Appendix 14.1 Summary of Individual Land Parcel Impact Assessments

PRO/ MO	Area Farmed	Farm Type	Land-take	% taken	Severance (Yes / No)	% Severance	Sensitivity	Construction impact	Impact before mitigation	Mitigation	Residual Impact
101	3.1	Beef and horses	0.14	5			Medium	Footnote No 2 - Impact is Slight Adverse	Slight adverse impact due to loss of 5% of the land parcel(s). Impact on stream used by livestock - 0.05ha road bed. Significant Adverse impact due to loss of 1.14ha - planned residential development 2361053, Galway County Council.	Footnote No 4 - provide alternative access to land	Slight adverse Due to Project Significant Adverse due to cumulative impact from planned residential development 2361053
102	1	Beef	0.26	26			Medium	Footnote No 1 - Impact is Moderate Adverse	Significant adverse impact due to loss of 26% of the land parcel(s). Impact on access into land - 0.02ha road bed.	Footnote No 4 - provide alternative access to land	Moderate adverse
103	9.3	Beef	0.151 (0.034ha temporary landtake)	2			Medium	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 2% of the land parcel(s). 0.3% temporary landtake. Impact on access into land and farm yard - 0.05ha road bed.  Not significant impact due to loss of 0.28ha from planned residential development 2360778, Galway County Council.	Footnote No 4 - provide alternative access to farm yard	Slight adverse
105	0.5	Not farmed	0.463	100			Very low	Moderate adverse due to 100% land take	Moderate adverse impact due to loss of 100% of the land parcel(s).	Footnote No 4	Moderate adverse
106	3.9	Rough grazing (Beef)	1.66	43	Yes	76	Very low	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 43% and separation of 76% of the land parcel(s). 0.15ha of road bed in southern land parcel. 0.7ha of land separated in southern land parcel and 1.1ha separated in northern land parcel.	Footnote No 4 and maintain access to separated land	Slight adverse
107	2	Not farmed	0.718	36	Yes	55	Low	Moderate Adverse	Moderate adverse impact due to loss of 36% and separation of 55% of the land parcel(s). 0.6ha of land separated - access to stream water source severed.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
108, 124, 125	5.8	Beef	1.0	17	Yes	29	Low	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 17% and separation of 29% of the land parcel(s). 0.36ha taken, 1.0ha of land separated and access to stream water source severed in southern land parcel.  Slight adverse impact due to loss of 0.4ha - planned residential development 201494, Galway County Council.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
109, 110, 112	3.7	Not farmed	0.85	23	Yes	77	Low	Moderate Adverse	Moderate adverse impact due to loss of 23% and separation of 77% of the land parcel(s). 2.17ha of land separated - access to stream water source severed.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
111	1.6	Not farmed	0.8	50			Low	Moderate Adverse	Moderate adverse impact due to loss of 50% of the land parcel(s).	Footnote No 4	Moderate adverse

PRO/ MO	Area Farmed	Farm Type	Land-take	% taken	Severance (Yes / No)	% Severance	Sensitivity	Construction impact	Impact before mitigation	Mitigation	Residual Impact
113	1.5	Rough grazing (Beef)	0.01	<1			Very low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of <1% of the land parcel(s).	Footnote No 4	Not significant
114, 301	3.3	Rough grazing (Beef)	0.03	1			Low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 1% of the land parcel(s).	Footnote No 4	Not significant
115	1.7	Horses	0.39	23	Yes	45	Medium	Footnote No 2 - Impact is Significant Adverse	Significant adverse impact due to loss of 23% and separation of 45% of the land parcel(s). 0.59ha of land separated - access to stream water source severed. Main access is from western boundary - access from eastern boundary is blocked up, but could be opened.  Significant adverse impact due to Planned development 2297, Galway City. Council – loss of 0.1ha to residential development.	Footnote No 4	Significant adverse  Very significant adverse after cumulative effect from 2297 is assessed
