Dear Sir/Madam,

I am making this submission on behalf of Paula Bradley, Newcastle, Co. Wicklow, who made a submission on the original application.

While I support renewable energy, I am not happy with the proposed location of such a large development so close to shore on the Arklow Bank.

I am very concerned about the effect of such a development on the many protected sites and wildlife reserves nearby, including the wildlife and bird sanctuary near where I live in Newcastle, Co. Wicklow. I am an avid wildlife enthusiast and part of my work involves working with specific native plants and flora. It is imperative that our natural environment, including protected habitat, flora and fauna are protected, along with our bathing water and beaches.

I do not believe that the applicant in their submission of further information, has removed reasonable scientific uncertainty surrounding this proposed development on the Arklow Bank. I therefore request ACP to refuse permission for Arklow Bank Phase 2 in its present location.

Yours sincerely,

Paula Bradley
Newcastle,
CO. Wicklow
