IRe Arklow Bank Wind Phase 2. I wish to confirm my objection to this plan in current state. I am a life long resident of Brittas Bay as are all my family and treasure our beautiful beach, wild life n nature. I am a big supporter of wind energy. However i feel the proposed positioning of the pilons is far too close to shore n could have devastating effects on the beach n local environment. I dont believe the submission confirms there will be no damage to sandbank, dco syztem, tides. Birds n wild life, and will ruin forever our Garden of Ireland beauty spot n tourist attraction