116	2.2	Horses	0.84	38			Medium	Footnote No 2 - Impact is Significant Adverse	Significant adverse impact due to loss of 38% of the land parcel(s). Access to stream and springs taken.	Footnote No 4	Significant adverse
117	5.9	Horses	1.16	20	Yes	79	Medium	Footnote No 2 - Impact is Significant Adverse	Profound impact due to loss of 20% and separation of 79% of the land parcel(s). 3.8ha of land separated - access to stream water source severed. Small shed taken.	Footnote No 4 and provide access to separated land via accommodation road	Significant adverse
120	0.7	Not farmed	0.67	100			Very low	Slight adverse impact	Slight adverse impact due to loss of 100% of the land parcel(s).	Footnote No 4	Slight adverse
128	0.8	Rough grazing (Beef)	0.013	2			Low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s).	Footnote No 4	Not significant
134	0.9	Not farmed	0.43	48			Very low	Impact is Slight Adverse	Slight adverse impact due to loss of 48% of the land parcel(s).	Footnote No 4	Slight adverse
144	1.3	Rough grazing (Beef)	1.03	79			Very low	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 79% of the land parcel(s).	Footnote No 4 - maintain access to land	Slight adverse
145	13.3	Rough grazing (Beef)	0.7	5	Yes	8	Low	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 5% and separation of 8% of the land parcel(s). 0.7ha of land separated.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
146	12.4	Horses	4.05	33	Yes	23	Medium	Footnote No 2 - Impact is Significant Adverse	Significant adverse impact due to loss of 33% and separation of 23% of the land parcel(s). 0.32ha of land separated and access to surface watercourses taken.	Footnote No 4 and provide access to separated land via accommodation road	Significant adverse
147	4.1	Beef	0.08 (0.009ha temporary landtake)	2	Yes	17	Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 2% and separation of 17% of the land parcel(s). 0.2% temporary landtake. 0.02ha of road bed and garden.	Footnote No 4 and provide access to separated land via accommodation road	Not significant
153	1.3	Beef and horses	0.09	7			Low	Footnote No 2 - Impact is Not Significant	Not significant impact due to loss of 7% of the land parcel(s). Access to land and water source within CPO. This is an out-farm.	Footnote No 4	Not significant

PRO/ MO	Area Farmed	Farm Type	Land-take	% taken	Severance (Yes / No)	% Severance	Sensitivity	Construction impact	Impact before mitigation	Mitigation	Residual Impact
154	2.4	Donkeys	1.8	75			Low	Footnote No 1 - Impact is Significant Adverse	Significant adverse impact due to loss of 75% of the land parcel(s). Land-take includes 0.12ha of dwelling & farm buildings. Some donkeys kept on the land.	Footnote No 4	Significant adverse
156	0.55	Not farmed	0.07	13			Very Low	Not significant impact	Not significant impact due to loss of land from access track	Footnote No 4 - maintain access to land via realigned local road	Not significant
160	7.2	Horses	0.02	<1			Low	Footnote No 2 - Impact is Not Significant	Not significant impact due to loss of <1% of the land parcel(s). - 0.02ha of road bed. Not significant adverse impact due to Planned developments 211297 and 2260704, Galway Co. Council – loss of 0.21ha to residential development.	Footnote No 4	Not significant
164	0.4	Rough grazing (Beef)	0.02	5			Very low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 5% of the land parcel(s).	Footnote No 4	Not significant
165, 196	23	Beef	0.16	<1	Yes	21	Low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of <1% and separation of 21% of the land parcel(s). 4.3ha separated. 0.04ha of road bed and 0.05ha of bog in land-take.	Footnote No 4 and provide access to separated land via accommodation road	Not significant
166	2.2	Not farmed	0.07	3			Very low	Impact is Not Significant	Not significant impact due to loss of 3% of the land parcel(s).	Footnote No 4 - provide access via accommodation road	Not significant
167	1.4	Horses	0.03	2			Very low	Footnote No 2 - Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s).	Footnote No 4 - provide access via accommodation road	Not significant
168	10.8	Not farmed	4.52	42	Yes	25	Very low	Impact is Moderate Adverse	Significant adverse impact due to loss of 42% and separation of 25% of the land parcel(s). 1.6ha separated. 2.84ha taken from western plot and 1.66ha taken from the eastern plot.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
