5. Grounds

Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below. There is **no word limit** as the box expands to fit what you write.

You can also insert photographs or images in this box. (See part 6 – Supporting materials for more information).

I, Paul Foley, 41 Ayrfield Drive, am observing my concerns about the proposed development of the open space between 45&47 Ayrfield Drive. The basis of my observation is due to the public health and safety issues this may cause to the area which include the safety of children in the area, an increase in anti social behaviour as it would be easier to enter and exit the area away from Garda, making the area a low crime area to a high crime area. Direct access to a dual carriage way would risk the safety of all children in the area who are used to playing outdoors in a safe, secure area. Should this development go ahead it also means the loss of a popular green space used for children to play. It would also cause unwanted access to a dual carriageway along with all the noise pollution that would come with it. Traffic hazards would also occur as there would be an increase in vehicle parking on the residential roads for people wanting to use the bus connect service, also causing an extra volume of traffic in the estate which could risk the safety of the children in the area as they would be used to low volumes.
