You can also insert photographs or images in this box. (See part 6 – Supporting materials for more information).

We wish to make the following observations on the attached proposed development (ABP 313182-22):

- We are concerned for the safety of the children with direct access to a dual carriage way directly from the housing estate, which is currently safe for our children to play in.
- We are also concerned about the potential increase in anti-social behaviour and the probability of increased crime in the area.
- The children will lose a valuable and very popular, safe area to play which is away from traffic.
- Noise pollution will become a significant issue with the removal of this portion of the wall.

5. Grounds

- We are concerned about increased traffic volumes in an already tight estate. Traffic would inevitably increase as people look to park close to the proposed bus stop.
- Increased traffic volumes in an otherwise quiet estate has the potential for increased accidents with residents and children.
- We have had a number of residents meetings which have been attended by a local TD and councillors, and an overwhelming majority of residents are against this proposal.
- The residents of Ayrfield, Newtown, Rathvale, Slademoore, Clourasse and Eiton have been canvassed. We believe the petition signatures will be included on the committee's observations to this application.

These observations are from;