169	1.8	Horses	0.04	2			Very low	Footnote No 2 - Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s). Access severed.	Footnote No 4	Not significant
170	0.8	Not farmed	0.02	3			Very low	Impact is Not Significant	Not significant impact due to loss of 3% of the land parcel(s). Access severed.	Footnote No 4 - provide access via accommodation road	Not significant
171, 174	14.4	Beef	0.3	2	Yes	41	Medium	Footnote No 1 - Impact is Slight Adverse	Moderate adverse impact due to loss of 2% and separation of 41% of the land parcel(s). Access to 4 plots of bog severed (5.6ha separated).	Footnote No 4 and provide access to separated land via accommodation road	Slight adverse
172	2.4	Rough grazing (Beef)	0.124	5			Very low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 5% of the land parcel(s). Access severed.	Footnote No 4 - provide access via accommodation road	Not significant
173	1.1	Not farmed	0.08	7			Very low	Impact is Not Significant	Not significant impact due to loss of 7% of the land parcel(s). Access severed.	Footnote No 4 - provide access via accommodation road	Not significant
175	0.8	Not farmed	0.144	18			Very low	Impact is Not Significant	Not significant impact due to loss of 18% of the land parcel(s).	Footnote No 4	Not significant
176	4.2	Rough grazing (Beef)	1.6	38	Yes	27	Low	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 38% and separation of 26% of the land parcel(s). 0.7ha separated.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse

PRO/ MO	Area Farmed	Farm Type	Land-take	% taken	Severance (Yes / No)	% Severance	Sensitivity	Construction impact	Impact before mitigation	Mitigation	Residual Impact
177	5.8	Beef	0.07	1.5			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 1.5% of the land parcel(s).	Footnote No 4	Not significant
193	1.1	Rough grazing (Beef)	0.37	34			Very low	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 34% of the land parcel(s).	Footnote No 4	Slight adverse
194	6.2	Horses	0.27	4			Low	Footnote No 2 - Impact is Not Significant	Not significant impact due to loss of 4% of the land parcel(s). Access to track severed.	Footnote No 4	Not significant
198	11.3	Beef	1.5	13			Medium	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 13% of the land parcel(s). Not significant adverse impact due to Planned development 211365, Galway Co. Council – loss of 0.31ha to residential development.	Footnote No 4	Moderate adverse
197, 199, 200	23.1	Beef	1.1	5			Medium	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 5% of the land parcel(s).	Footnote No 4	Slight adverse
205	4.5	Rough grazing (Beef)	0.82	18	Yes	82	Low	Footnote No 1 - Impact is Moderate Adverse	Significant adverse impact due to loss of 18% and separation of 82% of the land parcel(s). 3.0ha separated. Access to surface water separated.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
208	5.4	Not farmed	0.88	16	Yes	72	Low	Impact is Moderate Adverse	Significant adverse impact due to loss of 16% and separation of 72% of the land parcel(s). 3.9ha of land separated, access to stream water source severed and shed taken in Trusky East. Property Developer - also owns 242, 668 & 669.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
209	4.3	Horses	0.83	19	Yes	42	Low	Footnote No 2 - Impact is Moderate Adverse	Significant adverse impact due to loss of 19% and separation of 42% of the land parcel(s). 1.5ha of land separated and access to stream water source severed.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
210	5.2	Horses	1.4	27	Yes	14	Low	Footnote No 2 - Impact is Moderate Adverse	Significant adverse impact due to loss of 27% and separation of 14% of the land parcel(s). 0.4ha of land separated and access to stream water source severed.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
211	10.5	Beef and horses	1.32	13			Low	Footnote No 2 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 13% of the land parcel(s). Access to stream water source severed.	Footnote No 4	Moderate adverse
