Re: Proposed no. 8 wind turbines and associated works located in Laurclavagh and adjacent townlands, Co. Galway. (www.laurclavaghplanning.com)

Dear Sir/Madam,

I refer to the letter received from An Coimisiún Pleanála on 5th March 2025 in relation to the Laurclavagh wind farm development (ACP 319307-24). On behalf of our client, Laurclavagh Ltd. (the Applicant), MKO have prepared a detailed response to the Further Information Request issued by An Coimisiún Pleanála under Pl. Ref. 319307, dated 5th March 2025, for the proposed 8 no. wind turbines and associated works located in Laurclavagh and adjacent townlands, Co. Galway. A response to the Further Information Request is due, within six months, by Friday 5th September 2025.

Please find enclosed detailed information in response to the 14 no. items of the Further Information Request issued by An Coimisiún Pleanála. The response has been prepared by MKO and a consultant team including AWN Consulting, Tobar Archaeological Services, Hydro Environmental Services and Alan Lipscombe – Traffic and Transport Consultants.

As part of the Further Information Response, there has been a minor amendment to the red line application boundary of the proposed development. An updated red line boundary file is submitted with this Further Information Response. Further information on this amendment is detailed in the enclosed documents.

In addition, a Planning Report Addendum has been prepared to reflect updates to the original Planning Report.

For conciseness, this submission constitutes a response to both of these letters. The following documents are enclosed with this response:

- This cover letter dated 4th September 2025.
- Response to Further Information Report, including the following appendices:
 - Appendix 1: ACP Further Information Request
 - Appendix 2: Addendum Planning Drawings
 - Appendix 3: EIAR Addendum and Appendices
 - Appendix 4: Revised NIS and Appendices
 - Appendix 5: Traffic and Transport Impact Assessment and Appendices
- Planning Report Addendum
