry out the works.	Works Layout Plan No. 23
23.39	Existing Track Access via Drogheda MacBride Station car park.	Works Layout Plan No. 23

**Railway Order - Works Layout Plan No. 23**
