Re: Observation on case reference VA20.321238

'Planning application for a 110 kilovolt electricity substation, approximately 7.5 kilometres of underground electricity line and all associated works at Moyvannan, Feamore, Lisbaun, Carrownolan, Carrowncloghan, Carrowkeeney, Ardmullan, Curraghboy, Gortnasythe, Derryglad, Eskerbaun, and Brideswell, County Roscommon.'

Dear Sir/Madam,

Please find attached an observation on case reference VA20.321238

We have paid the required fee of €50.

Yours sincerely,

Marty Moore

Mary Moore

Observation on case reference VA20.321238

- An Bord Pleanála granted permission to Energia to build a windfarm with a connection to the grid via the existing substation in Monksland, Athlone (Ref: ABP313750-22)

Why are Energia now looking for permission under section 182 for another substation in Moyvannan for another connection? Why is Energia not applying under section 146B to alter the terms of a development which has already been approved?

- An Bord Pleanála advised the applicant to provide clarity in the public notices and application documentation of what is proposed and the need for such an approach given the circumstances outlined by the prospective applicant. However, the newspaper notice was a standard newspaper notice and didn't provide any detail. Please explain.
- We are requesting an oral hearing in this case.
