I wish to add to my previous submission to express my strong opposition to this bus corridor.

This proposal will have a detrimental effect of the beautiful streetscape that currently exists and have an equally detrimental effect on what has become a bustling village on Upper Baggot Street.

This beautiful Georgian streetscape will be lost forever which would be a huge loss for the immediate area.

As it currently stands Upper Baggot street provides a highly desirable mix retail, service and dining options and a bus corridor would certainly destroy these valuable amenities.

From an environmental point of view this proposal is equally disastrous. The removal of so many beautiful trees would be a real crime. Trees are an essential part of any city and provide many benefits for its citizens. I actually find it hard to believe that Dublin City plan to remove them.

Finally I wish to point out that you have the opportunity to stop this disastrous proposal now and I strongly encourage you to do this.

Regards

Seamus Tarmey
