Re:Submission—Objection to the development consisting of the construction of the Liffey Valley to City Centre Core Bus Corridor Scheme.

Dear Secretary

I am writing on behalf of the residents of O' Reilly Ave which is situated in Ceannt Fort Mount Brown. The new bus corridor proposal from Liffey Valley to the city center will have a huge impact on the whole of our estate. While we welcome the idea of a bus corridor we would like to object strongly to the stretch of road along Mount Brown as this will impact the residents immensely. We feel as residents we have endure enough disruption by putting up with the building of the new children's hospital on the St James Hospital campus over the last number of years and now with this new bus corridor ,we feel that this will limit the access to our homes. Residents are extremely irate over this new proposal and feel that **NO** consideration has been given to them especially people with mobility issues with regard to accessing the estate where we live. It may be an idea to consider having an oral hearing to which residents could voice their concerns over this matter which will hugely impact their everyday lives and ability to drive in and out of our estate .We hope that you will give our appeal a strong consideration due to the impact it will have on the large number of residents involved.
