Submission regarding campsite at Inch beach regarding application by Mark, George & Zara Hussain for substitute consent. The genesis of this unauthorised camp when Hussains sold Sammys restaurant on the beach pre covid. This camp was foisted on Inch when during covid excavators moved on site during lockdown for a month working 12-7 changing a steep agricultural field, terracing same bringing in hardcore piping and more than tripling a dilapidated toilet cubicle that lay derelict for years. Kerry Co Council were made aware of these earthworks but seemed to take little action to stop the works. This campsite has resembled a French migrant camp over the past four years with effluent flowing onto the R561 roadway and causing traffic problems during high season.

If this permission is granted it bodes ill for Inch at a blue flag beach and entrance to our National Park. It also makes a mockery of the planning system if EIS and NIS is being made retroactively and would bear no resemblance to an area that was "up ended" four years ago.

Hussains it seems takes little notice of decisions handed down by An Coimisiún Pleanála and this camp is operating against a Circuit Court Order handed down at Listowel KEE v Hussains. Hussains own land in the Castlemaine area and I believe it would be feasible for a campsite.

Yours Sincerely

Michael Fitzgerald
