Appendix 9.1

Telecom Operator Consultation Responses

Keerglen Wind Farm

January 2022

Mayo Planning Authority - Inspection Purposes Only

Telecom Operator Consultations

The responses received from each of the Telecom Operators contacted as outlined in Section 9.5.2 are provided below.

Enet Response to Consultations

Enet provided the following email response to consultations:

"We have no links in this area currently."

An Garda Síochána

To date no response has been received.

Broadcast Authority of Ireland (BAI)

The BAI provided the following email response to consultations:

"The BAI does not perform an in-depth analysis of the effect of wind turbines on FM networks. However, we are not aware of any issues from existing windfarms into existing FM networks. Also, the proposed windfarms are not located close to any existing or planned FM transmission sites."

BT Ireland

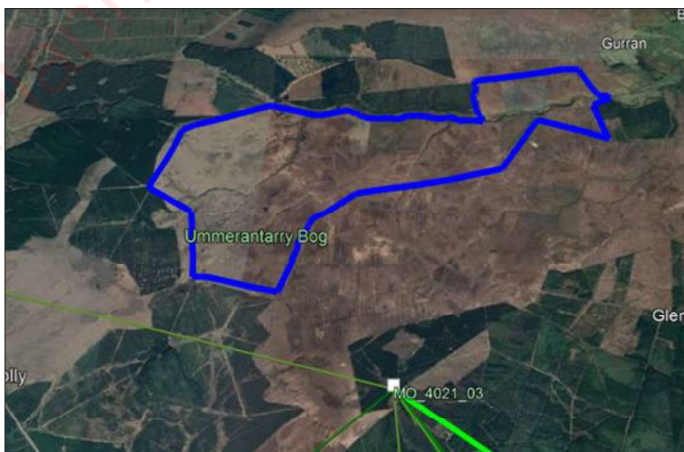

BT provided the following email response to consultations:

"BT are in process of winding down our microwave network which will be complete in the coming months. We only have a network presence in Louth and Waterford."

Eir Response to Consultations

Eir provided the following email response to consultations:

"We have no transmission services within the search area that will be affected."

Graphic provided by Eir.

ESB Networks Response to Consultations

ESB Networks provided the following email response to consultations:

"I have carried out an impact analysis on our Microwave and Point to Multipoint networks and can confirm that this proposed development will have no impact to our operational radio networks."

IAA Response to Consultations

To date no response has been received.

Imagine Broadband Response to Consultations

Imagine Broadband provided the following email response to consultations:

"No imagine MW links are affected by this development."

Mayo County Council Response to Consultations

Mayo County Council provided the following email response to consultations:

"I have had a response from our network service provider and he feels there is no potential impact from the proposed development to our wide area network radio infrastructure."

Viatel Response to Consultations

To date no response has been received.

2RN Response to Consultations

2RN provided the following email response to consultations:

"The proposed site will not affect 2m's fixed linking. We would however ask that a protocol be sign between 2m and the developer should the site go ahead."

Tetra Ireland (TI) Response to Consultations

Tetra Ireland provided the following email response to consultations:

"We anticipate no impact from the development in the area proposed, can you ensure the proposal is also reviewed by eir."

Three Ireland Response to Consultations

Three Ireland provided the following email response to consultations:

"I have reviewed the area for the proposed Keerglen Windfarm development and 3Ireland have no microwave transmission links that traverse the area or that could potentially be affected."

Virgin Media Response to Consultations

Virgin Media provided the following email response to consultations:

"Virgin media have NO radio link near this windfarm."

Vodafone Ireland Response to Consultations

Vodafone provided the following email response to consultations:

"From the current border indications given for this windfarm, I do not see any links within close proximity of this proposal. We would need to confirm this once turbine locations/dimensions are confirmed."
