

Appendix 6

Legal Letter from Orsted Confirming Interest in SHMP Lands

ORSTED ONSHORE IRELAND MIDCO LIMITED
5TH FLOOR
ONE ALBERT QUAY
CORK
T12 X8N6

An Bord Pleanála Case Reference: 318782

Re: Wind Farm at Oatfield, County Clare (the "Wind Farm")

Dear Colleague,

I confirm Orsted Onshore Ireland Midco Limited entered into Option Agreements for Lease Agreements for the purpose of Species and Habitat Management Plan (the "SHMP") with the appropriate landowners in respect of the Wind Farm.

I confirm the said Lease Agreements provide the necessary rights to carry out works in accordance with the SHMP, including the following works:

- Grassland management.
- Bog/heath/rough grassland management.
- Rush management.
- Intact bog works.
- Scrub development.
- Hedgerow management.
- Removal of self-sown conifer saplings.
- Removal of invasive species.
- Livestock maintenance/restrictions.

I further confirm the said Lease Agreements include the necessary restrictions on the landowner to ensure that there is no interference with the SHMP.

As part of the Lease Agreements, Orsted Onshore Ireland Midco Limited can carry out the necessary works, in the unlikely event that the landowner does not comply with the Lease Agreement.

The Lease Agreements are for a term of 35 years.

I confirm Orsted Onshore Ireland Midco Limited are satisfied the Lease Agreements are adequate to ensure they can meet their obligations in respect of SHMP.

Yours faithfully,

Kevin McCarthy
