Failure to complete this form or attach the necessary documentation, or the submission of incorrect information or omission of required information will lead to the invalidation of your application. ADDITIONAL INFORMATION

It should be noted that each planning authority has its own development plan, which sets out local development policies and objectives for its own area. The authority may therefore need supplementary information (i.e. other than that required in this form) in order to determine whether the application conforms with the development plan and may request this on a supplementary application form.

Failure to supply the supplementary information will not invalidate your planning application but may delay the decision-making process or lead to a refusal of permission. Therefore applicants should contact the relevant planning authority to determine what local policies and objectives would apply to the development proposed and whether additional information is required.

OTHER STATUTORY CODES

An applicant will not be entitled solely by reason of a planning permission to carry out the development. The applicant may need other consents, depending on the type of development. For example, all new buildings, extensions and alterations to, and certain changes of use of existing buildings must comply with building regulations, which set out basic design and construction requirements. Also any works causing the deterioration or destruction of the breeding and resting places of bats, otters, natterjack toads, Kerry slugs and certain marine animals constitute a criminal offence unless covered by a derogation licence issued by the Minister for Culture, Heritage and the Gaeltacht (pursuant to Article 16 of the Habitats Directive).

It is the responsibility of persons or entities wishing to use any personal data on a planning application form for direct marketing purposes to be satisfied that they may do so legitimately under the requirements of the Data Protection Acts 1988 to 2018.
