Re: Case SU19.323676 – Substitute Consent for Peat Extraction and Ancillary Works at Lemanaghan Bog, County Offaly

Subject:

I wish to make this submission in respect of the above planning file,

This submission acknowledges the compliance measures evident in the Substitute Consent application (Case SU19.323676), as the application is for substitute consent, I ask the question:

Is it legal for the applicant to refer to a proposed wind farm that it intends to build on this site throughout the substitute consent application?

I ask An Coimisiún Pleanála to confirm the legality of referring to a proposed application in a substitute consent application, and if this is not a legal or normal practice, to acknowledge that this substitute consent planning application is null and void.

Thanking You

Grainne Kenny
