**Re:** BusConnects Clongriffin to City Centre Core Bus Corridor Scheme  
County Dublin

Dear Sir / Madam,

An Bord Pleanála has received your observation or submission in relation to the case mentioned above and will take it into consideration in its determination of the matter.

Please be advised that copies of all submissions / observations received in relation to the application will be made available for public inspection at the offices of the Local Authority and at the offices of An Bord Pleanála when they have been processed by the Board.

For further information on this case please access our website at [www.pleanala.ie](http://www.pleanala.ie) and input the 6-digit case number into the search box. This number is shown on the top of this letter (for example: 303000).

Yours faithfully,

Niamh Thornton  
Executive Officer  
Direct Line: 01-8737247

**NTA Clongriffin to City Centre Bus Corridor CPO 2022**  
**Plot Reference Number:**

To whom it may concern

We are in receipt of the plans for the above CPO relating to our property on the Malahide Road, Dublin 5.

We wish to submit an objection to the plans on the following grounds:

Previous plans that installed a cycle lane on the footpath outside our homes failed spectacularly when the freewheeling cyclists failed to notice cars coming from the driveways and crashed into our cars as our pillars are over 7' tall and we could not see them until we were well inside the cycle lane. When that format failed, nobody took responsibility, it was left for the residents to fight it and defend ourselves against angry cyclists, threats of legal action and lack of responsibility from the decision makers who put the cycle lane there.

Under this new plan we will have to navigate a footpath, a cycle lane and a bus lane to gain access to the Malahide Road for our cars. Under current legislation we are required to reverse into our driveways and are not allowed to reverse out on the Malahide Road. How is this possible with the new obstacles being put in our way?

Taking away this space to our driveway reduces the number of cars we can park.

We will lose our very well considered and expensive landscaping features just inside the gate of our home.

The traffic noise will be more intrusive as the cars and buses will be nearer our home.

Opening our windows on warmer nights will be much noisier due to traffic being nearer our home.

During the build, the work will cause a huge amount of construction noise, upheaval and inconvenience for us getting in and out of our driveways and is likely to last months.

Thank you for taking the time to consider our objection.

Regards

*Anthony and Family*

*(Please See over Side)*

Having lived at this address for the passed  
11 years it took my self, and family a long  
time to adjust to living on a main road  
it was very hard for my self (Anthony)  
to adjust after been out teaching in the  
Dublin City Council van witch I work for almost  
40 years I was turning into my drive and  
becaus I had to turn in from outside the  
Bus lane as car drove down the Bus lane  
and when I was almost in my drive  
I was smashed into halfway in my drive.  
it was a terrible experience.

I then had to spend a lot of money to remove  
the grass and plants witch was one of the  
things witch made it easier to buy the  
house. To make the garden so we could  
move the cuts around the garden we had  
a work van my own car and my daughter's car  
for my self its going to be very nerve racking  
to battle a bike lane, Bus lane and bus lane I  
know we lost stop progress with critic to the  
city center but dont forget I am some one  
to (Anthony) have a think about the people's  
lives you are upsetting I just want to put  
my and my family's pint across Regards Anthony