212	16.4	Beef	0.96	6			Low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 6% of the land parcel(s). Access to stream water source restricted.	Footnote No 4	Not significant
213	22.2	Beef	2.03	9	Yes	40	Medium	Footnote No 1 - Impact is Significant Adverse	Significant adverse impact due to loss of 9% of the land parcel at close proximity to the farm yard. Access to lane east of Cappagh Road severed. Impact close to farm yard.  Not Significant Adverse impact due to loss of 0.1ha due to planned residential development	Footnote No 4	Significant adverse

PRO/ MO	Area Farmed	Farm Type	Land-take	% taken	Severance (Yes / No)	% Severance	Sensitivity	Construction impact	Impact before mitigation	Mitigation	Residual Impact
									2360511, Galway County Council		
214	7.1	Beef	0.54	8			Medium	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 9% of the land parcel.	Footnote No 4	Slight adverse
216	8.7	Beef and horses	0.21	2			Low	Footnote No 2 - Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s). Impact on dwelling site and access to yard & dwelling.	Footnote No 4	Not significant
217	0.2	Not farmed	0.03	15			Very low	Impact is Not Significant	Not significant impact due to loss of 15% of the land parcel(s). Building site.	Footnote No 4	Not significant
223	12.1	Not farmed	3.331	28	Yes	5	Very low	Impact is Slight Adverse	Slight adverse impact due to loss of 28% and separation of 5% of the land parcel(s). 0.4ha of land separated.	Footnote No 4 and provide access to separated land via accommodation road	Slight adverse
224	6.4	Beef	0.28	4			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 4% of the land parcel(s).	Footnote No 4	Not significant
226	20.4	Beef	0.85	4	Yes	50	Low	Footnote No 1 - Impact is Slight Adverse	Profound impact due to loss of 4% and separation of 50% of the land parcel(s). 9.6ha of land separated. Impact on mast.	Footnote No 4 and provide access to separated land via accommodation road	Slight adverse
227	1.8	Rough grazing (Beef)	0.74	41			Very low	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 41% of the land parcel(s).	Footnote No 4	Slight adverse
228	4.2	Beef	0.13	3			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 3% of the land parcel(s).	Footnote No 4	Not significant
229	3	Beef	1.45	48			Very low	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 48% of land parcel Significant adverse impact due to loss of entire land parcel due to planned residential development, Galway County Council.	Footnote No 4	Moderate adverse from Project. Significant adverse impact when cumulative impact from planned residential development is assessed.
230	10.5	Beef	2.1	20			Medium	Footnote No 1 - Impact is Significant Adverse	Significant adverse impact due to loss of 20% of the land parcel(s). Impact on access to farm yard and dwelling and access to surface water source.	Footnote No 4	Significant adverse
231	2.6	Rough grazing (Beef)	0.7	27			Very low	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 27% of the land parcel(s). Impact on access to surface water source.	Footnote No 4	Slight adverse
233	4.8	Beef	0.02	<1			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of <1% of the land parcel(s). Impact on access to land.	Footnote No 4	Not significant
235	0.8	Beef	0.06	8			Medium	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 8% of the land parcel(s). 0.02ha road frontage.	Footnote No 4	Slight adverse
236	1.6	Rough grazing (Beef)	0.06	4			Low	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s).	Footnote No 4	Not significant
238	2.9	Not farmed	0.95	33			Very low	Impact is Slight Adverse	Slight adverse impact due to loss of 33% of the land parcel(s).	Footnote No 4	Slight adverse
239	12.5	Dairy	2.59	21	Yes	19	High	Footnote No 3 - Impact is Profound	Profound impact due to loss of 21% and separation of 19% of	Footnote No 4 and provide access to separated land via accommodation road	Profound

PRO/ MO	Area Farmed	Farm Type	Land-take	% taken	Severance (Yes / No)	% Severance	Sensitivity	Construction impact	Impact before mitigation	Mitigation	Residual Impact
									the land parcel(s). 0.1ha of road bed, 1.8 of land separated in two plots, impact at edge of farm yard, very close to well and farm access roads severed.		
