

Appendix 14-7- Plates from Field Walkover Survey, 2023.

14.7 PLATES FROM FIELD WALKOVER SURVEY, 2023

View of area in the S of Derryaroge bog.

View of area overgrown in townland of Cloonfore in S of Derryaroge bog.

View of location of Turbine 2, from the N.

View of area in the east of the townland of Mount Davys

View of internal railway along the line of the internal access road / amenity track, that exits the bog in the townland of Mountdavis

View of internal access road between Turbine 1 and Turbine 3, taken from the S.

View of Turbine 3

A proposed construction compound located in an area of cutaway bog and partly overgrown.

View of amenity road that exits Derryaroge Bog in the NE.

View of amenity road that runs from Turbine 5, taken from the N.

View of location of Turbine 5

General View of the internal access road between Turbine 5 and Turbine 6, taken from the N.

General view of internal access road in between Turbine 5 and Turbine 4, taken from the E.

View of internal access road in the NW of Derryaroge bog

General view of internal access road to the N of Turbine 4.

View of location of Turbine 3

View of access road between Turbine 3 and Turbine 4.

View of area of Turbine 7

View of location of Turbine 6

General view of internal access road from Turbine 7 to the area of the substation in the SE of Derryaroge bog.

Area of proposed substation and peat repository in the SE of Derryaroge bog.

View of area of internal access road and grid connection from Derryad Bog towards Derryaroge Bog.

View of area of construction compound to the E of Mountdillon Office Works.

View of are of Construction Compound

View of railway tracks to the SE of Mountdillon Office works

View of proposed internal access road towards turbine 8, taken from the N.

View of location of turbine 8.

View of internal access road running S from turbine 8.

View of location of turbine 9

General view of overgrown area between turbine 8 and turbine 9.

View of location of turbine 10

General view of overgrown area of Borrow Pit No.1.

View of location of turbine 13.

View of location of borrow pit No. 2 from the north.

View of location of Turbine 14.

View of location of Turbine 15

View of location of turbine 12

View of internal access road between turbine 11 and 12

View of location of Borrow pit No. 3

View of location of borrow pit No. 4

View of location of turbine 11

View of proposed N-S running internal access road in the S of Derryad bog

View of cutaway bog and peat depths along N-S running internal access road in Derryad bog.

Lough Bannow bog

View of internal access road north of Derryglogher House

View of internal access road that runs adjacent to west boundary in lough Bannow Bog.

View of internal access road that runs north south towards turbines 16 and 17.

View of location of turbine 16.

View of location of turbine 17.

View of location of turbine 18

View of location of turbine 19.

View of amenity road in townland of Corlea

View of amenity road towards turbine 21

View of location of turbine 21

General view of internal access road between turbine 21 and turbine 22.

View of amenity road

View of location of turbine 20.

View of location of turbine 22

General view of cutaway bog and area overgrown with vegetation, between turbine 22 and turbine 21.

General view of area overgrown with vegetation, between turbine 22 and turbine 21.
