Ref.	HHVP	Date	Time	Species	Number	Habitat and activity	Surveyor
HH001	HHVP3	15/10/2024	07:35	Hen Harrier	1	scrub, travelling, bird seen flying away from me in very low light so not 100% sure it was a harrier. couldn't make out any colours but flight profile looked right, and it was flying low over scrub so may have just come up from the scrub. hard to be certain.	PDC
HH002	HHVP1	18/03/2025	19:07	Hen Harrier	1	bogs and improved agricultural grassland, flying, after sunset so difficult to confirm but silhouette and flight looked to be a hen harrier, likely adult female judging by size. didn't land, flew off to the north	JD