241	7.6	Dairy	2.1	28	Yes	29	High	Footnote No 3 - Impact is Profound	Profound impact due to loss of 28% and separation of 29% of the land parcel(s). 0.18ha of road bed, 1.6 of land separated in two plots and access to adjoining lands severed.  Significant Adverse impact due to loss of 2ha - planned residential development 21213, Galway City Council	Footnote No 4 and provide access to separated land via accommodation road	Profound
243	3.54	Dairy	1.44	41	Yes	40	Medium	Footnote No 3 - Impact is Significant Adverse	Very significant impact due to loss of 40% and separation of 40% of the land parcel(s). (land rented to a dairy farmer) - 0.8ha of land separated and old shed taken - 0.2ha road bed.	Footnote No 4 and provide access to separated land via accommodation road	Significant adverse
245	2.5	Dairy	0.04	2			Medium	Footnote No 3 - Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s). Rented by a dairy farmer.	Footnote No 4	Not significant
246	9.4	Beef	1.9	20			Medium	Footnote No 1 - Impact is Significant Adverse	Significant adverse impact due to loss of 20% of the land parcel(s).	Footnote No 4	Significant adverse
247	8.3	Beef	1.04	12	Yes	18	Medium	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 12% and separation of 18% of the land parcel(s). 1.3ha separated. Farm yard rented to bus company.	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse
248	4	Beef and sheep	0.016	<1			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of <1% of the land parcel(s).	Footnote No 4	Not significant
249_4 67	5.3	Beef and sheep	0.86	16			Medium	Footnote No 1 - Impact is Significant Adverse	Significant adverse impact due to loss of 16% of the land parcel(s). Access to adjoining lands severed.	Footnote No 4	Significant adverse
250_4 66	2	Beef and horses	0.982	49			Medium	Footnote No 2 - Impact is Significant Adverse	Significant adverse impact due to loss of 49% of the land parcel(s).	Footnote No 4	Significant adverse
251, 313	1.9	Beef and sheep	0.08	4			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 4% of the land parcel(s).	Footnote No 4	Not significant
254	1.7	Beef	0.013	<1			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of <1% of the land parcel(s).	Footnote No 4	Not significant
256	1.3	Beef	0.029	2			Medium	Footnote No 1 - Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s).	Footnote No 4	Not significant
257	0.3	Beef	0.1	33			Very low	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 33% of the land parcel(s).	Footnote No 4	Slight adverse
258_4 64	9.7	Beef	0.2	2.5	Yes	7	Medium	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 2% and separation of 7% of the land parcel(s). Access lane north of the Letteragh Road is severed. Movement of cattle along Letteragh road made more difficult due to new junction.	Footnote No 4 and provide access to separated land via accommodation road	Slight adverse
259_4 63	8.6	Beef	0.67	8	Yes	74	Medium	Footnote No 1 - Impact is Slight Adverse	Slight adverse impact due to loss of 8% and separation of 74% of the land parcel(s). Small roadside shed taken. Access lane to 0.45ha	Footnote No 4 and provide access to separated land via accommodation road	Slight adverse from Project Significant adverse impact from

PRO/ MO	Area Farmed	Farm Type	Land-take	% taken	Severance (Yes / No)	% Severance	Sensitivity	Construction impact	Impact before mitigation	Mitigation	Residual Impact
									plot severed. Access to land along Letteragh road will require new junction to be crossed.  Significant adverse impact due to loss of 1.58ha from planned residential development 2460394, Galway City Council		cumulative effect from planned residential development 2460394
260	0.955	Dairy (rented by dairy farm)	0.0043	<1			Medium	Not significant impact	Not significant impact due to loss of land from access	Footnote No 4 - maintain access to land via realigned local road	Not significant
261	6.5	Beef	1.6	25	Yes	26	Low	Footnote No 1 - Impact is Moderate Adverse	Significant adverse impact due to loss of 25% and separation of 18% of the land parcel(s). 1.2ha separated west of the Ballymoneen road. Reduced access to retained lands.  Significant adverse impact due to loss of 4.11ha from planned residential development 2460270, Galway City Council	Footnote No 4 and provide access to separated land via accommodation road	Moderate adverse from Project Significant adverse impact when cumulative impact from planned residential development 2460270 is assessed
