

7 Difficulties Encountered in Compiling Any Specified Information

No particular difficulties, such as technical deficiencies or lack of knowledge or sources of information, were encountered in compiling any of the specified information contained in this Environmental Impact Statement.

Where appropriate, published sources of information are acknowledged and specifically commissioned surveys and studies undertaken especially for the purposes of assessing the proposed development project, have been referred to as are the relevant sub-consultants who prepared specialist reports.

A list of all consultants involved in the compilation of information for this Environmental Impact Statement is provided in Chapter 1 'Introduction'.

It is considered that given the parameters, timeframe, and availability of data; the study represents a robust consideration of potential and possible significant impacts on the local environment arising from the subject proposal. In addition, all expert consultants have endeavoured to present reasonable and effective mitigation measures where appropriate.