272_4 62	9.4	Beef	2.806	30	Yes	48	Medium	Footnote No 1 - Impact is Very Significant Adverse	Profound impact due to loss of 30% and separation of 48% of the land parcel(s). .3 ha separated in two plots.	Footnote No 4 and provide access to separated land via accommodation road	Very significant adverse
273_4 61	3.1	Beef	1.811	58	Yes	51	Medium	Footnote No 1 - Impact is Significant Adverse	Very significant adverse impact due to loss of 58% and separation of 51% of the land parcel(s). 0.6ha of land separated.	Footnote No 4 and provide access to separated land via accommodation road	Significant adverse
457	5.5	Beef	4.056	74	Yes	100	Medium	Footnote No 1 - Impact is Profound	Profound impact due to loss of 74% and separation of 100% of the land parcel(s). Farm yard & dwellings taken - 1.5ha separated.	Footnote No 4 and provide access to separated land via accommodation road	Profound
297_4 60	0.350	Not farmed	0.350	100			Very low	Slight adverse impact	Slight adverse impact due to loss of 100% of the land parcel(s). Abandoned site	Footnote No 4	Slight adverse
309	0.004	Not farmed	0.004	100			Very low	Not significant impact	Not significant impact, unregistered very small isolated plot of land,	Footnote No 4	Not significant
311	0.9	Beef	0.2	22			Low	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 22% of the land parcel(s).	Footnote No 4	Moderate adverse
312	3.5	Dairy	0.2	6			Medium	Footnote No 3 - Impact is Slight Adverse	Slight adverse impact due to loss of 6% of the land parcel(s). Rented by a dairy farmer.	Footnote No 4	Slight adverse
450	0.58	Not farmed	0.01	2			Very low	Impact is Not Significant	Not significant impact due to loss of 2% of the land parcel(s). Zoned for development.  Moderate adverse impact due to loss of 0.55ha from planned residential development 2460056, Galway City Council	Footnote No 4	Not significant from Project Moderate adverse cumulative impact due to planned residential development 2460056
468	0.9	Not farmed	0.263 (0.04ha temporary)	29			Low	Slight adverse impact	Slight adverse impact due to loss of 23% of the land parcel(s). Temporary landtake of 4%.	Footnote No 4	Slight adverse
480	9.2	Beef	1.30	14			Medium	Footnote No 1 - Impact is Moderate Adverse	Moderate adverse impact due to loss of 14% of the land parcel(s).	Footnote No 4	Moderate adverse

760	11.9	Horses	0.511	4			Very high	Footnote No 2 - Impact is Not Significant	Not significant impact due to loss of 4% of the land parcel(s). Small land-take at edge of an access lane.	Footnote No 4	Not significant
765	0.965	Beef and horses	0.965	100			Very Low	Impact is Not Significant	Not significant impact as will be maintained for grazing by Local Authority		Not significant

- Note No 1:** With construction phase mitigation, the impact is short term - mainly disturbance from construction traffic and noise – intermittent over a period of 36 months. Livestock can be maintained on the land. The main mitigation measures listed in 14.6.2 of the EIAR include notification to landowners in advance of commencement of works, provision of adequate fencing, provision for adequate access to the retained lands, provision for adequate water and controlling dust.
- Note No 2:** With mitigation, the impact is short term - mainly disturbance from construction traffic and noise. In addition to mitigation mentioned in Note No 1 additional mitigation may require to minimise impacts on horses.
- Note No 3:** With mitigation, the impact is short term - mainly disturbance from construction traffic and noise – intermittent over a period of 36 months. In addition to mitigation mentioned in Note No 1 dairy cows will have to have continuous access to milking parlour for milking.
- Note No 4:** Provision of mitigation measures as specified in Section 14.6 of the EIAR.
- Note No 5:** There is a potential cumulative effect on this land parcel from existing or planned housing development(s) (see Appendix 14.2)
